Ministry of Defence

UK Defence Investment Plan

Equipping our forces, defending our future.

The plan is built around three key areas:

- Transforming our Armed Forces
- Backing British
- Stepping up UK leadership

What is the Plan?
The plan outlines how the UK Government will invest to transform defence to deliver the vision of the Strategic Defence Review (SDR). It is a summary of the major investment choices the Government has made for UK Defence. It is not the entirety of UK Defence's budget or capabilities, but demonstrates to Parliament, the public and industry how increasing investment in Defence is being spent.

The Defence Investment Plan is backed by £298bn of investment over the next four years.
