

April 2, 2021

Hyatt Equities LLC, doing business as Hyatt Regency Jacksonville Riverfront, Jacksonville, Florida, is awarded a \$9,393,224 firm-fixed-price modification to previously awarded contract M00263-21-C-0001 to exercise an option for lodging, meal and laundry services. This modification brings the total cumulative value of this contract to \$17,718,039. Work will be performed in Jacksonville, Florida, and is expected to be completed by July 11, 2021. Fiscal 2021 military personnel (Marine Corps) funds in the amount of \$9,393,224 will be obligated at the time of award and will expire at the end of the current fiscal year. The Regional Contracting Office, Parris Island, South Carolina, is the contracting activity.

Argent Technologies LLC, Floresville, Texas, was awarded a \$8,095,830 firm-fixed price, indefinite-delivery/indefinite-quantity contract for engineering, technical, administrative and programmatic management support for total life cycle management of the various aircrew escape systems managed under the Joint Program Office for Cartridge Actuated Device/Propellant Actuated Device tri-service charter. Work will be performed in Floresville, Texas, and is expected to be completed by September 2025. Fiscal 2021 Navy working capital funding of \$500 will be obligated on the first task order at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured and in accordance with 10 U.S. Code 2304(c)(1) — only limited responsible number of responsible sources will satisfy agency requirements. The Naval Surface Warfare Center Indian Head Division, Indian Head, Maryland, is the contracting activity (N00174-21-D-0014). (Awarded April 1, 2021)

April 1, 2021

Lockheed Martin Corp., Rotary Mission Systems, Liverpool, New York, is awarded a \$128,391,564 firm-fixed-price modification to previously awarded contract N00024-20-C-5503 to exercise options for full rate production of Surface Electronic Warfare Improvement Program (SEWIP) AN/SLQ-32(V) 6. Work will be performed in Liverpool, New York (78%); and Lansdale, Pennsylvania (22%), and is expected to be completed by December 2022. Fiscal 2021 other procurement (Navy) funding in the amount of \$54,625,948 (43%); fiscal 2020 shipbuilding and conversion (Navy) in the amount of \$46,103,510 (36%); and fiscal 2021 shipbuilding and conversion (Navy) in the amount of \$27,662,106 (21%), will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Lafayette Group Inc., Vienna, Virginia (N66001-21-D-0096); and Science Applications International Corp., Reston, Virginia (N66001-21-D-0097), were awarded a combined \$51,828,272 indefinite-delivery/indefinite-quantity, multiple award contract with cost-plus-fixed-fee and cost-with-no-fee pricing to provide communications interoperability technical assistance, programmatic and strategic support, software lifecycle engineering and upgrades, and other command, control, communications, computers, and intelligence (C4I) efforts. This two-year contract includes two three-year option periods which, if exercised, would bring the overall potential value of this contract to an estimated \$220,218,046. Work will be performed in San Diego, California (20%); and Washington, D.C. (80%). The period of performance of the base award is from April 1, 2021, through March 31, 2023. If all options are exercised, the period of performance would extend through March 31, 2029. Awardees will have the opportunity to compete for task orders during the ordering period. No funds will be obligated at the time of award. Fiscal 2021 funds will be obligated as task orders are issued using Department of Homeland Security (DHS) operations and sustainment funds; and DHS procurement, construction and improvements funds. This contract was competitively procured via a request for proposal (N66001-21-R-0015) published on the beta.SAM.gov

web site and the Naval Information Warfare Systems Command e-Commerce Central web site. Four offers were received and two were selected for award. Naval Information Warfare Center Pacific, San Diego, California, is the contracting activity. (Awarded March 31, 2021)

Raytheon Technologies, Largo, Florida, is awarded a \$17,329,629 cost-plus-fixed-fee, cost-plus-incentive-fee, cost, and firm-fixed-price modification to previously-awarded contract N0002419C5200 to exercise options and incrementally fund existing contract line items for design agent and engineering services to support the Cooperative Engagement Capability program. Work will be performed in St. Petersburg, Florida (70%); and Largo, Florida (30%), and is expected to be completed by September 2022. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$23,847,854 (88%); fiscal 2021 operation and maintenance (Marine Corps) funds in the amount of \$1,005,940 (4%); fiscal 2021 research, development, test and evaluation (Marine Corps) funds in the amount of \$996,367 (4%); fiscal 2021 operation and maintenance (Navy) funds in the amount of \$950,000 (3%); and fiscal 2021 procurement (Marine Corps) funds in the amount of \$411,477 (1%) will be obligated at time of award. Funding in the amount of \$1,955,940 will expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Textron Systems, Hunt Valley, Maryland, is awarded a \$12,956,653 fixed-price-incentive modification to previously-awarded contract N00024-14-C-6322 to exercise an option for an additional low rate initial production unit for the Unmanned Influence Sweep System unmanned surface vehicle program. Work will be performed in Hunt Valley, Maryland (70%); and Slidell, Louisiana (30%), and is expected to be completed by September 2022. Fiscal 2021 other procurement (Navy) funds in the amount of \$12,956,653 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Hamilton Sundstrand Corp., doing business as Collins Aerospace, San Dimas, California, is awarded an \$8,323,306 cost-plus-fixed fee, indefinite-delivery/indefinite-quantity contract for research and development, design, and on-site support services in support of the Central Atmosphere Monitoring System (CAMS), including CAMS Mk I, CAMS Mk II, and CAMS IIA. Work will be performed in San Dimas, California (85%); Philadelphia, Pennsylvania (1%); Groton, Connecticut (1%); New London, Connecticut (1%); Kittery, Maine (1%); Portsmouth, New Hampshire (1%); Norfolk, Virginia (1%); Portsmouth, Virginia (1%); Newport News, Virginia (1%); Kings Bay, Georgia (1%); Bremerton, Washington (1%); Silverdale, Washington (1%); Bangor, Washington (1%); San Diego, California (1%); Pearl Harbor, Hawaii (1%); and Santa Rita, Guam (1%), and is expected to be completed by March 2026. Fiscal 2021 other procurement (Navy) funds in the amount of \$31,934 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured in accordance with 10 U.S. Code 2304(c)(1) — only one responsible source and no other supplies or services will satisfy agency requirements). The Naval Surface Warfare Center, Philadelphia Division, Philadelphia, Pennsylvania, is the contracting activity (N64498-21-D-4014).

March 31, 2021

The Boeing Co., Seattle, Washington, is awarded a \$1,624,757,540 modification to a previously awarded fixed-price-incentive-fee contract (N0001914C0067). This modification provides for the production and delivery of 11 P-8A Lot 12 production aircraft; nine for the Navy and two for the government of Australia. Work will be performed in Seattle, Washington (98.15%); Huntington Beach, California (1.19%); and various locations within the continental U.S. (0.66%), and is expected to be completed in September 2024. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$1,324,354,434; and foreign

cooperative agreement funds in the amount of \$7,573,000 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Northrop Grumman Systems Corp. Aerospace Systems, Melbourne, Florida, is awarded a \$195,039,814 modification (P00023) to a previously awarded fixed-price incentive (firm-target) contract (N0001918C1037). This modification exercises options to provide support services to include non-recurring engineering, software support activity and product support in support of E-2D Advanced Hawkeye (AHE) Lot 9 full rate production (FRP) aircraft. In addition, this modification adds scope to procure one E-2D AHE CV-22B variation in quantity aircraft Lot 10 FRP aircraft. Work will be performed in Melbourne, Florida (24.77%); St. Augustine, Florida (20.13%); Liverpool, New York (18.82%); El Segundo, California (12.15%); Indianapolis, Indiana (4.34%); Menlo Park, California (3.42%); Rolling Meadows, Illinois (1.8%); Aire-sur-l'Adour, France (1.71%); Edgewood, New York (1.12%); Marlborough, Massachusetts (1.02%); Woodlawn Hills, California (1.02%); and various locations within the continental U.S. (9.7%), and is expected to be completed in February 2026. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$195,039,814 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

DynCorp International LLC, Fort Worth, Texas, is awarded an \$87,032,306 modification (P00062) to a previously awarded, firm-fixed-price, cost-plus-fixed-fee, cost reimbursable contract (N0042117C0033). This modification exercises an option to provide organizational level aircraft maintenance and logistics support on all aircraft and support equipment for which the Naval Test Wing, Atlantic has maintenance responsibility, to include aircraft on-site for project testing, transient aircraft, loaner aircraft, leased aircraft, and civilian aircraft tested at the Naval Air Warfare Center Aircraft Division. Additionally, this modification provides support services to perform supportability/safety studies on various aircraft and weapons systems, off-site aircraft safety/spill containment patrols and aircraft recovery services. Work will be performed in Patuxent River, Maryland, and is expected to be completed in March 2022. Fiscal 2021 working capital (Navy) funds in the amount of \$70,945,309; fiscal 2021 operation and maintenance (Navy) funds in the amount of \$13,318,886; and fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$2,768,111 will be obligated at the time of award, \$2,768,111 of which will expire at the end of the current fiscal year. The Naval Air Warfare Center Aircraft Division, Patuxent River, Maryland, is the contracting activity.

BAE Systems Land & Armaments L.P., Minneapolis, Minnesota, is awarded a \$76,875,610 firm-fixed-price modification to previously awarded contract N00024-20-C-5380 to exercise options to procure MK 41 Vertical Launching System canisters and ancillary hardware. This contract combines purchases for the U.S. government (50%); and the governments of the Republic of Korea, Japan, the Netherlands, Norway, Spain, Australia, and Turkey (50% combined) under the Foreign Military Sales (FMS) program. Work will be performed in Aberdeen, South Dakota (90%); and Minneapolis, Minnesota (10%), and is expected to be completed by February 2024. Fiscal 2021 weapons procurement (Navy) funds in the amount of \$17,360,264 (23%); FMS Republic of Korea funds in the amount of \$12,027,708 (16%); fiscal 2021 Defense-Wide Procurement funds in the amount of \$11,499,500 (15%); fiscal 2020 Defense-Wide Procurement funds in the amount of \$9,199,600 (12%); FMS Japan funds in the amount of \$9,199,600 (12%); FMS Netherlands funds in the amount of \$7,069,368 (9%); FMS Norway funds in the amount of \$4,712,912 (6%); FMS Spain funds in the amount of \$2,863,740 (4%); FMS Australia funds in the amount of \$1,764,690 (2%); and FMS Turkey funds in the amount of \$1,178,228 (1%) will be obligated at time of

award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Raytheon Technologies Corp., Pratt and Whitney Military Engines, East Hartford, Connecticut, is awarded a \$72,676,540 fixed-price-incentive-fee, cost-plus-fixed-fee order (N0001921F0325) against a previously issued basic ordering agreement (N0001917G0005). This order provides non-recurring engineering for early identification, development, and qualification of corrections to operational issues, to include safety, reliability, maintainability issues identified through fleet usage. Additionally, this order provides continued engine maturation; evaluations of component life limits based on operational experience; improvements to operational readiness; and reduction of maintenance and life cycle costs in support of the F-35 Lighting II Program Propulsion system - F135 component improvement program. Work will be performed in East Hartford, Connecticut (85%); and Indianapolis, Indiana (15%), and is expected to be completed in September 2027. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$21,000,000; and fiscal 2021 research, development, test and evaluation (Air Force) funds in the amount of 10,953,000 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Raytheon Co., Portsmouth, Rhode Island, is awarded a \$66,500,000 firm-fixed-price contract for engineering, design, development, production, integration and testing to physically upgrade 10 Legacy AN/AQS-20A mine hunting sonars to the AN/AQS-20A Block II (AN/AQS-20C) mine hunting sonar configuration. Work will be performed in Portsmouth, Rhode Island, and is expected to be completed by August 2024. Fiscal 2021 other procurement (Navy) funds in the amount of \$42,000,000 (63%); and 2020 other procurement (Navy) funds in the amount of \$24,500,000 (37%) funding will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured via the beta.SAM.gov website. The contract was awarded in accordance with 10 U.S. Code 2304(c)(1), as implemented under Federal Acquisition Regulation Part 6.302-1, only one responsible source and no other supplies or services will satisfy agency requirements. The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-C-6308).

Crowley Government Services Inc., Jacksonville, Florida, is awarded a \$56,569,632 bridge contract for the firm-fixed-price portion of a previously awarded contract (N6238715C3135) for operation and maintenance of six government-owned maritime prepositioning force vessels: USNS 2nd LT John P. Bobo (T-AK 3008); USNS PFC Dewayne T. Williams (T-AK 3009); USNS 1st LT Baldomero Lopez (T-AK 3010); USNS 1st LT Jack Lummus (T-AK 3011); USNS SGT William R. Button (T-AK 3012); and USNS GYSGT Fred W. Stockham (T-AK 3017). This modification awards a 365-day bridge contract. The vessels support the Marine Corps maritime prepositioning force worldwide. Work will be performed at sea, worldwide, and is expected to be completed by March 31, 2022. Working capital funds (Navy) in the amount of \$27,693,510 are obligated for fiscal 2021. Working capital funds (Navy) in the amount of \$28,876,122 will be obligated for fiscal 2022, before Oct. 31, 2022. These funds will not expire at the end of their respective fiscal years. The Navy's Military Sealift Command, Norfolk, Virginia, is the contracting activity (N6238715C3135).

Jacobs Technology Inc., Tullahoma, Tennessee, is awarded a \$51,945,972 indefinite-delivery/indefinite-quantity modification for the exercise of Option One under a contract for base operations support services at various installations within the Naval Facilities Engineering Systems Command (NAVFAC) Northwest area of responsibility (AOR). Upon award of this option, the total cumulative contract value will be \$103,990,464. The work to be performed provides for all management, supervision, labor, equipment, materials, supplies, and tools necessary to perform facilities management and administration, fire and

emergency services, pavement clearance, and transportation. Work will be performed at various installations within the NAVFAC Northwest AOR including, but not limited to, Washington (90%); Alaska (1%); Idaho (1%); Iowa (1%); Minnesota (1%); Montana (1%); Nebraska (1%); Oregon (1%); North Dakota (1%); South Dakota (1%); and Wyoming (1%). The option period is from April 2021 to March 2022. No funds will be obligated at time of award. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$28,369,397 for recurring work will be obligated on individual task orders issued during the option period. NAVFAC Northwest, Silverdale, Washington, is the contracting activity (N62470-20-D-0001).

General Electric Aviation, Lynn, Massachusetts, is awarded a \$21,562,600 cost-plus-fixed-fee contract. This contract provides 10 T-64 engine cores for the CH-53E aircraft as part of the T-64 Engine Reliability Improvement Program. Work will be performed in Lynn, Massachusetts (45%); Rutland, Vermont (28%); Havelock, North Carolina (18%); Madisonville, Kentucky (4%); Evendale, Ohio (4%); and various locations within the continental U.S. (1%), and is expected to be completed in December 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$21,562,600 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract was not competitively procured pursuant to Federal Acquisition Regulation 6.302-1. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N0001921C0035).

Arrow DJB II JV,\* Upper Marlboro, Maryland (N40080-18-D-0010); Ironshore Contracting LLC,\* Baltimore, Maryland (N40080-18-D-0012); EG Management Services Inc.,\* Germantown, Maryland (N40080-18-D-0013); Roofing & Sustainable Systems Inc.,\* Rosedale, Maryland (N40080-18-D-0014); and Island Contracting Inc.,\* Beltsville, Maryland (N40080-18-D-0015), are awarded a combined \$19,800,000 firm-fixed-price modification under a multiple award construction contract for the exercise of Option Three for roofing work at facilities within the Naval Facilities Engineering Systems Command (NAVFAC) Washington, D.C. area of responsibility (AOR). The total contract amount after exercise of this option will be \$79,200,000. No task orders are being issued at this time. The work to be performed provides labor, supervision, tools, materials and equipment necessary to perform construction, repair, alteration and related demolition of roofing. Work will be performed within the NAVFAC Washington AOR, including but not limited to, Maryland (45%); Washington, D.C. (30%); and Virginia (25%), and the option period is from April 2021 to April 2022. No funds will be obligated at time of award, and funds will be obligated on individual task orders as they are issued. Task orders will be primarily funded by operation and maintenance (Navy); operation and maintenance (Marine Corps); and Navy working capital funds. NAVFAC Washington, Washington, D.C., is the contracting activity.

Northrop Grumman Systems Corp., Charlottesville, Virginia, is awarded a \$15,336,718 firm-fixed-price modification to previously awarded contract N00024-19-C-4101 to exercise options for Integrated Bridge and Navigation System (IBNS) shipsets and to procure IBNS spares for continued hardware support of DDG 51-class ship construction and modernization. Work will be performed in Charlottesville, Virginia, and is expected to be completed by September 2022. Fiscal 2021 other procurement (Navy) funds in the amount of \$8,964,228 (58%); fiscal 2021 shipbuilding and conversion (Navy) funds in the amount of \$4,573,529 (30%); and fiscal 2018 shipbuilding and conversion (Navy) funds in the amount of \$1,798,962 (12%) funding will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

General Atomics Aeronautical Systems Inc., Poway, California, is awarded a \$13,068,808 modification (P00001) to a previously awarded firm-fixed-price contract (N0001920C0031). This modification adds scope to procure mission kits, ground support equipment, spares, element communications gear, and

additional required equipment in support of the MQ-9A Reaper unmanned air systems for the Navy. Work will be performed in Manama, Bahrain (81%); Poway, California (16%); and Yuma, Arizona (3%), and is expected to be completed in August 2021. Fiscal 2020 aircraft procurement (Navy) funds in the amount of \$13,068,808 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Dillon Aero Inc., Scottsdale, Arizona, is awarded an \$8,000,000 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for sustainment parts for currently fielded U.S. Special Operations Command MK44 MOD 3 gun weapon systems. Work will be performed in Scottsdale, Arizona, and is expected to be completed by March 2026. Fiscal 2021 defense operations and maintenance funding in the amount of \$10,100 will be obligated at the time of award and will expire at the end of the current fiscal year. This contract was not competitively procured in accordance with 10 U.S. Code 2304(c)(1) — only one responsible source and no other supplies or services will satisfy agency requirements. The Naval Surface Warfare Center, Crane Division, Crane, Indiana, is the contracting activity (N0016421DJN83).

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Fort Worth, Texas, is awarded a \$7,842,572 modification (P00012) to a previously awarded cost-plus-incentive-fee contract (N0001920C0037). This modification exercises options to provide deficiency investigations and corrections to the fielded Autonomic Logistics Information System (ALIS) Development Labs and development of capabilities to be added to the ALIS in support of the F-35 Joint Strike Fighter program for the Navy, Marine Corps, Air Force, and non-U.S. Department of Defense (DOD) participants. Work will be performed in Fort Worth, Texas, and is expected to be completed in March 2022. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$1,727,250; fiscal 2021 operation and maintenance (Air Force) funds in the amount of \$1,727,249; fiscal 2021 research, development, test and evaluation (Air Force) funds in the amount of \$1,486,191; fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$1,486,190; and non-U.S. DOD participant funds in the amount of \$1,415,693 will be obligated at time of award, \$3,454,499 of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

GBL Systems Corp.,\* Camarillo, California, is awarded a \$7,643,765 modification (P00028) to a cost-plus-fixed-fee order (N6833518F0004) against a previously issued basic ordering agreement (N6833515G0026). This modification exercises an option to provide research to support the integration of critical technologies that will reduce risk by improving user interaction with mission data file development, test, and evaluation tools at the Joint Reprogramming Enterprise facilities under Small Business Innovation Research topic N04-174 entitled, "Intelligent Software Agents for Automating EA-18 Combat Functions." Work will be performed in Camarillo, California (50%); and Point Mugu, California (50%), and is expected to be completed in March 2022. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$131,000 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Warfare Center Aircraft Division, Lakehurst, New Jersey, is the contracting activity.

March 30, 2021

Raytheon Missiles and Defense, Tucson, Arizona, is awarded a \$130,019,155 firm-fixed-price modification to previously awarded contract N00024-20-C-5400 to exercise options for fiscal 2021 for the Rolling Airframe Missile Block 2/2A Guided Missile Round Pack, spare replacement components and recertification. This contract combines purchases for the U.S. government (66%); and the governments of Japan, Turkey and United Arab Emirates (34% combined) under the Foreign Military Sales (FMS)

program. Work will be performed in Ottobrunn, Germany (44%); Tucson, Arizona (35%); Rocket Center, West Virginia (9%); Dallas, Texas (2%); Mason, Ohio (2%); Glenrothes, Scotland (1%); Cincinnati, Ohio (1%); Andover, Massachusetts (1%); and other U.S. locations (5% total, each less than 1%), and is expected to be completed by March 2024. Fiscal 2021 weapons procurement (Navy) funds in the amount of \$84,339,000 (65%); FMS Japan funds in the amount of \$41,874,000 (32%); Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$1,815,763 (1%); FMS United Arab Emirates funds in the amount of \$1,743,369 (1%); and FMS Turkey funds in the amount of \$247,023 (1%), will be obligated at the time of award. Funding in the amount of \$1,815,763 will expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Wulco Inc., doing business as Jet Machine and Manufacturing Co., Cincinnati, Ohio, is awarded a \$79,999,960 firm-fixed-price contract for procurement of Reducible Height Gunner Protection Kit systems. Work will be performed at Cincinnati, Ohio, with an expected completion date of March 29, 2026. The maximum dollar value, including an ordering period of five years, is \$79,999,960. Fiscal 2020 procurement (Marine Corps) funds in the amount of \$10,082,702 are being obligated at time of award. This contract was a competitive acquisition for small businesses. Eight offers were received. The Marine Corps Systems Command, Quantico, Virginia, is the contracting activity (M67854-21-D-1876).

Lockheed Martin Rotary and Mission Systems, Manassas, Virginia, is awarded a \$71,141,017 cost-plus-incentive-fee contract modification to previously awarded contract N00024-17-C-6259 to exercise options for Navy equipment, long-lead material, and spares. Work will be performed in Manassas, Virginia (65%); Clearwater, Florida (32%); Syracuse, New York (2%); and Marion, Florida (1%), and is expected to be completed by July 2026. Fiscal 2021 other procurement (Navy) funds in the amount of \$38,656,699 (54%); and fiscal 2021 shipbuilding and conversion (Navy) funds in the amount of \$32,484,318 (46%) will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Northrop Grumman Systems Corp., Marine Systems, Sunnyvale, California, is awarded an undefinitized contract action (UCA) with a not-to-exceed amount of \$69,027,459 under contract modification (PH0009) to a previously awarded contract (N00030-19-C-0015). The UCA will be definitized on or about Sept. 1, 2021, as a firm-fixed-price contract line item number. The effort includes production of the launcher subsystem hardware in support of the Columbia and Dreadnought common missile compartment (CMC) program. Work will be performed from March 30, 2021, through September 2026. The prime contractor is located in Sunnyvale, California. Work will be performed in Sunnyvale, California (94%); and Cape Canaveral, Florida (6%). Fiscal 2019 shipbuilding and conversion (Navy) funding in the amount of \$249,999; fiscal 2020 shipbuilding and conversion (Navy) funding in the amount of \$8,520,195; fiscal 2021 shipbuilding and conversion (Navy) funding in the amount of \$1,912,000; and fiscal 2021 Foreign Military Sales funding in the amount of \$10,500,000 will be obligated on this award. No funds will expire at the end of the current fiscal year. This contract was not competitively solicited. Strategic Systems Programs, Washington, D.C., is the contracting activity.

Conti Federal Services Inc., Edison, New Jersey, is awarded a \$30,333,211 firm-fixed-price contract for the repair, reconfiguration, and modernization of various buildings at Naval Support Activity Naples, Italy. The work to be performed consists of major electrical upgrades, elevator replacement, chiller replacements, and fire protection upgrades. Work will be performed in Naples, Italy, and is expected to be completed by April 2024. Fiscal 2018 military construction (Navy); and fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$30,333,211 are obligated on this award, of which \$29,280,708 will expire at the end of the current fiscal year. This contract was competitively procured via

the beta.SAM.gov website with three proposals received. Naval Facilities Engineering Systems Command Europe Africa Central, Naples, Italy, is the contracting activity (N33191-21-C-0003).

Northrop Grumman Systems Corp., Rolling Meadows, Illinois, is awarded a \$30,015,388 modification (P00004) to a previously awarded, fixed-price-incentive-firm, cost-plus-fixed-fee, cost reimbursable contract (N0001920C0054). This modification exercises an option to procure the necessary weapon replaceable assemblies and AN/APR-39D(V)2 support equipment hardware, to include 27 processors, 108 antenna detectors, 82 radar receivers, 27 low band arrays, 16 battery handle assemblies, and 28 circuit card assemblies. Additionally, this order provides non-recurring engineering, technical engineering, management and logistics support services to fabricate, assemble, test, and deliver the AN/APR-39D(V)2 hardware for the Navy, Army, and Foreign Military Sales (FMS) customers. Work will be performed in Rolling Meadows, Illinois (45%); Lansdale, Pennsylvania (13%); Menlo Park, California (13%); various locations within the continental U.S. (10%); Woburn, Massachusetts (9%); Lewisburg, Tennessee (6%); and Longmont, Colorado (4%), and is expected to be completed in March 2023. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$27,222,324; fiscal 2021 aircraft procurement (Army) funds in the amount of \$1,794,568; and FMS funds in the amount of \$998,496 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Patriot Contract Services LLC, Concord, California, is awarded a \$25,042,079 option to continue the services provided for the original contract, N0003314C3210, by invoking the Federal Acquisition Regulation clause 52.217-8, Option to Extend Services. The extension continues the operation and maintenance of eight government-owned, contractor-operated USNS Watson-class large medium-speed roll-on, roll-off ships. The vessels under this contract are USNS Watson (T-AKR 310); USNS Sisler (T-AKR 311); USNS Dahl (T-AKR 312); USNS Red Cloud (T-AKR 313); USNS Charlton (T-AKR 314); USNS Watkins (T-AKR 315); USNS Pomeroy (T-AKR 316); and USNS Soderman (T-AKR 317). This modification awards a 120-day extension for the period April 1, 2021, through July 29, 2021. The vessels will continue to support the Military Sealift Command's worldwide prepositioning requirements. Work will be performed at sea, worldwide, and is expected to be completed by July 29, 2021. Working capital funds (Navy) in the amount of \$25,042,079 are obligated for fiscal 2021. These funds will not expire at the end of their respective fiscal years. The U.S. Navy's Military Sealift Command, Norfolk, Virginia, is the contracting activity.

Smartronix, Inc., Hollywood, Maryland, is awarded a \$24,941,306 cost-plus-fixed-fee order (N0042119F0422) against a previously issued a General Services Administration Alliant 2, government-wide acquisition contract (47QTCK18D0007). This order exercises an option that provides enterprise-wide information technology and cyber security (IT/CS) services to the Naval Air Warfare Center, Naval Air Systems Command, its respective customers, and other Department of the Navy components with the people, processes, facilities, technologies, skills, knowledge, and abilities necessary to support the development, planning, execution, monitoring, and life cycle support of IT/CS programs and associated activities. Work will be performed in Patuxent River, Maryland, and is expected to be completed in March 2022. Fiscal 2021 working capital (Navy) funds in the amount of \$8,232,893 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Warfare Center Aircraft Division, Patuxent River, Maryland, is the contracting activity.

March 29, 2021

Bechtel Plant Machinery Inc., Monroeville, Pennsylvania, is awarded a \$252,439,475 cost-plus-fixed-fee modification to previously awarded contract N00024-19-C-2114 to exercise an option for naval nuclear propulsion components. Work will be performed in Monroeville, Pennsylvania (68%); and Schenectady, New York (32%). Fiscal 2021 shipbuilding and conversion (Navy) funding in the amount of \$252,439,475 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured and is a sole source award pursuant to 10 U.S. Code 2304(c)(1) — only one responsible source and no other supplies or services will satisfy agency requirements. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Ahtna Logistics LLC, Anchorage, Alaska (M67854-21-D-8010); Guard Unit LLC, Morgantown, West Virginia (M67854-21-D-8011); Hatalom Corp., Orlando, Florida (M67854-21-D-8012); and Shock Stream LLC, Oviedo, Florida (M67854-21-D-8013), are awarded a combined \$124,500,000 indefinite-delivery/indefinite-quantity, multiple award contract for the procurement of services to facilitate design, development, testing, production, and fielding of several simulations/simulated training systems and devices. The Equipment Related Services Contractor Operator and Maintenance Services (COMS)-Systems (S) (COMS-S) multiple award task order contract will be used to issue task orders to provide sustainment support for all existing and any future Marine Corps training systems that are not exclusively utilized on ranges and not subjected to live fire, including, but not limited to: Underwater Egress Trainer; Supporting Arms Virtual Trainer; Combat Vehicle Training Systems; Combat Convoy Simulator; Virtual Combat Convoy Trainer/Reconfigurable Virtual Simulator; Indoor Simulated Marksmanship Trainer; Operator Driver Simulator; Improved Moving Target Simulator; and the Dry Egress Trainers. This five-year contract includes five one-year option periods which, if exercised, would bring the overall potential of this contract to an estimated \$249,000,000. Work will be performed at various government locations including Quantico, Virginia (55%); Camp Lejeune, North Carolina (15%); Camp Pendleton, California (10%); Twentynine Palms, California (10%); and Okinawa, Japan (10%). The period of performance for the base award is from March 29, 2021, through March 28, 2026. If all options are exercised, the period of performance would extend through March 28, 2031. Awardees will have the opportunity to compete for task orders during the ordering period. No funds will be obligated at time of award. Fiscal 2021 funds will be obligated as task orders are issued using operation and maintenance (Marine Corps) and (Navy) funds. This contract was competitively provided via a request for proposal (M67854-20-R-7828) published on the beta.sam.gov website. Five offers were received and four were selected for award. Marine Corp Systems Command, Quantico, Virginia, is the contracting activity.

Lockheed Martin, Rotary and Mission Systems, Moorestown, New Jersey, is awarded a \$67,419,399 cost-plus-incentive-fee and cost-plus-fixed-fee modification to previously awarded contract N00024-13-C-5116 to exercise an option for the AEGIS - Combat System Engineering agent efforts for the design, development, integration, test, and delivery of the Advanced Capability Build 20. Work will be performed in Moorestown, New Jersey, and is expected to be completed by Dec. 31, 2021. Fiscal 2021 research, development, test, and evaluation (Navy) funds in the amount of \$61,212,365 (91%); fiscal 2021 operation and maintenance (Navy) funds in the amount of \$4,517,034 (7%); and fiscal 2020 research, development, test, and evaluation (Navy) funds in the amount of \$1,690,000 (2%) will be obligated at time of award. Funding in the amount of \$6,207,034 will expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Rolls-Royce Corp., Indianapolis, Indiana, is awarded a \$26,499,696 modification (P00025) to a previously awarded firm-fixed-price contract (N0001917C0081). This modification exercises an option that provides for the production and delivery of eight AE1107C engines for the Navy and four for the Air Force in support of the V-22 Osprey. Work will be performed in Indianapolis, Indiana, and is expected to be

completed in December 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$17,666,464; and fiscal 2021 aircraft procurement (Air Force) funds in the amount of \$8,833,232 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

MPR Associates Inc., Alexandria, Virginia, is awarded a \$13,876,506 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for Navy lithium battery lockers and spare parts. The contract will have a five year ordering period. Work will be performed in Alexandria, Virginia, and is expected to be completed by March 2026. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$197,831 will be obligated at time of award and will expire at the end of the current fiscal year. This contract was competitively procured, via the beta.sam.gov website, with one offer received. The Naval Surface Warfare Center, Philadelphia Division, Philadelphia, Pennsylvania, is the contracting activity (N64498-21-D-0024).

March 26, 2021

Northrop Grumman Systems Corp., San Diego, California, is awarded a \$98,900,000 modification (P00013) to a previously awarded, fixed-priced incentive (firm-target) contract (N0001919C0008). This modification increases the scope and provides for one additional low rate initial production Lot Five MQ-4C Triton unmanned aircraft system. Work will be performed in San Diego, California (24.6%); Red Oak, Texas (15%); Baltimore, Maryland (10.9%); Palmdale, California (10.8%); Salt Lake City, Utah (6.8%); Bridgeport, West Virginia (5.8%); Indianapolis, Indiana (5.3%); Moss Point, Mississippi (4.2%); San Clemente, California (1.7%); New Town, North Dakota (1.2%); Waco, Texas (1.2%); various locations within the continental U.S. (11.9%); and various locations outside the continental United States. (0.6%), and is expected to be completed in January 2025. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$80,800,895; fiscal 2020 aircraft procurement (Navy) funds in the amount of \$10,069,000; and fiscal 2019 aircraft procurement (Navy) funds in the amount of \$8,030,105 will be obligated at the time of award, of which \$8,030,105 will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Management Services Group Inc., doing business as Global Technical Systems, Virginia Beach, Virginia, is awarded a \$38,569,564 firm-fixed-price modification to previously awarded contract N0002420C5608 for Network, Processing, and Storage Technical Insertion 16, Modification 1 production equipment. This contract combines purchases for the U.S. government (99%); and the governments of Korea and Japan (1% combined) under the Foreign Military Sales (FMS) program. Work will be performed in Virginia Beach, Virginia, and is expected to be completed by May 2022. Fiscal 2021 other procurement (Navy) funds in the amount of \$24,639,195 (64%); fiscal 2020 shipbuilding and conversion (Navy) funds in the amount of \$7,055,955 (18%); fiscal 2016 shipbuilding and conversion (Navy) funds in the amount of \$6,694,171 (17%); FMS Korea funds in the amount of \$60,052 (less than 1%); FMS Japan funds in the amount of \$52,541 (less than 1%); fiscal 2017 shipbuilding and conversion (Navy) funds in the amount of \$45,100 (less than 1%); and fiscal 2019 shipbuilding and conversion (Navy) funds in the amount of \$22,550 (less than 1%) will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Lockheed Martin Corp., Fort Worth, Texas, is awarded a \$35,951,113 modification (P00062) to a previously awarded, cost-plus-incentive-fee contract (N0001912C0070). This modification increases the scope for the Network Interface Unit Gen II scope in support of the F-35 Lightning II Joint Strike Fighter program for Foreign Military Sales (FMS) customers. Work will be performed in Fort Worth, Texas (50%);

and an undisclosed location outside the continental U.S. (50%), and is expected to be completed in September 2025. FMS funds in the amount of \$35,951,113 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

DynCorp International LLC, McLean, Virginia, is awarded a \$29,083,438 firm-fixed-price modification to increase the maximum dollar value of a service contract for the exercise of Option One for regional base operations support services in the Naval District Washington, D.C., area of responsibility. After award of this option modification, the total cumulative contract value will be \$191,971,641. The work to be performed provides for all managerial, supervision, labor, tools, materials, equipment, and transportation necessary to accomplish preventative maintenance and service repairs. Work will be performed in Washington, D.C.; Indian Head, Maryland; Suitland, Maryland; Charlottesville, Virginia; and Quantico, Maryland, and is expected to be completed by March 2022. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$24,501,358 are obligated on this award and will expire at the end of the current fiscal year. Naval Facilities Engineering Systems Command Washington, D.C., is the contracting activity (N62470-19-D-2013).

Lockheed Martin Corp., Fort Worth, Texas, is awarded a \$26,793,697 modification (P00061) to a previously awarded cost-plus-incentive-fee contract (N0001912C0070). This modification increases scope to provide support for the engineering tools, data, and related training for the sustainment of the flight test instrumentation air system for one of the F-35 Lightning II Joint Strike Fighter Foreign Military Sales (FMS) customers, as well as additional FMS customer unique requirements. Work will be performed in Fort Worth, Texas (90%); and an undisclosed location outside the continental U.S. (10%), and is expected to be completed in December 2023. FMS funds in the amount of \$26,793,697 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Lockheed Martin Corp., Fort Worth, Texas, is awarded a \$13,699,128 modification (P00060) to a previously awarded cost-plus-incentive-fee contract (N0001912C0070). This modification adds scope in support of sustainment efforts for flight test instrumentation air systems to include customer unique requirements for the F-35 Lightning II Joint Strike Fighter program for Foreign Military Sales (FMS) customer. Work will be performed in Fort Worth, Texas (90%); and an undisclosed location outside the continental U.S. (10%), and is expected to be completed in December 2022. FMS funds in the amount of \$13,699,128 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Insitu Inc., Bingen, Washington, is awarded a \$12,331,457 firm-fixed-price, cost-plus-fixed-fee, cost reimbursable, indefinite-delivery/indefinite-quantity contract. This contract provides support services to include engineering, testing, prototyping, software modeling and simulation, integration, installation, analysis, sustainment, program management, training, cybersecurity, and other technical services in support of MQ-27A, MQ-27B and RQ-21 unmanned air vehicles for the Naval Special Warfare forces. Work will be performed in Bingen, Washington, and is expected to be completed in March 2026. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. The Naval Air Warfare Center Aircraft Division, Patuxent River, Maryland, is the contracting activity (N0042121D0020).

Lockheed Martin Corp., Fort Worth, Texas, is awarded an \$11,045,981 modification (P00002) to a cost-plus-fixed-fee order (N0001920F0410) against a previously issued basic ordering agreement

(N0001919G0008). This modification provides support to connect classified networks, create cloud based virtual test capability, and transition workloads from Lockheed Martin to U.S. government depots in support of depot stand up. Work will be performed in Fort Worth, Texas, and is expected to be completed in March 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$5,522,990; and fiscal 2021 aircraft procurement (Air Force) funds in the amount of \$5,522,991 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

East West Industries Inc., Ronkonkoma, New York, is awarded an \$8,406,939 firm-fixed-price order (N0042121F0092) against a previously issued basic ordering agreement (N0042118G0004). This order procures long-lead-time critical seat survival kit hardware in support of the Enhanced Emergency Oxygen System Lot 3 production for the Navy. Work will be performed in Ronkonkoma, New York, and is expected to be completed in February 2023. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$8,406,939 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Warfare Center Aircraft Division, Patuxent River, Maryland, is the contracting activity.

Walashek Industrial & Marine Inc., San Diego, California (N55236-19-D-0005); and Epsilon Systems Solutions, San Diego, California (N55236-19-D-0006), are each awarded firm-fixed-price contract modifications with a combined ceiling of \$8,378,421 to exercise Option Year Two of their respective previously-awarded, indefinite-delivery/indefinite-quantity, multiple-award contracts to accomplish Landing Craft Air Cushion (LCAC) repairs, maintenance, modernization, and retirement services for LCACs homeported at Marine Corps Base, Camp Pendleton, California. The work will encompass LCAC Fleet Modernization Program, LCAC Post Service Life Extension Program, LCAC retirements, and LCAC planned/emergent repairs to be completed by April 2022. No funding is being obligated at time of award. The Southwest Regional Maintenance Center, San Diego, California, is the contracting activity.

Noreas Environmental Services LLC, Irvine, California, is awarded a \$7,791,408 firm-fixed-price modification for the exercise of Option Four under a contract for environmental services within Navy Region Southwest. After award of this option, the total cumulative contract value will be \$40,176,057. The work to be performed provides for all labor, materials, equipment, supervision, management, facilities, tools, transportation, incidental engineering, and other items necessary to provide for operation and maintenance of industrial waste and oily waste treatment plant and collection systems, oil and hazardous substance spill response and cleanup, and hazardous material management. Work will be performed at various installations in and around San Diego, California, and the option period is from April 2021 to March 2022. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$7,791,408 are obligated on the award and will expire at the end of the current fiscal year. Naval Facilities Engineering Systems Command Southwest, San Diego, California, is the contracting activity (N62473-17-C-0001).

March 25, 2021

Sauer, Inc., Jacksonville, Florida, is awarded a \$52,191,740 firm-fixed-price contract for Navy Munitions Command ordnance facilities recapitalization at Naval Weapons Station Yorktown, Virginia. The contract contains four unexercised options, which if exercised, would increase cumulative contract value to \$76,104,740. The work to be performed provides for the construction of ordnance magazines. Site preparations include clearing, grading, fill and earth cover of the magazines. Site improvements include access roads, paved truck loading and unloading areas, exterior lighting, lightning protection, concrete loading ramps, and landscaping. Work will be performed in Yorktown, Virginia, and is expected to be

completed by June 2023. Fiscal 2021 military construction (Navy) funds in the amount of \$52,191,740 are obligated on this award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with three proposals received. Naval Facilities Engineering Systems Command Mid-Atlantic, Norfolk, Virginia, is the contracting activity (N40085-21-C-0028).

Techflow Mission Support LLC, Idaho Falls, Idaho, is awarded a \$27,223,844 indefinite-delivery/indefinite-quantity modification for the exercise of Option 10 under a contract for base operations support services at Marine Corps Base Camp Lejeune, North Carolina; Marine Corps Air Station New River, North Carolina; and other outlying areas in eastern North Carolina. After award of this option, the total cumulative contract value will be \$294,499,282. The work to be performed provides for all labor, supervision, management, tools, materials, equipment, facilities, transportation, incidental engineering, and other items necessary to provide facilities maintenance and heavy equipment repair services. Work will be performed in Jacksonville, North Carolina, and the option period is from April 2021 to March 2022. No funds will be obligated at time of award. Fiscal 2021 operation and maintenance (Marine Corps) contract funds in the amount of \$24,022,941 for recurring work will be obligated on individual task orders issued during the option period. Naval Facilities Engineering Systems Command Mid-Atlantic, Norfolk, Virginia, is the contracting activity (N40085-10-D-0213).

Solpac Construction Inc., doing business as Soltek Pacific Construction Co., San Diego, California, is awarded a \$25,354,000 firm-fixed-price task order N6247321F4342 under a multiple award construction contract for the design and construction of a new F-35C simulator facility at Naval Air Station Lemoore, California. The task order also contains two planned modifications, which if awarded, would increase cumulative task order value to \$27,286,230. The work to be performed provides for a facility to house four simulators with associated administrative spaces, server rooms, and other support spaces adjacent to an existing simulator facility to support pilot training and mission planning. The planned modifications provide for collateral equipment, furniture, fixtures, and audio-visual equipment. Work will be performed in Lemoore, California, and is expected to be completed by October 2023. Fiscal 2021 military construction (Navy) contract funds in the amount of \$25,354,000 are obligated on this award and will not expire at the end of the current fiscal year. Five proposals were received for this task order. Naval Facilities Engineering Systems Command Southwest, San Diego, California, is the contracting activity (N62473-18-D-5855).

Kongsberg Underwater Technology LLC, Lynnwood, Washington, is awarded a \$25,000,000 single-award, firm-fixed-priced, indefinite-delivery/indefinite-quantity contract to provide sonar systems sustainment support that includes program management support, technical support, systems upgrades, hardware and spare parts, depot repair, and training for the sonar systems and related equipment in support of the Naval Oceanographic Office. The contract will include a 60-month base ordering period with no options. The base ordering period is expected to be completed by March 2026. Work will be performed in Lynnwood, Washington (60%); and (40%) at various world-wide locations. Due to the requirements for these support services being dependent on ships' locations, more specific information about where the work will be performed cannot be predicted at this time. Fiscal 2019 other procurement (Navy) funds in the amount of \$1,234,000 will be obligated to fulfill an existing requirement and fund the contract's minimum amount, and funds will expire at the end of the fiscal year. Individual task orders will be subsequently funded with appropriate fiscal year appropriations at the time of their issuance. One company was solicited for this sole-sourced requirement under authority 10 U.S. Code 2304(c)(1), with one offer received. Naval Supply Systems Command Fleet Logistics Center Norfolk, Mechanicsburg Office, Mechanicsburg, Pennsylvania, is the contracting activity (N00189-21-D-Q006).

Pensacola Bay Support Services LLC, Cape Canaveral, Florida, is awarded a \$23,732,658 indefinite-delivery/indefinite-quantity modification for the exercise of Option Three under a contract for base operations support services at Naval Air Station Pensacola, Florida, and outlying local areas including Saufley Field, Corry Station, and Bronson Field. After award of this option, the total cumulative contract value will be \$99,065,463. The work to be performed provides for all management, supervision, labor, equipment, materials, supplies, and tools necessary to perform facilities management, maintenance services, utility plant and distribution system operations and maintenance, environmental services, and base support vehicles and equipment. Work will be performed in Pensacola, Florida, and the option period is from April 2021 to March 2022. No funds will be obligated at time of award. Fiscal 2021 operation and maintenance (Navy); and fiscal 2021 Defense Health Program funds in the amount of \$18,938,890 for recurring work will be obligated on individual task orders issued during the option period. Naval Facilities Engineering Command Southeast, Jacksonville, Florida, is the contracting activity (N69450-18- D-2013).

JJLL LLC, Austin, Texas, is awarded a \$20,524,324 cost-plus-incentive-fee contract modification for the exercise of Option Four for base operating support services in the Republic of the Philippines for the Marine Corps Forces, Pacific and Pacific Command Augmentation Team - Philippines. After award of this option, the total cumulative contract value will be \$108,070,161. The work to be performed provides for management and administration, commercial telephones and cable television, security, airfield facilities, supply services, facility management, utilities, base support vehicles and equipment, and environmental services. Work will be performed in the Republic of the Philippines, and the option period is from April 2021 to March 2022. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$12,700,000 are obligated on this award and will expire at the end of the current fiscal year. Naval Facilities Engineering Systems Command Pacific, Pearl Harbor, Hawaii, is the contracting activity (N62742-17-C-3580).

Synergy Electric Company Inc., Santee, California, is awarded a \$19,465,544 firm-fixed-price task order N6247321F4370 under a multiple award construction contract for F-35C simulator electrical upgrades at the Naval Air Station Lemoore, California. The work to be performed provides for the construction of a new metering station that will include a new transmission line and modification of an existing transmission line. Work will be performed in Lemoore, California, and is expected to be completed by March 2023. Fiscal 2021 military construction (Navy) contract funds in the amount of \$19,465,544 are obligated on this award and will not expire at the end of the current fiscal year. Four proposals were received for this task order. Naval Facilities Engineering Systems Command Southwest, California, is the contracting activity (N62473-19-D-2430).

Rockwell Collins Inc., Cedar Rapids, Iowa, is awarded a \$16,853,043 firm-fixed-price, cost-plus-fixed-fee order (N0001921F0005) against a previously issued basic ordering agreement (N0001919G0031). This order upgrades the E-6B Mercury mission computer from a 32-BIT to a 64-BIT Linux-based operating system, resulting in an increase to capability and reduced threat vulnerabilities. Work will be performed in Richardson, Texas, and is expected to be completed in March 2023. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$16,853,043 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Alexandria Insights Inc., Stafford, Virginia (N66001-21-D-0083); CaVU Consulting Inc., San Diego, California (N66001-21-D-0084); Fuse Integration Inc., San Diego, California (N66001-21-D-0085); Joint Tactics and Technologies LLC, Coronado, California (N66001-21-D-0086); RTL Networks Inc., Denver,

Colorado (N66001-21-D-0087); Solute Inc., San Diego, California (N66001-21-D-0088); Technology Unlimited Group, San Diego, California (N66001-21-D-0089); and Trabus Technologies, San Diego, California (N66001-21-D-0090), are awarded a combined \$13,224,567 cost-plus-fixed-fee and cost-with-no-fee, indefinite-delivery/indefinite-quantity multiple award contract for engineering, technical, and programmatic support including networking communications and computing systems with associated cybersecurity implementation and certification of new developments, current operations, and future capabilities. This two-year contract includes five one-year option periods which, if exercised, would bring the overall potential value of this contract to an estimated \$49,993,099. Work will be performed in San Diego, California (95%); Naval Station Norfolk, Virginia (2%); Naval Base Ventura County, California (2%); and outside the continental U.S. (1%). The period of performance of the base award is from March 25, 2021, through March 24, 2023. If all options are exercised, the period of performance would extend through March 24, 2028. No funds will be obligated at the time of award. Fiscal 2021 funds will be obligated as task orders are issued using research, development, test and evaluation (Navy) funds; operation and maintenance (Navy) funds; other procurement (Navy) funds; and aircraft procurement (Navy) funds. This contract was competitively procured using a Service-Disabled Veteran-Owned Small Business set-aside via a request for proposal (N66001-20-R-0041) published on the beta.SAM.gov web site and the Naval Information Warfare Systems Command e-Commerce central website. Eight offers were received and eight were selected for award. Naval Information Warfare Center Pacific, San Diego, California, is the contracting activity.

NCS/EML SB JV LLC, Louisville, Kentucky, is awarded an \$11,946,601 indefinite-delivery/ indefinite-quantity modification for the exercise of Option Two under a contract for base operations support services at Naval Air Station Whiting Field, Florida; and outlying areas in and around Milton, Florida. After award of this option, the total cumulative contract value will be \$35,615,075. The work to be performed provides for facility investment, grounds maintenance and landscaping, utilities management, pest control, electrical, wastewater, steam, water, base support vehicles and equipment, and environmental services to provide base operations support services. Work will be performed in Milton, Florida (67%); and outlying areas (33%), and is expected to be completed by March 2022. No funds will be obligated at time of award. Fiscal 2021 operation and maintenance (Navy); fiscal 2021 Defense Health Program; and fiscal 2021 family housing operation and maintenance (Navy) contract funds in the amount of \$8,317,004 for recurring work will be obligated on individual task orders issued during the option period. Naval Facilities Engineering Systems Command Southeast, Jacksonville, Florida, is the contracting activity (N69450-19-D-1740).

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Fort Worth, Texas, is awarded an \$11,870,281 modification (P00745) to a previously awarded cost-plus-fixed-fee contract (N0001902C3002). This modification provides support for implementation, integration, testing, and accreditation of the F-35 in-a-box model, including required interfaces for use in the joint simulation environment. The support for model integration is required to fulfill operational test and evaluation goals and objectives to validate F-35 Block 3F capabilities for the Navy, Marine Corps and Air Force. Work will be performed in Fort Worth, Texas (50%); and Patuxent River, Maryland (50%), and is expected to be completed in December 2021. Fiscal 2021 research, development, test and evaluation (Air Force) funds in the amount of \$4,138,891; and fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$2,958,499 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Custom Manufacturing & Engineering Inc., Pinellas Park, Florida, is awarded an \$11,241,918 firm-fixed-price contract for manufacture, assembly, test, and delivery of Universal Canister Electronics Units and

associated cables in support of the MK 57 Vertical Launch System. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$42,309,090. Work will be performed in Pinellas Park, Florida, and is expected to be completed by April 2022. If all options are exercised, work will continue through August 2025. Fiscal 2021 other procurement (Navy) funds in the amount of \$11,241,918 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was competitively procured via beta.sam.gov, with five offers received. The Naval Surface Warfare Center Port Hueneme Division, Port Hueneme, California, is the contracting activity (N63394-21-C-0006).

General Dynamics Electric Boat Corp., Groton, Connecticut, is awarded a \$9,639,600 cost-plus-fixed-fee modification to previously awarded contract N00024-20-C-2120 for additional fiscal 2021 development studies, design efforts, and material for Virginia-class submarines. Work will be performed in Spring Grove, Illinois, and is expected to be completed by June 2023. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$4,672,818 (74%); and fiscal 2020 research, development, test and evaluation (Navy) funds in the amount of \$1,642,642 (26%), will be obligated at time of award. Funding in the amount of \$1,642,642 will expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

CTI Environmental Inc., Long Beach, California, is awarded an \$8,779,736 indefinite-delivery/indefinite-quantity contract for demolition and abatement services at Marine Corps Base Camp Pendleton, California; and Naval Weapons Station Seal Beach Detachment Fallbrook, California. The maximum dollar value including the base period and four unexercised option periods is \$8,779,736. The work to be performed includes labor, supervision, management, equipment, and materials necessary to perform demolition and abatement services for the facilities. Work will be performed at Camp Pendleton, California; and Fallbrook, California, and is expected to be completed by April 2026. No funds will be obligated at time of award. Fiscal 2021 operation and maintenance (Marine Corps) funds in the amount of \$2,000 will be obligated on an individual task order as a minimum guarantee and will expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with 11 proposals received. Naval Facilities Engineering Systems Command Southwest, San Diego, California, is the contracting activity (N62473-21-D-0602).

Web LLC, doing business as WEBCO, Springfield, Virginia, is awarded an \$8,768,765 firm-fixed-price task order N6945021F4513 under a multiple award construction contract for the Waldron Airfield repairs at Naval Air Station Corpus Christi, Texas. The task order also contains three unexercised options, which if exercised, would increase cumulative task order value to \$14,398,705. The work to be performed provides for the milling and overlay of the existing runways and taxiways, and applying pavement markings. The options, if exercised, provide for additional runway and parking apron milling and overlay work. Work will be performed in Corpus Christi, Texas, and is expected to be completed by April 2022. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$8,768,765 are obligated on this award and will expire at the end of the current fiscal year. Four proposals were received for this task order. Naval Facilities Engineering Systems Command Southeast, Jacksonville, Florida, is the contracting activity (N69450-19-D-1085).

CH2M Hill Constructors Inc., Englewood, Colorado, is awarded an \$8,443,242 indefinite-delivery/indefinite-quantity modification of task order N6945020F0077 for roof replacement under a multiple award construction contract for renovations at Naval Air Station Pensacola, Florida. After award of this modification, the total task order value will be \$44,241,392. The work to be performed provides for the construction, alteration, and repair of Building 633 in order to return the building to full operation. Work

will be performed in Pensacola, Florida, and is expected to be completed by September 2021. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$8,443,292 are obligated on this modification and will expire at the end of the current fiscal year. Naval Facilities Engineering Systems Command Southeast, Jacksonville, Florida, is the contracting activity (N62470-19-D-8024).

March 24, 2021

Huntington Ingalls Inc. - Newport News Shipbuilding, Newport News, Virginia, is awarded a \$194,474,563 cost-plus-fixed-fee modification to previously awarded contract N00024-15-C-4301 for continued execution of the fiscal 2018 USS Columbus (SSN 762) engineered overhaul. Work will be performed in Newport News, Virginia, and is expected to be completed by December 2022. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$190,963,313 will be obligated at time of award and will expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Raytheon Co., Dulles, Virginia, is awarded a \$35,870,745 cost-plus-fixed-fee contract. This contract provides for the procurement of follow-on software system architecture and design, software analysis, coding, integration and testing, and associated software and systems engineering in support of the MQ-8 tactical control system. Work will be performed in Dulles, Virginia (94%); and Redondo, California (6%), and is expected to be completed in March 2026. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$5,587,615; and fiscal 2021 operation and maintenance (Navy) funds in the amount of \$628,637 will be obligated at the time of award, \$628,637 of which will expire at the end of the current fiscal year. This contract was not competitively procured pursuant to 10 U.S. Code 2304(c)(1). The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N0001921C0018).

Lockheed Martin Rotary and Mission Systems, Manassas, Virginia, was awarded a \$34,705,748 cost-plus-incentive-fee and cost-only modification to previously awarded contract N0002418C5218 to exercise an option for the procurement of engineering services as well as provide funding in support of the continued AN/SQQ-89A(V)15 development, integration, manufacture, production, and testing. Work will be performed in Manassas, Virginia (83%); Lemont Furnace, Pennsylvania (10%); Syracuse, New York (6%); and Hauppauge, New York (1%), and is expected to be completed by March 2022. Fiscal 2021 shipbuilding and conversion (Navy) funding in the amount of \$12,088,734 (34%); fiscal 2021 research, development, test, and evaluation funding in the amount of \$8,369,561 (24%); Foreign Military Sales Japan funding in the amount of \$7,600,822 (22%); fiscal 2020 shipbuilding and conversion (Navy) funding in the amount of \$3,831,049 (11%); fiscal 2021 other procurement (Navy) funding in the amount of \$2,208,430 (6%); fiscal 2021 operation and maintenance (Navy) funding in the amount of \$221,281 (1%); fiscal 2019 shipbuilding and conversion (Navy) funding in the amount of \$196,372 (1%); and fiscal 2018 shipbuilding and conversion (Navy) funding in the amount of \$189,499 (1%) will be obligated at time of award; funds in the amount of \$221,281 expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C. is the contracting activity. (Awarded March 22, 2021)

Professional Contract Services Inc., Austin, Texas, is awarded a \$32,735,339 indefinite-delivery/indefinite-quantity modification for the exercise of Option Number One under a contract for base operations support services at Naval Medical Center Portsmouth, Virginia, and its outlying support sites. After award of this option, the total cumulative contract value will be \$65,489,803. The work to be performed provides for all labor, supervision, management, tools, materials, equipment, facilities, transportation, incidental engineering, and other items necessary to provide facilities maintenance and

equipment repair services. Work will be performed in Portsmouth, Virginia, and the option period is from April 2021 to March 2022. No funds will be obligated at time of award. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$30,395,007 for recurring work will be obligated on an individual task orders issued during the option period. Naval Facilities Engineering Systems Command Mid-Atlantic, Norfolk, Virginia, is the contracting activity (N40085-20-D-0040).

Lockheed Martin Corp., Syracuse, New York, is awarded a \$20,922,712 cost-plus-incentive-fee modification to the previously awarded delivery order N00024-21-F-6206 under indefinite-delivery/indefinite-quantity contract N00024-19-D-6200 to exercise options for the procurement of submarine new construction kits, equipment, and installation. Work will be performed in Syracuse, New York, and is expected to be completed by August 2025. Fiscal 2021 shipbuilding and conversion (Navy) funds in the amount of \$20,922,712 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C. is the contracting activity.

Lockheed Martin Space, Sunnyvale, California, is awarded a \$19,346,051 cost-plus-fixed-fee level-of-effort and completion modification (P00001) to a previously awarded contract (N0003020C0023) to provide the United Kingdom (UK) with engineering and technical support services and deliverable materials for the TRIDENT II Fleet Ballistic Missile System. This contract provides for support for technical planning, direction, coordination, and control to ensure that the UK Fleet Ballistic Missile Program requirements are identified and integrated to support planned milestone schedules and emergent requirements. Additionally, re-entry systems UK resident technical support, operational support hardware, and consumable spares are provided. Work will be performed in Cape Canaveral, Florida (55.17%); Sunnyvale, California (15.94%); Denver, Colorado (14.74%); Coulport, Scotland (5.60%); Kings Bay, Georgia (2.97%); Bangor, Washington (2.15%); Orlando, Florida (1.31%); and various places below one percent (2.12%), with an expected level-of-effort completion date of March 31, 2022, and a deliverable items completion date of June 30, 2023. UK funds in the amount of \$19,346,051 will be obligated on this award. Contract funds will not expire at the end of the current fiscal year. This contract was awarded on a sole source basis, pursuant to 10 U.S. Code 2304(c)(4), to Lockheed Martin Space and was previously synopsised on the beta.SAM website. Strategic Systems Programs, Washington, D.C., is the contracting activity.

March 23, 2021

BAE Systems Technology Solutions and Services, Rockville, Maryland, is awarded a \$140,430,072 cost-plus-fixed-fee, cost-reimbursable, indefinite-delivery/indefinite-quantity contract. This contract provides systems engineering and equipment installation support services of command, control, communications, computers, and intelligence systems, including legacy, current, and next generation shipboard interior and exterior communications; shipboard radios; and transportable, airborne, and fixed shore termination communications systems, subsystems, and components in support of the Naval Air Warfare Center Aircraft Division Webster Outlying Field Integrated Command, Control and Intel Division. Work will be performed in St. Inigoes, Maryland, and is expected to be completed in March 2026. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. This contract was competitively procured via an electronic request for proposal; one offer was received. The Naval Air Warfare Center Aircraft Division, Patuxent River, Maryland, is the contracting activity (N0042121D0018).

VT Halter Marine Inc., Pascagoula, Mississippi, is awarded a \$41,090,592 modification to previously awarded contract N00024-18-C-2230 to exercise an option for the detail design and construction of an

Auxiliary Personnel Lighter – Small. Work will be performed in Pascagoula, Mississippi (58%); Mandeville, Louisiana (15%); Metairie, Louisiana (12%); Gautier, Mississippi (9%); Billerica, Massachusetts (3%); and Boca Raton, Florida (3%), and is expected to be completed by June 2022. Fiscal 2021 shipbuilding and conversion, (Navy) funding in the amount of \$41,090,592 is being obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

March 22, 2021

StandardAero, San Antonio, Texas, is awarded a \$148,948,945 firm-fixed-price, indefinite-delivery/indefinite-quantity contract. This contract procures T56 engine depot level repairs in support of the P-3 Orion, C-130 Hercules and C-2A Greyhound aircraft. Work will be performed in San Antonio, Texas (75%); and Winnipeg, Canada (25%), and is expected to be completed in March 2026. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. This contract was competitively procured via an electronic request for proposal; two offers were received. The Naval Air Warfare Center Aircraft Division, Lakehurst, New Jersey, is the contracting activity (N6833521D0048).

Clark Construction Group LLC, Bethesda, Maryland, is awarded a \$78,981,000 firm-fixed-price construction contract for construction of the Wargaming Center at Marine Corps Base Quantico, Virginia. The contract is incrementally funded with the first increment of \$61,810,155 allocated at the time of award. The second increment will be funded in fiscal 2022 at \$17,170,845. The contract also contains one unexercised option, which if exercised, would increase cumulative contract value to \$81,265,250. The work to be performed provides for construction of a new two-story academic instruction facility to support the wargaming function at Marine Corps Base Quantico, Virginia. Work will be performed in Quantico, Virginia, and is expected to be completed by June 2023. Fiscal 2020 military construction (Navy) contract funds in the amount of \$61,810,155 are obligated on this award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with 15 proposals received. Naval Facilities Engineering Systems Command Washington, D.C., is the contracting activity (N40080-21-C-0005).

Core Tech-HDCC-Kajima LLC, Tamuning, Guam, is awarded a \$75,586,438 firm-fixed-price contract for the design and construction of a distribution warehouse and a central issue facility at Marine Corps Base Guam. The contract also contains two unexercised options, which if exercised, would increase cumulative contract value to \$79,133,723. The work to be performed provides for the design and construction of a warehouse to support the supply, food service, and medical logistics detachments with administrative, storage, inspection, packaging, and pharmacy spaces; and a low-rise facility that includes individual and unit issue storage and processing areas. The options, if exercised, provide for furniture, fixtures, and equipment. Work will be performed in Finegayan, Guam, and is expected to be completed by March 2024. Fiscal 2021 military construction (Navy) contract funds in the amount of \$75,586,438 are obligated on this award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with five proposals received. Naval Facilities Engineering Systems Command Pacific, Joint Base Pearl Harbor-Hickam, Hawaii, is the contracting activity (N62742-21-C-1335).

Raytheon Co., Indianapolis, Indiana, is awarded \$63,301,453 for a ceiling-priced delivery order (N00383-21-F-N700) under a previously awarded basic ordering agreement (N00383-18-G-N701) for the repair of the APG-65/73 radar systems in support of the F/A-18 aircraft. All work will be performed in Indianapolis,

Indiana, and is expected to be completed by March 2023. Fiscal year 2021 working capital (Navy) funds in the amount of \$31,017,711 will be obligated at the time of award, and funds will not expire at the end of the current fiscal year. One company was solicited for this sole-source requirement under authority 10 U.S. Code 2304 (c)(1), with one offer received. Naval Supply Systems Command Weapon Systems Support, Philadelphia, Pennsylvania, is the contracting activity.

Reyes Construction Inc., Pomona, California, is awarded a \$16,245,116 firm-fixed-price modification to increase the maximum dollar value of task order N6247320F4582 for the construction of ordnance magazines and an inert storage facility at the Naval Air Weapons Station China Lake, California. After award of this modification, the total cumulative task order value will be \$117,266,775. The work to be performed provides forklift ramps and loading docks to all the modular storage magazines. Work will be performed in Ridgecrest, California, and is expected to be completed by May 2023. Fiscal 2020 military construction (Navy) funds in the amount of \$16,245,116 are obligated on this modification, and will not expire at the end of the current fiscal year. Naval Facilities Engineering Systems Command, China Lake, California, is the contracting activity (N62473-18-D-5862).

Raytheon Technologies Corp., Pratt and Whitney Military Engines, East Hartford, Connecticut, is awarded a \$10,246,288 fixed-price-incentive-fee, cost-plus-fixed-fee, firm-fixed-price order (N0001921F0018) against a previously issued basic ordering agreement (N0001917G0005). This order provides program support to deliver F135 propulsion systems for non-U.S. Department of Defense (DOD) participants. Work will be performed in East Hartford, Connecticut, and is expected to be completed in July 2023. Non-U.S. DoD participant funds in the amount of \$10,246,288 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

The Boeing Co., Huntington Beach, California, is awarded a \$9,473,047 cost-plus-fixed-fee contract. This contract provides correction of deficiency software builds for increment three acoustics integration and testing for the P-8A aircraft. Work will be performed in Huntington Beach, California (80%); Patuxent River, Maryland (10%); and California, Maryland (10%), and is expected to be completed in February 2024. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$1,600,000 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract was not competitively procured pursuant to 10 U.S. Code 2304(c)(1). The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N0001921C0034).

Garcia Information Systems Corp., White Plains, Maryland, is awarded an \$8,095,830 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for engineering, technical, administrative, and programmatic management support for total life cycle management of the various aircrew escape systems managed under the Joint Program Office for Cartridge Actuated Device/Propellant Actuated Device tri-service charter. Work will be performed in White Plains, Maryland, and is expected to be completed by September 2025. Fiscal 2021 Navy working capital funding of \$500 will be obligated on the first task order at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured and in accordance with 10 U.S. Code 2304(c)(1) (only a limited number of responsible sources will satisfy agency requirements). The Naval Surface Warfare Center Indian Head Division, Indian Head, Maryland, is the contracting activity (N00174-21-D-0016).

March 19, 2021

General Dynamics Electric Boat Corp., Groton, Connecticut, is awarded a \$2,417,500,565 fixed-price incentive modification to previously awarded contract N0024-17-C-2100 to exercise an option for the construction of one Block V Virginia-class submarine with Virginia Payload Module. Electric Boat Corp. will continue to subcontract with Huntington Ingalls Industries – Newport News Shipbuilding. Work will be performed in Newport News, Virginia (34%); Quonset Point, Rhode Island (14%); Sunnyvale, California (7%); Groton, Connecticut (7%); Annapolis, Maryland (1%); Norfolk, Virginia (1%); Tucson, Arizona (1%); and Bethlehem, Pennsylvania (1%), with other efforts performed at various sites (each less than 1%) throughout the U.S. (33%) and other areas outside of the U.S. (1%). Work is expected to be complete by February 2030. Fiscal 2021 shipbuilding and conversion (Navy) funds in the amount of \$2,139,601,847 (79%); fiscal 2020 shipbuilding and conversion (Navy) funds in the amount of \$388,281,954 (14%); fiscal 2019 shipbuilding and conversion (Navy) funds in the amount of \$174,049,792 (6%); and fiscal 2018 shipbuilding and conversion (Navy) funds in the amount of \$18,844,873 (1%) will be obligated at time of award and will not expire at the end of the current fiscal year. These include funding for previously announced long lead time material and economic ordering quantity material. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Tyto Athene LLC, Herndon, Virginia, is awarded a \$31,032,919 indefinite-delivery/indefinite-quantity contract that will include terms and conditions for the placement of firm-fixed-price task orders to provide technical direction and labor for engineering, installation, and maintenance of electronic systems and equipment and the respective infrastructure for the Consolidated Cryptologic Program, Defense Cryptologic Program, and Tactical Cryptologic Program in support of U.S. Fleet Cyber Command. The contract will include a five-year base ordering period with an additional six-month ordering period option pursuant of Federal Acquisition Regulation 52.217-8 - option to extend services, which if exercised, will bring the total ceiling value to \$34,611,137. The base ordering period is expected to be completed by March 2026; if the option is exercised, the ordering period will be completed by September 2026. Work will be performed in Norfolk, Virginia (50%); Fort Meade, Maryland (30%); and Oahu, Hawaii (20%). Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$10,000 will be obligated to fund the contract's minimum amount, and funds will expire at the end of the fiscal year. Individual task orders will be subsequently funded with appropriate fiscal year appropriations at the time of their issuance. This contract resulted from a full and open competitive solicitation through beta.SAM.gov, with four offers received. Naval Supply Systems Command Fleet Logistics Center Norfolk, Virginia, is the contracting activity (N00189-21-D-0008).

Solution Engineering Associates Inc., Lexington Park, Maryland, is awarded a \$17,267,060 cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract. This contract provides engineering and technical support services, including software, hardware, and prototype development and analysis in support of the Naval Air Warfare Center Aircraft Division Flight Control and Flight Dynamics programs. Work will be performed in Lexington Park, Maryland (75%); and Patuxent River, Maryland (25%), and is expected to be completed in March 2026. No funds will be obligated at time of award; funds will be obligated on individual orders as they are issued. This contract was competitively procured as a small business set-aside; one offer was received. The Naval Air Warfare Center Aircraft Division, Patuxent River, Maryland, is the contracting activity (N0042121D0003).

Phoenix Air Group Inc., Cartersville, Georgia, is awarded a \$10,245,771 modification (P00001) to a previously awarded, cost-reimbursable, firm-fixed-price, indefinite-delivery/indefinite-quantity contract (N0042121D0006). This modification provides contractor air services by contractor owned and operated aircraft in support of airborne maritime surveillance of U.S. government airspace to ensure that Department of Defense (DOD) ranges are cleared to support missile testing and fleet training exercises

primarily at the DOD Pacific Missile Range Facility and Point Mugu Sea Range. Work will be performed in Kekaha, Hawaii (60%); and Point Mugu, California (40%), and is expected to be completed in January 2023. No funds will be obligated at time of award; funds will be obligated on individual orders as they are issued. The Naval Air Warfare Center Aircraft Division, Patuxent River, Maryland, is the contracting activity.

Progeny Systems Corp., Manassas, Virginia, is awarded an \$8,666,992 cost-plus-fixed-fee modification to the previously awarded contract N00024-16-C-6246, to exercise options for Payload Control System capabilities for Technical Insertion Advanced Processing Build. Work will be performed in Manassas, Virginia, and is expected to be completed by April 2022. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$8,605,071 (99%); and fiscal 2020 research, development, test and evaluation (Navy) funds in the amount of \$61,921 (1%) will be obligated at time of award, of which, \$61,921 will expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Centerra Group LLC, Herndon, Virginia, is awarded an \$8,513,591 indefinite-delivery/indefinite-quantity modification for the exercise of the fifth option period under a contract for base operations support services at military and civilian installations in the Republic of Singapore. After award of this option, the total cumulative contract value will be \$69,668,240. The work to be performed provides for general management and administration services including air operations, operations support supply, housing, facilities support, utilities, base support vehicles, and environmental. Work will be performed in the Republic of Singapore, and the option period is from April 2021 to March 2022. Fiscal 2021 operation and maintenance (Navy); fiscal 2021 operation and maintenance (Air Force); and fiscal 2021 non-appropriated funds in the amount of \$7,875,120 for recurring work will be obligated at time of award and will expire at the end of the current fiscal year. The remaining \$42,370 is subject to the availability of funds for the next fiscal year. Naval Facilities Engineering Systems Command Pacific, Pearl Harbor, Hawaii, is the contracting activity (N62742-16-D-3600).

March 18, 2021

Bell-Boeing Joint Project Office, Amarillo, Texas, is awarded an \$182,176,913 modification (P00039) to previously awarded, fixed-price incentive (firm target), cost-plus-fixed-fee contract N00019-17-C-0015 for the production and delivery of two CV-22B variation in quantity aircraft for the Air Force. Additionally, this modification provides for post-production repairs in support of the MV-22B Common Configuration Readiness and Modernization Program for the Navy. Work will be performed in Fort Worth, Texas (30%); Ridley Park, Pennsylvania (15%); Amarillo, Texas (13%); Red Oak, Texas (3%); East Aurora, New York (3%); Park City, Utah (2%); McKinney, Texas (1%); Endicott, New York (1%); various locations within the continental U.S. (28%); and various locations outside the continental U.S. (4%) and is expected to be completed in March 2025. Fiscal 2021 aircraft procurement (Air Force) funds in the amount of \$168,676,913; and fiscal 2021 aircraft procurement (Navy) funds in the amount of \$13,500,000 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Lockheed Martin Corp., Rotary and Mission Systems, Moorestown, New Jersey, is awarded a \$93,186,001 cost-plus-incentive-fee and cost modification to previously awarded contract N00024-20-C-5601 to exercise options for sustainment of the Littoral Combat Ship Component Based Total Ship System – 21st Century program and associated combat system elements. Work will be performed in Moorestown, New Jersey (84%); Camden, New Jersey (5%); Virginia Beach, Virginia (5%); Deer Creek,

Colorado (2%); Manassas, Virginia (1%); Orlando, Florida (1%); and various other locations under 1% (2%) and is expected to be completed by March 2022. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$5,150,181 (61%); fiscal 2021 operation and maintenance (Navy) funds in the amount of \$3,145,335 (38%); and fiscal 2021 other procurement (Navy) funds in the amount of \$75,054 (1%), will be obligated at time of award, and funds in the amount of \$3,145,335 will expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Raytheon Missiles and Defense, Tucson, Arizona, is awarded a \$68,308,450 firm-fixed-price, indefinite-delivery/indefinite-quantity contract. This contract provides for the procurement of guidance section (GS) and control section repair, GS refurbishment and GS subassembly repair for the Navy, Air Force, and Foreign Military Sales customers. Work will be performed in Tucson, Arizona, and is expected to be completed in May 2026. No funds will be obligated at the time of award. Funds will be obligated on individual task orders as they are issued. This contract was not competitively procured pursuant to Federal Acquisition Regulation 6.302-1. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N00019-21-D-0050).

Great Eastern Group Inc., Fort Lauderdale, Florida, is awarded a \$49,299,090 single-award, firm-fixed-priced, indefinite-delivery/indefinite-quantity contract to acquire qualified mariners, laundry and food support services in support of Training Support Vessel Squadron. The contract will include a five-year base ordering period with an additional six-month ordering period option pursuant of Federal Acquisition Regulation 52.217-8 - option to extend services, which if exercised, will bring the total ceiling value to \$54,469,339. The base ordering period is expected to be completed by April 2026, if the option is exercised, the ordering period will be completed by October 2026. All work will be performed in Virginia Beach, Virginia. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$25,000 will be obligated to fund the contract's minimum amount and funds will expire at the end of the fiscal year. Individual task orders will be subsequently funded with appropriate fiscal appropriations at the time of their issuance. This contract resulted from a full and open competitive solicitation through the beta.SAM.gov website, with two offers received. Naval Supply Systems Command, Fleet Logistics Center, Norfolk, Virginia, is the contracting activity (N00189-21-D-0009).

Foster-Miller, doing business as QinetiQ North America, Waltham, Massachusetts, is awarded an \$11,317,829 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for production, engineering support and post-production support of the MK 2 Man Transportable Robotic System series systems and Talon systems. The services under this contract cover the production of systems, depot level repair parts, initial spares kits, consumables, repair parts and approved accessories. This contract includes options, which if exercised, would bring the cumulative value of this contract to \$54,884,091. This contract includes purchases for the Commonwealth of Australia under the Foreign Military Sales (FMS) program. The location of the work will be determined by individual task orders and is expected to be completed by March 2022. If all options are exercised, work will continue through March 2026. FMS Australia funding in the amount of \$300,000 will be obligated at time of award under the first delivery order and will not expire at the end of the current fiscal year. This contract was not competitively procured in accordance with 10 U.S. Code 2304(c)(1) as there is only one responsible source and no other supplies or services will satisfy agency requirements. The Naval Sea Systems Command, Naval Surface Warfare Center, Indian Head, Indian Head, Maryland, is the contracting activity (N00174-21-D-0019).

I.E. Pacific Inc., Escondido, California, is awarded a \$9,850,000 firm-fixed-price task order N62473-21-F-4447 under a multiple award construction contract for building repair at Naval Air Warfare Center, Weapons Division at Naval Base Ventura County, California. The task order also contains two unexercised options, which if exercised, would increase cumulative task order value to \$10,156,000. The work to be performed provides for all labor, materials and equipment necessary to support the renovation and remodeling of Building 373 to provide new administrative and laboratory spaces to meet mission requirements. The options, if exercised, provide enhanced security boundary walls and an insulated metal panel system for the building exterior. Work will be performed in Point Mugu, California, and is expected to be completed by September 2022. Fiscal 2021 working capital funds (Navy) contract funds in the amount of \$9,850,000 are obligated on this award and will not expire at the end of the current fiscal year. Four proposals were received for this task order. Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity (N62473-17-D-4628).

DRS Laurel Technologies, Johnstown, Pennsylvania, is awarded an \$8,645,760 firm-fixed-price modification to previously awarded contract N00024-18-C-5395 to exercise options for production of the AN/SPQ-9B radar systems and associated equipment. Work will be performed in Largo, Florida, and is expected to be completed by February 2024. Fiscal 2021 shipbuilding and conversion (Navy) funds in the amount of \$8,645,760 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

DynCorp International LLC, Washington, D.C., is awarded a \$7,544,146 firm-fixed-price modification of a service contract for regional base operations support (BOS) in the Naval District, Washington, D.C., area of responsibility. After award of this modification, the total cumulative contract value will be \$184,629,698. The BOS services to be performed include management and administration, supply services, custodial services, pest control, integrated solid waste management, grounds maintenance and landscaping, pavement clearance, utility management and transportation services. Work will be performed in Washington, D.C.; and Charlottesville, Virginia, and is expected to be completed by October 2026. Fiscal 2021 operation and services (Navy) contract funds in the amount of \$1,365,950 for recurring work will be obligated on individual task orders issued during the Option Year One by March 2021. Naval Facilities Engineering Systems Command, Washington, D.C., is the contracting activity (N62470-19-D-2013).

March 17, 2021

Raytheon Missiles and Defense, Tucson, Arizona, is awarded a \$28,764,014 modification (P00004) to previously awarded, firm-fixed-price, fixed-price incentive (firm target) contract N00019-20-C-0030. This modification adds scope to procure full rate production Lot 17 Block Five Tactical Tomahawk all-up round vertical launch system missiles and associated warranties for the Navy. Work will be performed in Tucson, Arizona (41.6%); Pontiac, Michigan (11.4%); El Segundo, California (10.6%); Gainesville, Virginia (9.7%); Berryville, Arkansas (3.5%); Clearwater, Florida (3.3%); Middletown, Connecticut (3.2%); Glenrothes, Scotland (3.1%); Spanish Fork, Utah (3%); Midland, Ontario, Canada (2.4%); Vergennes, Vermont (1.7%); Camden, Arkansas (1.5%); Anniston, Alabama (1.2%); and various locations within the continental U.S. (3.8%), and is expected to be completed in December 2023. Fiscal 2021 weapons procurement (Navy) funds in the amount of \$28,764,014 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Core Tech-HDCC-Kajima LLC, Tamuning, Guam, is awarded a \$15,717,985 firm-fixed-price task order N62742-21-F-9928 for construction of a low-rise, reinforced concrete ordnance administrative and operations facility structure in support of Marine Corps ordnance operations within the munitions area at Naval Support Activity, Andersen Air Force Base, Guam. The task order also contains three unexercised options, which if exercised, would increase cumulative task order value to \$16,559,776. The work to be performed provides for construction of a new ordnance administrative and operation facility. Facilities will be equipped with exterior lighting, lightning protection systems, ground ring, automatic fire sprinklers and heating, ventilation and air conditioning. In addition to office space, the facility includes waiting area with service counter, breakroom, conference room/classroom, head facilities and showers, personnel lockers and bunkroom and incidental related work. The unexercised options, if exercised, provide for removal and disposal of petroleum-contaminated soil exceeding tropical pacific soil environmental screening levels, disposal of other hazardous waste, furniture, fixtures and equipment. Work will be performed in Yigo, Guam, and is expected to be completed by April 2023. Fiscal 2021 military construction (Navy) contract funds in the amount of \$15,717,985 are obligated on this award and will not expire at the end of the current fiscal year. Four proposals were received for this task order. The Naval Facilities Engineering Systems Command, Pacific, Pearl Harbor, Hawaii, is the contracting activity (N62742-19-D-1330).

KJS Support Services JV LLC, Fort Worth, Texas, is awarded an \$8,701,315 firm-fixed-price, indefinite-delivery/indefinite-quantity modification for the exercise of Option Two for base operating support services at the Naval Air Facility El Centro, California. After award of this option, the total cumulative contract value will be \$25,679,303. The work to be performed provides for labor, supervision, materials, equipment, tools, parts, supplies and transportation for various base operating support service functions including facility management, janitorial services, pest control services and grounds maintenance. Work will be performed in El Centro, California, and the option performance period is from April 2021 to March 2022. No funds will be obligated at time of award of the modification. Fiscal 2021 operation and maintenance (Navy) funds; fiscal 2021 Defense Health Program funds; fiscal 2021 Defense Commissary Agency account funds; fiscal 2021 family housing operation and management (Navy) funds; and fiscal 2021 non-appropriated funds in the amount of \$5,701,315 for recurring work will be obligated on individual task orders issued during the option period. Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity (N62473-18-D-5606).

Hornbeck Offshore Operators LLC, Covington, Louisiana, is awarded a \$7,510,000 firm-fixed-price contract with reimbursable elements for long-term charter of one U.S. flagged offshore support ship, HOS Red Rock, which will provide support for Navy operations-at-sea. This contract includes a 12-month base period with three 12-month option periods, and one 11-month option period which, if exercised, would bring the cumulative value of this contract to \$39,702,000. Work will be performed worldwide and is expected to be completed, if all options are exercised, by March 14, 2026. Operation and maintenance funds in the amount of \$7,510,000 are obligated for fiscal 2021 and will expire at the end of the fiscal year. This contract was competitively procured with proposals solicited via the Federal Business Opportunities website and five offers were received. The Military Sealift Command, Norfolk, Virginia, is the contracting activity (N32205-21-C-2296).

CORRECTION: The \$35,702,429 contract announced on March 16, 2021, to Coastal Marine Services Inc., San Diego, California (N55236-21-D-0025); and Thermcor Inc., Norfolk, Virginia (N55236-21-D-0026), for commercial industrial services and hullboard lagging services on Navy ships and other Navy vessels from Naval Base San Diego to Marine Corps Base Camp Pendleton, California, was actually awarded on March 15, 2021.

March 16, 2021

Coastal Marine Services Inc., San Diego, California (N55236-21-D-0025); and Thermcor Inc., Norfolk, Virginia (N55236-21-D-0026), are awarded a combined \$35,702,429 firm-fixed-price, indefinite-delivery/indefinite-quantity, multiple award contract with a five-year base ordering period for commercial industrial services and hullboard lagging services on Navy ships and other Navy vessels from Naval Base San Diego to Marine Corps Base Camp Pendleton, California. This contract provides management, administrative and production services, materials, tools, equipment, and required support to accomplish hullboard lagging services on board Navy ships and other government vessels. These two companies will have an opportunity to compete for individual delivery orders. Work will be performed in San Diego County, California, and is expected to be completed in March 2026. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$10,000 per contract will be obligated at the time of initial delivery order and will expire at the end of the current fiscal year. These contracts were competitively procured via the beta.SAM.gov website and two offers were received. The Southwest Regional Maintenance Center, San Diego, California, is the contracting activity.

First Division Consulting Inc., Burke, Virginia, is awarded a \$24,140,408 firm-fixed-price, indefinite-delivery/indefinite-quantity contract to procure full-time equivalents for field service representative support for current and future electronic warfare systems. Field service representative support will be performed at various locations outside the continental U.S. This contract will have a five-year ordering period and will expire in March 2026. This contract was solicited as a 100% set-aside for small business concerns. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$218,091 will be obligated at time of award and will expire at the end of the current fiscal year. The Naval Surface Warfare Center, Crane Division, Crane, Indiana, is the contracting activity (N00164-21-D-WQ83).

Phoenix International Holdings Inc., Largo, Maryland, is awarded a \$20,000,000 cost-plus-award-fee modification to previously awarded contract N00024-14-D-4102 for worldwide undersea deep ocean search and recovery operations and associated services to support the Director of Ocean Engineering, Supervisor of Salvage and Diving. Work will be performed worldwide as individual task orders are assigned and is expected to be completed by September 2021. No funding will be obligated at the time of contract modification. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Gulf Island Shipyards LLC, Houma, Louisiana, is awarded a \$13,144,135 firm-fixed-price modification to previously awarded contract N00024-18-C-2207 for the purchase of government purpose data rights for follow-on Fleet Ocean Tugs (T-ATS) ships. The modification is for the purchase of a special license agreement for government purpose data rights, as the term is defined in Federal Acquisition Regulation 252.227-7013. This specifically negotiated government purpose rights license will expire in 20 years and will apply to all commercial and noncommercial data delivered, per the terms of the modification. Work will be performed in Houma, Louisiana, and is expected to be completed by March 2022. Fiscal 2021 shipbuilding and conversion (Navy) funding in the amount of \$13,144,135 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contract authority.

Progeny Systems Corp., Manassas, Virginia, is awarded a \$10,359,672 cost-plus-fixed-fee modification to the previously awarded contract N00024-19-C-6115 to exercise options for information assurance tool kit products, controlled interface devices and cross-domain solution technical insertions. Work will be performed in Manassas, Virginia, and is expected to be completed by May 2023. Fiscal 2021 other

procurement (Navy) funds in the amount of \$3,471,231 (51%); and fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$3,338,427 (49%) will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Sikorsky Aircraft Corp., a Lockheed Martin Co., Stratford, Connecticut, is awarded a \$9,788,692 cost-plus-fixed-fee, firm-fixed-price order (N61340-21-F-7002) against previously issued basic ordering agreement N00019-19-G-0029. This order provides for modifications and updates to the CH-53K 2F243-1 Containerized Flight Training Device. Additionally, this order provides flight test data analysis required to update and validate the CH-53K flight model with available flight test data; produces materials focused on pilot and aircrew conversion courseware and maintainer conversion courseware; and trains the schoolhouse instructors at the Center for Naval Aviation Technical Training Marine Unit, New River, North Carolina; and Marine Heavy Helicopter Training Squadron 302, in order to support initial operational capability. Work will be performed in New River, North Carolina (28%); Chantilly, Virginia (24%); Orlando, Florida (24%); Shelton, Connecticut (17%); and Binghamton, New York (7%), and is expected to be completed in September 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$9,788,692 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Warfare Center, Training Systems Division, Orlando, Florida, is the contracting activity.

March 15, 2021

Northrop Grumman Systems Corp., San Diego, California, is awarded an \$81,992,887 cost-plus-fixed-fee contract. This contract provides for sustainment, engineering, logistics, test, mission control, and operator training systems support for MQ-4C Triton unmanned aircraft systems (UAS). This effort also includes procurement of field service representatives and technical support to ensure that the MQ-4C Triton UAS aircraft are mission-capable for intelligence, surveillance, and reconnaissance missions supporting Triton's early operational capability and initial operating capability. In addition, this effort supports reach-back engineering support for both the Navy and the government of Australia MQ-4C Triton UAS assets. Work will be performed in Patuxent River, Maryland (36.5%); San Diego, California (22.5%); various locations outside the continental U.S. (12.7%); various locations within the continental U.S. (8.8%); Jacksonville, Florida (7.7%); Mayport, Florida (6.5%); and Baltimore, Maryland (5.3%), and is expected to be completed in March 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$52,700,590, fiscal 2021 operation and maintenance (Navy) funds in the amount of \$8,376,000; and foreign cooperative project funds in the amount of \$40,880 will be obligated at the time of award, \$8,376,000 of which will expire at the end of the current fiscal year. This contract was not competitively procured pursuant to 10 U.S. Code 2304(c)(1). The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N0001921C0060).

Northrop Grumman Systems Corp., Bethpage, New York, is awarded a \$52,206,297 cost-plus-fixed-fee and cost modification to previously awarded contract N00024-17-C-6311 for engineering services to support the Littoral Combat Ship mission modules. Work will be performed in Bethpage, New York (33%); Mayport, Florida (19%); San Diego, California (19%); Port Hueneme, California (19%); Pittsfield, Massachusetts (6%); and various locations, each less than 1% (4%), and is expected to be completed by March 2022. Fiscal 2021 operation and maintenance (Navy) (\$13,277,704; 61%); fiscal 2021 other procurement (Navy) (\$5,230,176; 24%); fiscal 2021 research, development, test, and evaluation (Navy) (\$2,605,997; 12%); and fiscal 2020 research, development, test, and evaluation (Navy) funding in the amount of \$780,325 (3%), will be obligated at the time of award. Funds in the amount of \$14,058,029 will

expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Stratascorp LLC, doing business as Stratascorp Technologies, Virginia Beach, Virginia, has been awarded a \$28,211,143 firm-fixed-price task order (N3220521F1092) to previously awarded firm-fixed-price, indefinite-delivery/indefinite-quantity contract (N3220519D1000). This task order is for continued command, control, communications, and computers (C4) afloat operations and sustainment support. The contractor will provide technical support services for the various C4 capabilities aboard Military Sealift Command's fleet of ships; the operation and sustainment of the MSC Network Operations Centers (MNOCs); and future C4 capabilities hosted at the Navy Fleet Network Operation Centers (FLTNOCs). The support includes, but is not limited to, knowledge management, cybersecurity, maintenance and sustainment, modernization, equipment, and asset management, MNOCs and future FLTNOCs, and training. The task order period of performance commences March 15, 2021, through Dec. 31, 2021. Fiscal 2021 working capital funds (Navy) in the amount of \$11,943,053; and fiscal 2021 working capital funds (Transportation) in the amount of \$7,349,104 are being incrementally funded at time of award. Fiscal 2022 working capital funds (Navy) in the amount of \$7,255,463; and fiscal 2022 working capital funds (Transportation) in the amount of \$1,663,523 will be obligated Sept. 30, 2021. Work under this task order will be performed at various world-wide locations. The Navy's Military Sealift Command, Norfolk, Virginia, is the contracting activity.

Hensel Phelps Construction Co., Honolulu, Hawaii, is awarded a \$24,500,000 firm-fixed-price task order N6274221F9927 under a multiple award construction contract for the design and construction of a fuel station at Marine Corps Base Guam, Joint Region Marianas, Guam. The task order also contains one unexercised option, which if exercised, would increase cumulative task order value to \$24,612,762. The work to be performed provides for the design and construction of a central fuel station to serve the Marine Corps base on Guam and to support its tactical activities. The project will include fueling stations, a fuel storage facility, a fuel administration building, and a generator building. The option, if exercised, provides for furniture, fixtures, and equipment. Work will be performed in Finegayan, Guam, and is expected to be completed by August 2023. Fiscal 2021 military construction (Navy) contract funds in the amount of \$24,500,000 are obligated on this award and will not expire at the end of the current fiscal year. Five proposals were received for this task order. Naval Facilities Engineering Systems Command Pacific, Joint Base Pearl Harbor-Hickam, Hawaii, is the contracting activity (N62742-19-D-1332).

General Electric Aircraft Engines, Lynn, Massachusetts, is awarded a \$23,826,287 modification (P00002) to firm-fixed-price order (N0001920F0843) against a previously issued basic ordering agreement (N0001920G0006). This modification exercises an option to procure eight complete CT7-8A6 spare engines and various engine components in support of the VH-92A Presidential Helicopter program for the Navy. Work will be performed in Lynn, Massachusetts (75.8%); and Erlanger, Kentucky (24.2%), and is expected to be completed in March 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$23,826,287 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

SOLPAC Construction Inc., doing business as Soltek Pacific Construction Co., San Diego, California, is awarded a \$21,960,000 firm-fixed-price task order N6247321F4392 under a multiple award construction contract for construction of a regional maintenance training facility at Travis Air Force Base, California. The task order also contains six unexercised options and two planned modifications, which if exercised, would increase the cumulative task order value to \$22,479,000. The work to be performed provides for the construction of a regional maintenance training facility that will house KC-46A maintenance training

devices and associated equipment, large scale mock-ups, classrooms, and training devices to provide specialized hands-on training. The options, if exercised, provide for enhanced flooring, a shade structure, a water softener, a depressed floor slab, and under-floor drains and conduits. Work will be performed at Travis Air Force Base, California, and is expected to be completed by January 2023. Fiscal 2017 military construction (Defense-wide) contract funds in the amount of \$4,581,647; and fiscal 2021 military construction (Defense-wide) contract funds in the amount of \$17,378,353 are obligated on this award and will not expire at the end of the current fiscal year. Two proposals were received for this task order. Naval Facilities Engineering Systems Command Southwest, San Diego, California, is the contracting activity (N62473-18-D-5855).

March 12, 2021

Q.E.D. Systems Inc., Virginia Beach, Virginia (N64498-21-D-0013); Huntington Ingalls Industries (HII) Fleet Support Group LLC, Virginia Beach, Virginia (N64498-21-D-0014); General Dynamics Information Technology Inc., Falls Church, Virginia (N64498-21-D-0015); Técnico Corp., Chesapeake, Virginia (N64498-21-D-0016); L-3 Unidyne Inc., Norfolk, Virginia (N64498-21-D-0017); Delphinus Engineering Inc., Eddystone, Pennsylvania (N64498-21-D-0018); Epsilon Systems Solutions Inc., Portsmouth, Virginia (N64498-21-D-0019); Serco Inc., Herndon, Virginia (N64498-21-D-0020); Continental Tide Defense Systems Inc., Wyomissing, Pennsylvania (N64498-21-D-0021); La Playa Inc., of Virginia, Chesapeake, Virginia (N64498-21-D-0022); and Oceaneering International Inc., Chesapeake, Virginia (N64498-21-D-0023), are awarded a combined maximum dollar value of \$778,932,139 cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity, multiple award contract for the procurement of engineering and technical support services in support of the Hull, Mechanical and Electrical Systems Modernization Program for the Naval Surface Warfare Center, Philadelphia Division. Each awardee will be awarded \$2,000 (minimum contract guarantee per awardee) at contract award. Q.E.D. Systems, Inc. is awarded \$2,000 and the total value will be up to \$720,469,303. HII Fleet Support Group LLC is awarded \$2,000 and the total value will be up to \$768,902,443. General Dynamics Information Technology Inc. is awarded \$2,000 and the total value will be up to \$804,155,104. Técnico Corp. is awarded \$2,000 and the total value will be up to \$814,812,661. L-3 Unidyne Inc. is awarded \$2,000 and the total value will be up to \$826,835,591. Epsilon Systems Solutions Inc. is awarded \$2,000 and the total value will be up to \$841,014,199. Serco Inc. is awarded \$2,000 and the total value will be up to \$877,402,903. Continental Tide Defense Systems Inc. is awarded \$2,000 and the total value will be up to \$912,529,146. La Playa Inc. of Virginia is awarded \$2,000 and the total value will be up to \$920,885,225. Delphinus Engineering Inc. is awarded \$2,000 and the total value will be up to \$932,897,858. Oceaneering International Inc. is awarded \$2,000 and the total value will be up to \$955,113,643. It is estimated that work will be performed on the East Coast (45%); West Coast (40%); and outside continental U.S. (15%), at the following locations: Norfolk, Virginia; San Diego, California; Mayport, Florida; Pearl Harbor, Hawaii; Everett, Washington; Bremerton, Washington; Groton, Connecticut; Portsmouth, New Hampshire; Yokosuka, Japan; Sasebo, Japan; Rota, Spain; Manama, Bahrain; Portland, Oregon; and Yokohama, Japan. Work will be assigned according to individual task orders and is expected to be completed by March 2027. Fiscal 2021 operation and maintenance funding in the amount of \$22,000 will be obligated at time of award and will expire at the end of the current fiscal year. All other funding will be made available at the task order level as contracting actions occur. This multiple award contract was competitively procured via the Federal Business Opportunities website with 11 offers received. The Naval Surface Warfare Center, Philadelphia Division, Philadelphia, Pennsylvania, is the contracting activity.

Lockheed Martin Space, Titusville, Florida, is awarded a \$558,841,361 fixed-price-incentive and cost-plus-incentive-fee modification (P00007) to exercise options under previously awarded contract N00030-20-C-0100 for Trident II (D5) missile production and deployed systems support. Work will be performed in Magna, Utah (30.8%); Sunnyvale, California (13.0%); Denver, Colorado (9.9%); Cape Canaveral, Florida (8.3%); Titusville, Florida (6.3%); Camden, Arkansas (4.3%); Kings Bay, Georgia (4.1%); Kingsport, Tennessee (3.8%); Pittsfield, Massachusetts (2.6%); El Segundo, California (2.4%); Rockford, Illinois (2.1%); Biddeford, Maine (1.5%); Clearwater, Florida (1.4%); Inglewood, California (1.4%); Lancaster, Pennsylvania (1.1%); Elma, New York (1%); and other various locations (less than 1% each, 6% total). Work is expected to be completed Sept. 30, 2026. Fiscal 2021 weapons procurement (Navy) funds in the amount of \$477,091,291; United Kingdom funds in the amount of \$73,747,000; and fiscal 2020 weapons procurement (Navy) in the amount of \$8,003,070 are being obligated on this award, none of which will expire at the end of the current fiscal year. This contract is being awarded to the contractor on a sole-source basis under 10 U.S. Code 2304(c)(1) and was previously synopsised on the Federal Business Opportunities website. Strategic Systems Programs, Washington, D.C., is the contracting activity.

Continental Maritime of San Diego LLC, San Diego, California, was awarded a \$32,520,591 firm-fixed-price contract for a combination of maintenance, modernization and repair of the USS Somerset (LPD-25) to execute fiscal 2021 selected restricted availability. This contract includes options, which, if exercised, would bring the cumulative value of this contract to \$38,430,515. Work will be performed in San Diego, California, and is expected to be completed by June 2022. Fiscal 2021 other procurement (Navy) funding in the amount of \$30,159,435 (97%) will be obligated at time of award and will not expire at the end of the current fiscal year. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$2,361,156 (7%) will be obligated at time of award and will expire at the end of the current fiscal year. This contract was competitively procured using full and open competition via the Federal Business Opportunities website, with two offers received in response to solicitation N00024-21-R-4456. The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-C-4456). (Awarded March 10, 2021)

Raytheon Missiles and Defense, Tucson, Arizona, is awarded a \$31,950,403 firm-fixed-price modification to previously awarded contract N00024-18-C-5432 to exercise options for encanistered missiles, fire control suite and launching mechanism for the Over-the-Horizon weapon system. Work will be performed in Kongsberg, Norway (75%); Tucson, Arizona (15%); Schrobenhausen, Germany (4%); Raufoss, Norway (3%); McKinney, Texas (2%); and Louisville, Kentucky (1%), and is expected to be completed by March 2023. Fiscal 2021 weapons procurement (Navy) funding in the amount of \$28,074,331 (88%); fiscal 2021 other procurement (Navy) funding in the amount of \$2,322,864 (7%); fiscal 2020 shipbuilding and conversion (Navy) funding in the amount of \$1,161,432 (3%); fiscal 2021 shipbuilding and conversion (Navy) funding in the amount of \$191,776 (1%); and fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$200,000 (1%), will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Bell Boeing Joint Project Office, Amarillo, Texas, is awarded a \$25,624,720 cost-plus-fixed-fee order (N00019-21-F-0008) against previously issued basic ordering agreement N00019-17-G-0002. This order provides flight test support for the V-22 aircraft in support of the Navy, Air Force, and Foreign Military Sales (FMS) customers. Work will be performed in Patuxent River, Maryland (68%); Philadelphia, Pennsylvania (17%); Fort Worth, Texas (11%); and Hurlburt Field, Florida (4%), and is expected to be completed in March 2026. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$10,798,744; fiscal 2021 aircraft procurement (Navy) funds in the amount of \$7,566,405; fiscal

2021 aircraft procurement (Air Force) funds in the amount of \$3,294,642; fiscal 2021 research, development, test and evaluation (Air Force) funds in the amount of \$2,194,929; and FMS funds in the amount of \$1,770,000 will be obligated at time of award, and will not expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Raytheon Missiles and Defense, Tucson, Arizona, is awarded a \$9,231,000 cost-plus-fixed-fee modification to previously awarded contract N00024-17-C-5410 to exercise an option and provide funding for engineering and technical services in support of Standard Missile (SM-2/6). Work will be performed in Tucson, Arizona (85%); Australia (4%); Japan (3%); South Korea (2%); Spain (2%); Taiwan (2%); Netherlands (1%); and Germany (1%), and is expected to be completed by December 2021. Fiscal 2021 research, development, test, and evaluation (Navy) funds in the amount of \$5,374,000 (58%); fiscal 2021 weapons procurement (Navy) funds in the amount of \$2,500,000 (27%); and Foreign Military Sales funds (governments of Denmark, Germany, Japan, and Korea) in the amount of \$1,357,000 (15%) will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Ocean Ships Inc., Houston, Texas, is awarded a \$7,549,256 modification (P00096) to exercise and fund an option. This third 12-month option is part of a firm-fixed-price contract with reimbursable elements for the operation and maintenance of Gordon-class surge large, medium speed roll-on, roll-off vessels USNS Gordon (T-AKR 296) and USNS Gilliland (T-AKR-298); as well as USNS Shughart-class surge large, medium-speed roll-on, roll-off vessels USNS Shughart (T-AKR 295) and USNS Yano (T-AKR 297). This contract includes a 12-month base period, four 12-month option periods and Federal Acquisition Regulation clause 52.217-8 (option to extend services) which, if exercised, would bring the cumulative value of this contract to \$220,028,462. Work will be performed at sea worldwide and is expected to be completed, if all options are exercised, by March 15, 2023. The option will be funded by fiscal 2021 working capital contract funds (transportation) at the time the option is exercised, and will not expire at the end of the fiscal year. The Military Sealift Command, Norfolk, Virginia, is the contracting activity (N32205-17-C-3001).

March 11, 2021

Lockheed Martin Space, Littleton, Colorado, is being awarded a cost-plus-fixed-fee, cost-plus-incentive-fee \$1,537,874,213 modification (PZ0023) to previously awarded and announced un-priced letter contract modifications PH0001 and PH0006 to contract N00030-19-C-0025 for the design, development, build and integration of equipment for missile flight test demonstrations and fielding. This modification provides the definitization of the un-priced letter contract modifications PH0001 and PH0006. The total cumulative face value of the contract is \$2,826,155,717. Work will be performed in Denver, Colorado (32.1%); Sunnyvale, California (19%); Magna, Utah (12.9%); Pittsfield, Massachusetts (5.3%); East Aurora, New York (3.1%); Huntsville, Alabama (3.1%); Baltimore, Maryland (2.9%); Tucson, Arizona (2.2%); Cambridge, Massachusetts (1.8%); Michoud, Louisiana (1.4%); Simsbury, Connecticut (1%); and various other locations (less than 1% each, 15.2% total). Work is expected to be completed Feb. 25, 2024. No funds will be obligated at time of award. Strategic Systems Programs, Washington, D.C., is the contracting activity.

Sikorsky Aircraft Corp., a Lockheed Martin Co., Stratford, Connecticut, is awarded a \$155,240,914 modification (P00002) to previously awarded firm-fixed-price advanced acquisition contract N00019-20-C-0047. This modification exercises an option to provide long lead parts and components in support of nine Lot Six CH-53K aircraft. Work will be performed in Stratford, Connecticut, and is expected to be

completed in February 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$155,240,914 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

B. L. Harbert International LLC, Birmingham, Alabama, is awarded a \$25,645,906 firm-fixed-price contract for the construction of aviation facilities at Naval Air Station Joint Reserve Base New Orleans, Louisiana. The contract also contains one unexercised option, which if exercised, would increase cumulative contract value to \$26,121,735. The work to be performed provides for the construction of an aerospace control alert facility and apron, to include aircraft shelters, aircrew alert quarters, utilities, communication support, site improvements, exterior lighting and security upgrades. The option, if exercised, provides for furniture, fixtures and equipment. Work will be performed in New Orleans, Louisiana, and is expected to be completed by October 2024. Fiscal 2019 military construction (Air National Guard) contract funds in the amount of \$25,645,906 are obligated on this award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with two proposals received. Naval Facilities Engineering Command, Southeast, Jacksonville, Florida, is the contracting activity (N69450-21-C-0005).

Northrop Grumman Systems Corp., Bethpage, New York, is awarded a \$17,578,531 fixed-price, incentive-firm and firm-fixed-price modification to previously awarded contract N00024-17-C-6311 for procurement of six organic airborne mine countermeasure module kits, six reduced weight common support containers, 20 reduced weight basic outfitting assemblies (20 feet), and six common support container kits for integration into the Littoral Combat Ship framework. Work will be performed in Portsmouth, Virginia (45%); Marion, Virginia (45%); and Bethpage, New York (10%), and is expected to be completed by April 2024. Fiscal 2021 other procurement (Navy) funds in the amount of \$17,578,531 will be obligated at the time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Philadelphia Ship Repair LLC, Philadelphia, Pennsylvania, is awarded a \$16,243,619 firm-fixed-price contract (N32205-21-C-4065) for a 46-calendar-day shipyard availability for the regular overhaul and dry docking for the dry cargo, ammunition ship USNS Robert E. Perry (T-AKE 5). The contract includes options which, if exercised, would bring the total contract value to \$16,761,804. Work will be performed in Philadelphia, Pennsylvania, and is expected to be completed by May 31, 2021. Contract funds in the amount of \$16,243,619 are obligated in fiscal 2021 using working capital funds (Navy). This contract was solicited as a small business set-aside via the beta.SAM.gov website and one offer was received. The Military Sealift Command, Norfolk, Virginia, is the contracting activity.

Lockheed Martin Sippican Inc., Marion, Massachusetts, is awarded a \$13,588,595 cost-plus-incentive fee and cost-only modification to previously awarded contract N00024-18-C-6408 to exercise options for engineering and maintenance services for the Heavyweight MK48 Torpedo program at the Intermediate Maintenance Activity, Pearl Harbor, Hawaii. Work will be performed in Pearl Harbor, Hawaii, and is expected to be completed by March 2022. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$11,533,640 will be obligated at time of award and will expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Southern California Gas Co. (SoCalGas), San Diego, California, is awarded a \$9,009,792 firm-fixed-price task order (N62473-21-F-4110) under the basic ordering agreement (BOA) N62473-18-G-5612 for energy conservation measures at Naval Weapons Station Seal Beach, Seal Beach, California. The work to be performed provides for energy conservation and resiliency measures that includes installing high

efficiency dehumidification systems; upgrading heating, ventilation, and air conditioning; air distribution and controls systems; installing new and recommissioning existing irrigation controls; redesign, repair and recommission of photovoltaic systems; and performing lighting retrofits and replacements. Work will be performed in Seal Beach, California, and is expected to be completed by February 2022. No funds will be obligated at the time of award. This project will utilize third party financing through the utility company in the amount of \$9,009,792. The energy conservation project will be amortized for a term of 21 years with an annual rate of 3.27%, and the payment will be included as a separate utility bill submitted annually based upon the amortization schedule for a grand total cost of \$12,815,550. This task order falls under the terms and conditions of the BOA with SoCalGas. The BOA allows for services without full and open competition pursuant to the statutory authorities of 10 U.S. Code 2304 and 10 U.S. Code 2913. Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity (N62473-18-G-5612).

March 10, 2021

Northrop Grumman Systems Corp., Rolling Meadows, Illinois, is awarded an \$115,504,295 modification (P00013) to previously awarded, fixed-price incentive (firm target) contract N00019-19-C-0011. This modification exercises an option to procure the necessary Weapon Replaceable Assemblies (WRAs) hardware, systems engineering technical support, analysis and studies to integrate the Department of Navy Large Aircraft Infrared Countermeasures system onto aircraft for the Navy, Air Force and the government of Australia. WRAs hardware procurements are as follows: 228 advanced threat warning (ATW) sensors; 79 control indicator unit replaceable (CIURs); 25 2103 signal processors; 54 infrared missile warning sensors (IRMWSs); 101 Guardian laser transmitter assemblies (GLTAs); seven multi-role electro-optical end-to-end test sets; 83 GLTA shipping containers (JPACs); 60 high capacity cards (HCCs); nine large aircraft system processor replacement (LSPR) smart connector assemblies (SCAs) and 282 personal computer memory card, international association cards for the Navy; 65 ATW sensors; three CIURs; six GLTAs; 12 HCCs and six LSPR SCAs for the Air Force; two GLTAs; 12 IRMWSs; two GLTA shipping containers JPACs; and two LSPR SCAs for the government of Australia. Work will be performed in Rolling Meadows, Illinois (34%); Goleta, California (30%); Longmont, Colorado (11%); Columbia, Maryland (3%); and various locations outside the continental U.S. (22%), and is expected to be completed in June 2023. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$67,792,213; fiscal 2021 aircraft procurement (Air Force) funds in the amount of \$12,567,298; fiscal 2020 aircraft procurement (Navy) funds in the amount of \$10,408,527; fiscal 2019 aircraft procurement (Navy) funds in the amount of \$22,240,967; and Foreign Military Sales funds in the amount of \$2,495,290 will be obligated at the time of award, \$22,240,967 of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Chenega IT Enterprise Services LLC, Lorton, Virginia, is awarded a \$25,000,000 firm-fixed-price, indefinite-delivery/indefinite-quantity single award contract to provide professional information technology support services to the deputy commandant of the Marine Corps for installations and logistics. Work will be performed in Stafford, Virginia, and is expected to be completed March 2024. Fiscal 2021 operation and maintenance (Marine Corps) funds in the amount of \$4,931,549 is being obligated under the contract's initial task order to fund the minimum guarantee and will expire at the end of the current fiscal year. This contract was awarded on a sole-source basis as authorized and in accordance with Section 8(a) of the Small Business Act (15 U.S. Code 637(a)(1)). The Marine Corps Installations Command, Arlington, Virginia, is the contracting activity (M95494-21-D-0003).

Azure Summit Technology Inc., Fairfax, Virginia, is awarded a \$22,341,683 modification to previously awarded, indefinite-delivery/indefinite-quantity contract N00164-17-D-JT09 for production, repairs, engineering services and integration of the Common Chassis AN/ZLQ-1 V2 Derivative Systems digital signal processor, digital tuner modules, switches, as well as maintenance, product improvement and testing. The contract value will increase from \$48,234,184 to \$70,575,867. This action supports an increase in the contract maximum for continued support under a Small Business Innovative Research Phase III. Work will be performed in Melbourne, Florida (67%); Fairfax, Virginia (30%); and Snohomish, Washington (3%), and is expected to be completed by January 2022. No funding will be obligated at time of award. This contract action was not competitively procured via the beta SAM.gov website. This is a sole-source action in accordance with Federal Acquisition Regulation 6.302-5, authorized or required by statute. The Naval Surface Warfare Center, Crane Division, Crane, Indiana, is the contracting activity.

March 9, 2021

Network and Simulation Technologies Inc., Middletown, Rhode Island, is awarded a \$58,907,543 non-commercial, cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract that will include terms and conditions for the placement of firm-fixed-price task orders for support services for war-gaming, education and research in support of the Naval War College. The contract will include a five-year ordering period with no options. The ordering period is expected to begin April 2021 and be completed by April 2026. All work will be performed in Newport, Rhode Island. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$10,000 will be obligated to fund the contract's minimum amount and funds will expire at the end of the fiscal year. Individual task orders will be subsequently funded with appropriate fiscal year appropriations at the time of their issuance. This contract was competitively procured with the solicitation posted on Navy Electronic Commerce Online and beta.SAM.gov as a service-disabled veteran-owned small business set-aside, with seven offers received. Naval Supply Systems Command Fleet Logistics Center Norfolk, Contracting Department, Philadelphia Office, Philadelphia, Pennsylvania, is the contracting activity (N00189-21-D-Z018).

Eagle Systems Inc., California, Maryland, is awarded a \$26,903,222 cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract. This contract provides engineering, technical, administrative and program management support services, including support equipment test technology design and integration, support equipment test and evaluation, laboratory and facility operations and maintenance, integrated program teams engineering and technical assistance and modification/repair of support equipment end items/components. Work will be performed in Patuxent River, Maryland (75%); Lakehurst, New Jersey (9%); Point Mugu, California (3%); Oceana, Virginia (3%), and various locations within the continental U.S. (10%), and is expected to be completed in March 2026. No funds will be obligated at time of award and funds will be obligated on individual orders as they are issued. This contract was competitively procured via an electronic request for proposal; one offer was received. The Naval Air Warfare Center Aircraft Division, Patuxent River, Maryland, is the contracting activity (N00421-21-D-0013).

Lockheed Martin Aculight Corp., Bothell, Washington, is awarded a \$20,141,872 cost-plus-incentive-fee modification to previously awarded contract N00024-18-C-5392 to exercise options for technical engineering services and sustainment labor for High Energy Laser and Integrated Optical-dazzler with surveillance system. Work will be performed in Bothell, Washington (52%); Moorestown, New Jersey (31%); Owego, New York (9%); Marion, Massachusetts (3%); Clearwater, Florida (3%); Manassas, Virginia (1%); and various other locations totaling 1% and is expected to be completed by September 2022. Fiscal 2021 research, development, test, and evaluation (Navy) funds in the amount of \$1,100,000

will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Serco Inc., Herndon, Virginia, is awarded a \$15,326,863 cost-plus-fixed-fee modification under previously-awarded indefinite-delivery/indefinite-quantity contract N61331-18-D-0007 to exercise options for the development, integration, testing and evaluation of prototype systems into existing or emerging unmanned vehicles, unmanned weapons and unmanned weapons control systems related to mine warfare, amphibious warfare, surface warfare, diving and life support, coastal and underwater intelligence, surveillance and reconnaissance and other missions in the littoral and riverine environments. Work performance locations will be determined with each order and is expected to be completed by March 2023. No funding will be obligated at time of award. The Naval Surface Warfare Center, Panama City Division, Panama City, Florida, is the contracting activity.

Leebcor Services LLC, Williamsburg, Virginia, is awarded a firm-fixed-price task order N69450-21-F-0112 at \$9,428,335 under a multiple award construction contract for bulkhead repair and restoration at Atlantic Undersea Test and Evaluation Center, Bahamas. Work will be performed in Andros Island, Bahamas, and is expected to be completed by August 2022. The work to be performed includes repair and restoration construction services for the marine fuel facilities bulkhead rehabilitation. This includes removal of existing hardware and extruded fenders in assigned areas, installation of new arch fenders in assigned areas, repair of concrete facing and deck slab, cleaning and recoating eight cleats and one mooring bollard, installation of approximately 264 feet of combi-wall and construction of a concrete cap. Fiscal 2021 Navy working capital fund contract funds in the amount of \$9,428,335 are obligated on this award and will not expire at the end of the current fiscal year. Three proposals were received for this task order. The Naval Facilities Engineering Systems Command, Southeast, Jacksonville, Florida, is the contracting activity (N69450-16-D-1113).

March 8, 2021

BAE Systems San Diego Ship Repair, San Diego, California, is awarded a \$34,729,132 firm-fixed-price contract for a combination of ship maintenance, modernization and repair of the USS Russell (DDG 59) to execute fiscal 2021 selected restricted availability. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$49,973,764. This is a Chief of Naval Operations scheduled selected restricted availability. The purpose is to maintain, modernize and repair the USS Russell. This is a "long-term" availability and was solicited on a coast-wide (west coast) basis without limiting the place of performance to the vessel's homeport. BAE will provide the facilities and human resources capable of completing, coordinating and integrating multiple areas of ship maintenance, repair and modernization for USS Russell. Work will be performed in San Diego, California, and is expected to be completed by September 2022. Fiscal 2021 other procurement (Navy) (\$33,595,120; 97%); and 2021 operation and maintenance (Navy) (\$1,134,012; 3%) funding will be obligated at time of award. Funding in the amount of \$1,134,012 will expire at the end of the current fiscal year. This contract was competitively procured using full and open competition via the Federal Business Opportunities website with three offers were received in response to solicitation no. N00024-21-R-4456. Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-C-4455).

General Dynamics Electric Boat, Groton, Connecticut, is awarded a \$15,024,498 cost-plus-fixed-fee modification to previously awarded contract N00024-09-C-2104 for the exercise of previously priced options for continued execution of USS Delaware (SSN 791) post-delivery work period. General Dynamics Electric Boat will perform planning and execution efforts in preparation to accomplish the

maintenance, repair, alterations, testing and other work on USS Delaware (SSN 791) during its scheduled post-delivery work period. Work will be performed in Groton, Connecticut, and is expected to be completed by July 2021. Fiscal 2020 shipbuilding and conversion (Navy) funds in the amount of \$15,024,498 will be obligated at contract award and will not expire at the end of the current fiscal year. The Supervisor of Shipbuilding Conversion and Repair, Groton, Connecticut, is the contracting activity.

March 5, 2021

Advancia Aeronautics LLC, Milwaukee, Wisconsin, is awarded a \$48,000,000 firm-fixed-price indefinite-delivery/indefinite-quantity contract. This contract provides Severe Acute Respiratory Syndrome Coronavirus 2 collection kits, laboratory operation and testing site standup, including all necessary support services to provide on-site COVID-19 screening testing capability for asymptomatic personnel for the purpose of establishing infection rates and mitigating the risk of spread across the Naval Air Systems Command enterprise. Work will be performed in various locations within the continental U.S., and is expected to be completed in December 2021. No funds will be obligated at time of award; funds will be obligated on individual orders as they are issued. This contract was competitively procured as a small business set-aside; 18 bids were received. The Commander, Fleet Readiness Centers, Patuxent River, Maryland, is the contracting activity (N68520-21-D-0003).

American Rheinmetall Munition Inc., Stafford, Virginia, is awarded a \$16,000,000 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for grenade first article units, nine-bang flash bang diversionary hand grenades production units, inert diversionary grenades and cutaway diversionary grenades. This procurement is for grenade first article unit and the nine-bang flash bang grenades that are sound and flash devices, producing an intense light and sound display, used as a non-lethal means to distract and disorient in hostile environments that require less than lethal force. Inert and cutaway of the production units will be used for demonstration and teaching purposes. This procurement is in support of the U.S. Special Operations Command. Work will be performed in Trittau, Germany, and is expected to be completed by March 2026. Fiscal 2021 ammunition procurement (Navy and Marine Corps) funding in the amount of \$399,696 will be obligated at the time of award and will not expire at the end of the current fiscal year. This contract was competitively procured on the basis of full and open competition and three offers were received via the beta.SAM.gov website. The Naval Surface Warfare Center, Crane Division, Crane, Indiana, is the contract activity (N00164-21-D-JR77).

General Dynamics Electric Boat, Groton, Connecticut, is awarded a \$13,420,686 cost-plus-fixed-fee modification to previously awarded contract N00024-21-C-2103 to exercise an option for engineering and technical design effort to support research and development concept formulation for current and future submarine platforms. Work will be performed in Groton, Connecticut (96.1%); Bremerton, Washington (1.7%); Kings Bay, Georgia (1.7%); and Newport, Rhode Island (.5%), and is expected to be completed by September 2021. Fiscal 2021 research, development, test and evaluation (Navy) funding in the amount of \$250,000 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured and is a sole-source award pursuant to 10 U.S. Code 2304(c)(3) – Industrial Mobilization. The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-C-2103).

March 4, 2021

Booz Allen Hamilton Inc., McLean, Virginia (N66001-21-D-0053); General Dynamics Information Technology Inc., Falls Church, Virginia (N66001-21-D-0054); HII Mission Driven Innovative Solutions Inc., Huntsville, Alabama (N66001-21-D-0055); KAB Laboratories Inc., San Diego, California (N66001-21-D-0056); Leidos Inc., Reston, Virginia (N66001-21-D-0057); Northrup Grumman Systems Corp., McLean, Virginia (N66001-21-D-0058); Parsons Government Services Inc., Pasadena, California (N66001-21-D-0059); Peraton Inc., Herdon, Virginia (N66001-21-D-0060); Science Applications International Corp., Reston, Virginia (N66001-21-D-0061); Solute Inc., San Diego, California (N66001-21-D-0062); and Trandes Corp., Virginia Beach, Virginia (N66001-21-D-0063), are awarded a \$145,395,547 indefinite-delivery/indefinite-quantity, multiple-award contract with cost-plus-fixed-fee and cost-with-no-fee pricing by the Naval Information Warfare Center Pacific. Technical support includes systems engineering, program and configuration management, hardware and software development, installation, maintenance, sustainment, and training in support of intelligence, surveillance and reconnaissance (ISR) activities, ISR systems, and cybersecurity operations. This three-year contract includes one two-year option period which, if exercised, would bring the overall potential value of this contract to an estimated \$249,743,883. Work will be performed in San Diego, California (90%); and outside the continental U.S. (10%). The period of performance of the base award is from March 3, 2021, through March 2, 2024. If all options are exercised, the period of performance would extend through March 2, 2026. Awardees will have the opportunity to compete for task orders during the ordering period. No funds will be obligated at the time of award. Fiscal 2021 funds will be obligated as task orders are issued using operations and maintenance (Navy); Working Capital Fund (DOD); Department of Homeland Security; and research, development, test and evaluation (Navy) funds. This contract was competitively procured via a request for proposal (N66001-20-R-3412) published on the beta.SAM.gov web site and the Naval Information Warfare Systems Command e-Commerce Central web site. Twenty-two offers were received and 11 were selected for award. Naval Information Warfare Center Pacific, San Diego, California, is the contracting activity. (Awarded March 3, 2021)

Hensel Phelps Construction Co., Honolulu, Hawaii, is awarded a firm-fixed-price task order (N62478-21-F-4079) at \$83,558,000 under a multiple award construction contract for repair of administrative spaces at various locations in Oahu, Hawaii. The work to be performed is to convert the existing facilities into intermittent administrative spaces for Commander, Pacific Fleet. This includes the repair of existing spaces, design and construction of office spaces, administrative spaces, conference rooms and other required support spaces; renovation and reconfiguration of restrooms; wall and ceiling painting; and providing air conditioning, lighting and fire alarm systems and fire-rated passageways for emergency egress. Work will be performed in Oahu, Hawaii, and is expected to be completed by May 2022. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$83,558,000 are obligated on this award and will not expire at the end of the current fiscal year. Three proposals were received for this task order. Naval Facilities Engineering Command, Hawaii, Joint Base Pearl Harbor-Hickam, Hawaii, is the contracting activity (N62478-20-D-4003).

Patriot Contract Services, Concord, California (N32205-21-C-3009), is awarded a \$40,257,640 firm-fixed-price contract for the operation and maintenance of eight government-owned large, medium-speed, roll-on, roll-off vessels. The vessels under this award include U.S. Naval Ship (USNS) Watson (T-AKR 310); USNS Sisler (T-AKR 311); USNS Dahl (T-AKR 312); USNS Red Cloud (T-AKR 313); USNS Charlton (T-AKR 314); USNS Watkins (T-AKR 315); USNS Pomeroy (T-AKR 316); and USNS Soderman (T-AKR 317). Work will be performed worldwide, with an expected completion date of March 31, 2026. The maximum dollar value, including the base period and four option years, is \$455,164,762. Working capital funds (Navy) in the amount of \$10,755,397; and working capital funds (transportation) in the amount of \$29,502,243 are being obligated for the fiscal 2021 at time of award. Contract funds in the amount of

\$40,257,640 will not expire at the end of the current fiscal year. This contract was competitively procured under solicitation number via the Federal Business Opportunities website (now beta.SAM.gov contracting opportunities) and six offers were received. Military Sealift Command, Norfolk, Virginia, is the contracting activity.

Hercules Fence Co., Inc., Norfolk, Virginia, is awarded an indefinite-delivery/indefinite-quantity contract with a maximum amount of \$37,072,090 for maintenance, repair and alteration of fences, high security fencing and incidental work related to fences at locations in the Hampton Roads, Virginia area. The initial task order is being awarded at \$5,000 for the minimum guarantee. The work to be performed includes providing security fences and gates to define the perimeter of protected areas and to provide deterrents to entry. This work includes but not limited to the installation of vehicle barriers and bollards, digital keyless and card reader entry systems, grounding, concrete barriers and underground tunneling prevention. Work will be performed in Hampton Roads, Virginia, and is expected to be completed by March 2026. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$5,000 are obligated on this award and will expire at the end of the current fiscal year. One proposal was received for this contract. Naval Facilities Engineering Systems Command, Mid-Atlantic, Norfolk, Virginia, is the contracting activity (N40085-21-D-0031).

Diversified Maintenance Systems, Sandy, Utah, is awarded an indefinite-delivery/indefinite-quantity contract with a maximum amount of \$20,000,000 for plumbing, heating, ventilation and air-conditioning installation projects at various locations within Marine Corps Base, Camp Pendleton, California; and Naval Weapons Station, Seal Beach, California. No task orders are being issued at this time. The work to be performed provides for the design, construction, supervision, equipment, material, labor and all means necessary for plumbing, heating, ventilation and air-conditioning installation projects. Work is expected to be completed by March 2026. Fiscal 2021 operation and maintenance (Navy) (O&M,N) contract funds in the amount of \$2,000 are obligated on this award and will expire at the end of the current fiscal year. Future task orders will be primarily funded by military construction (Navy); O&M,N; and O&M (Marine Corps). This contract was competitively procured via the beta.SAM.gov website with five proposals received. Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity (N62473-21-D-2602).

Serco Inc., Herndon, Virginia, is awarded a \$9,664,230 task order to previously awarded cost-plus-fixed-fee, firm-fixed-price, indefinite-delivery/indefinite-quantity contract N00174-18-D-0018 for Close-In Weapons System (CIWS) waterfront installation support on USS Theodore Roosevelt (CVN-71). The Naval Surface Warfare Center (NSWC) Indian Head Division has a requirement for CIWS waterfront installation support. This contract was awarded on a competitive basis in September 2018. This contract provides support in performing the functions of an Alteration Installation Team with the installation of ship alterations, ship change documents, and ordnance alterations as related to the CIWS on Navy, Army, Coast Guard, and Foreign Military Sales vessels. Work will be performed in Bremerton, Washington (59%); and Norfolk, Virginia (41%), and is expected to be completed by December 2022. Fiscal 2021 weapons procurement (Navy) funds in the amount of \$9,664,230 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Surface Warfare Center, Indian Head Division, Indian Head, Maryland, is the contracting activity.

The Whiting-Turner Contracting Co., Bethlehem, Pennsylvania, is awarded an \$8,514,119 firm-fixed-price contract for replacing the cooling water system in Building 633 located at the Philadelphia Naval Business Center in Philadelphia, Pennsylvania. The work to be performed will replace the existing river water cooling system with a new cooling tower to provide a reliable source of cooling water on demand, while

minimizing environmental impacts. Work will be performed in Philadelphia, Pennsylvania, and is expected to be completed by April 2022. Fiscal 2021 Navy working capital funds in the amount of \$8,514,119 are obligated on this award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with three proposals received. Naval Facilities Engineering Systems Command, Mid-Atlantic, Norfolk, Virginia, is the contracting activity (N40085-21-C-0025).

March 3, 2021

L3 Harris Technologies, Clifton, New Jersey, is awarded a \$72,362,191 modification (P00002) to previously awarded firm-fixed-price contract N00019-20-C-0002. This modification exercises the option to procure 19 full rate production Lot 18 integrated defensive electronic countermeasures AN/ALQ-214 A(V)4 onboard jammer systems for the F/A-18 aircraft. In addition, this modification provides for the procurement of 11 weapons replaceable assembly (WRA)1 A(V)4 receiver/processors; and 13 WRA2 A(V)4 modulators for Navy Supply Systems Command. Work will be performed in Clifton, New Jersey (59%); San Jose, California (14%); San Diego, California (7%); Rancho Cordova, California (5%); Mountain View, California (3%) and various locations within the continental U.S. (12%), and is expected to be completed in August 2024. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$72,362,191 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

ERAPSCO JV (Sparton Corp. and Ultra Electronics – USSI), Columbia City, Indiana, is awarded a \$71,324,800 firm-fixed-price modification (P00012) to previously awarded indefinite-delivery/indefinite-quantity contract N00019-19-D-0032. This modification exercises an option for the production and delivery of a maximum quantity of 20,000 AN/SSQ-125 production sonobuoys in support of annual training, peacetime operations and testing expenditures and maintaining sufficient inventory to support the execution of major combat operations determined by the Naval Munitions Requirements Process for the Navy and Foreign Military Sales customers. Work will be performed in De Leon Spring, Florida (51%); and Columbia City, Indiana (49%), and is expected to be completed in March 2023. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

SOLPAC Construction Inc., doing business as Soltek Pacific Construction Co., San Diego, California, is awarded firm-fixed-price task order N62473-21-F-4428 at \$44,444,000 under a multiple award construction contract for construction of the Technical Services Laboratory and Ordnance Testing and Evaluation Facility at Naval Air Weapons Station, China Lake, California. The task order also contains eight unexercised options which, if exercised, would increase cumulative task order value to \$46,785,895. The work to be performed provides for the construction of a technical services laboratory facility to include offices, labs, workshops and storage. The work also provides for the construction of an ordnance test support facility to include offices and light industrial shop spaces. The low-rise construction includes reinforced concrete foundation and floors, steel frame, concrete and/or metal panel walls and standing seam metal roof. The options, if exercised, provide for the electrical security system, furniture, fixtures and equipment. Work will be performed in Ridgecrest, California, and is expected to be completed by May 2023. Fiscal 2020 military construction (Navy) contract funds in the amount of \$44,444,000 are obligated on this award and will not expire at the end of the current fiscal year. Seven proposals were received for this task order. Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity (N62473-18-D-5855).

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Fort Worth, Texas, is awarded a \$38,659,327 modification (P00004) to previously awarded cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract N00019-18-D-0129. This modification exercises an option for ordering emerging capabilities and analysis systems engineering to include programmatic and logistics tasks that will analyze the F-35 air system's ability to meet future operational requirements, investigating cost and weight reduction program options and conducting modeling and simulation activities. Additional assessments may include such efforts as analyzing changes to design life, operational readiness, reliability and air system design and configuration. Work will be performed in Fort Worth, Texas, and is expected to be completed in December 2021. No funds are being obligated at time of award; funds will be obligated on individual orders as they are issued. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Booz Allen Hamilton Inc., McLean, Virginia (N66001-21-D-0070); Exceptional Employees for Exceptional Results Corp., San Diego, California (N66001-21-D-0071); G2 Software Systems Inc., San Diego, California (N66001-21-D-0072); KAB Laboratories Inc., San Diego, California (N66001-21-D-0073); Kratos Defense & Rocket Support Services Inc., San Diego, California (N66001-21-D-0074); M.C. Dean Inc., Tysons, Virginia (N66001-21-D-0075); Parsons Government Services Inc., Pasadena, California (N66001-21-D-0076); Science Applications International Corp., Reston, Virginia (N66001-21-D-0077); Sentar Inc., Huntsville, Alabama (N66001-21-D-0078); Systems Technology Forum Ltd., Fredericksburg, Virginia (N66001-21-D-0079); and Transtecs Corp., Arlington, Virginia (N66001-21-D-0080), are awarded a \$31,319,906 indefinite-delivery/indefinite-quantity, multiple-award contract with cost-plus-fixed-fee and cost-with-no-fee pricing by the Naval Information Warfare Center Pacific. Support includes management engineering, technical assistance, integrated logistics and security for wideband, narrowband and protected communications on afloat, ashore, airborne, submerged and space-based platforms. This two-year contract includes two two-year option periods which, if exercised, would bring the overall potential value of this contract to an estimated \$99,788,587. Work will be performed in San Diego (80%); and outside the continental U.S. (20%). The period of performance of the base award is from March 3, 2021, through March 2, 2023. If all options are exercised, the period of performance would extend through March 2, 2027. No funds will be obligated at the time of award. Fiscal 2021 funds will be obligated as task orders are issued using research, development, test and evaluation (Navy); operation and maintenance (Navy); and other procurement (Navy). This contract was competitively procured via request for proposal N66001-20-R-3426, published on the beta.SAM.gov website. Eleven offers were received and eleven were selected for award. Naval Information Warfare Center, Pacific, San Diego, California, is the contracting activity.

Frontier Technology Inc., Beavercreek, Ohio, was awarded a \$13,647,002 cost-plus-fixed-fee contract modification to previously awarded contract N64267-20-D-0041. This is a Phase III Small Business Innovation Research contract which will provide innovative Airborne Systems Life Cycle Planning and Analysis methods and tools for wide-ranging initiatives. The work to be performed includes information technology capabilities, communications, engineering, analysis, planning, assessment, design, hardware and software, operations, and administration of network and communications systems. This contract supports the operation and sustainment for the Navy, Fleet Forces Command, combatant commands, and services throughout multiple areas of responsibility. Work will be performed in San Diego, California, and is expected to be completed by February 2022. Fiscal 2021 research, development, testing, and evaluation funds in the amount of \$2,998,699 (58%); and 2021 other procurement (Navy) funds in the amount of \$2,140,740 (42%), will be obligated at the time of award will not expire at the end of the current fiscal year. The Naval Surface Warfare Center, Corona Division, Norco, California, is the contracting activity. (Awarded Feb. 26, 2021)

March 2, 2021

Northrop Grumman Mission Systems, Woodland Hills, California, is awarded a \$9,120,770 firm-fixed-price, indefinite-delivery/indefinite-quantity contract with a five-year ordering period for the procurement and sustainment of inertial measurement units. Sustainment efforts include test, teardown and evaluation, failure analysis and repairs. Work will be performed in Salt Lake City, Utah, and is expected to be completed by March 2026. This contract includes purchases for the government of Germany under the Foreign Military Sales (FMS) program. FMS Germany funding in the amount of \$239,430 will be obligated at time of award and will not expire at the end of the current fiscal year. In accordance with 10 U.S. Code 2304(c)(1), this contract was not competitively procured (only one responsible source and no other supplies or services will satisfy agency requirements). The Naval Surface Warfare Center, Crane, Indiana, is the contracting activity (N00164-21-D-JQ81).

March 1, 2021

Lockheed Martin Space, Titusville, Florida, is awarded a \$128,677,600, cost-plus-fixed-fee contract (N00030-21-C-2017) to support the integration of the Trident II (D5) Missile and Reentry Subsystems into the Common Missile Compartment (CMC) for the U.S./United Kingdom Columbia/Dreadnought Submarine construction programs. Work will be performed in Cape Canaveral, Florida (37.02%); Denver, Colorado (24.22%); Sunnyvale, California (15.62%); Magna, Utah (13.72%); Titusville, Florida (1.69%); Oak Ridge, Tennessee (1.06%); and other various locations of less than 1.0% each (6.67% total). Work is expected to be completed Feb. 28, 2027. Fiscal 2021 shipbuilding and conversion (Navy) (\$114,095,039); and foreign funds – non-Foreign Military Sales (\$6,827,555), in the amount of \$120,922,594 will be obligated on this award. No funds will expire at the end of the current fiscal year. This contract is being awarded to the contractor on a sole-source basis under 10 U.S. Code 2304(c)(1) and was previously synopsisized on the System for Award Management (beta) website. The Strategic Systems Programs, Washington, D.C., is the contracting activity.

Wunderman Thompson, Atlanta, Georgia, is awarded a \$25,000,000 cost-reimbursable modification P00015 under previously awarded contract M95494-19-C-0020. This modification exercises and incrementally funds the option for additional paid media in support of officer and enlisted recruiting programs. Work will be performed in Atlanta, Georgia, with an expected completion date of December 2021. Fiscal 2021 operation and maintenance (Marine Corps) funds in the amount of \$8,000,000 will be obligated at time of award and will expire at the end of the current fiscal year. The Marine Corps Installations Command, Contracting Office, Arlington, Virginia, is the contracting activity.

CACI Inc. - Federal, Chantilly, Virginia, is awarded a \$15,203,989 cost-plus-fixed-fee modification to previously awarded task order N39040-20-F-3000 for engineering, technical, administrative and managerial (support) services in support of Ships Availability Planning and Engineering Center, non-nuclear waterfront and Deep Submergence Systems programs at Portsmouth Naval Shipyard. Work will be performed in Kittery, Maine, and is expected to be completed by March 2022. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$4,351,964 will be obligated at time of award and will expire at the end of the current fiscal year. The Portsmouth Naval Shipyard, Kittery, Maine, is the contracting activity.

February 26, 2021

Bell-Boeing Joint Project Office, Amarillo, Texas, is awarded a \$309,584,074 modification (P00038) to previously awarded fixed-price-incentive-firm-target, cost-plus-fixed-fee contract N00019-17-C-0015 for the production and delivery of four CMV-22B variation in quantity aircraft for the Navy. Work will be performed in Fort Worth, Texas (30%); Ridley Park, Pennsylvania (15%); Amarillo, Texas (13%); Red Oak, Texas (3%); East Aurora, New York (3%); Park City, Utah (2%); McKinney, Texas (1%); Endicott, New York (1%); various locations within the continental U.S. (28%); and various locations outside the continental U.S. (4%) and is expected to be completed in March 2025. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$309,584,074 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Contract Watts Inc., McLean, Virginia (N44255-21-D-5003); Manson Construction Co., Seattle, Washington (N44255-21-D-5004); Nova Group Inc., Napa, California (N44255-21-D-5005); R.E. Staite Engineering Inc., San Diego, California (N44255-21-D-5006); The Dutra Group, San Rafael, California (N44255-21-D-5007); Triton Marine Construction Group, Bremerton, Washington (N44255-21-D-5008); Western Marine Construction Inc., Seattle, Washington (N44255-21-D-5009); and McMillen LLC, Boise, Idaho (N44255-21-D-5010), are awarded a combined maximum \$240,000,000 indefinite-delivery/indefinite-quantity multiple award design-build or design-bid-build construction contract for construction projects, located primarily within the Naval Facilities Engineering Systems Command (NAVFAC) Northwest area of operations (AO). Types of projects will include, but are not limited to, marine piers, wharves, quay walls, bulkheads, sea walls, dry docks, boat ramps, docks and marinas, shore protection, rip rap, breakwaters, wave attenuation, mooring dolphins, buoys, primary and secondary fendering, pile driving, sheet piles, dredging and disposal. The work may also include design and construction of all utilities and other facilities in the marine waterfront area and/or related to marine waterfront operations, in support of Navy vessels and port operations. The maximum dollar value includes the base period and four option years for all eight contracts. Seed project task order N4425521FX0001, Explosive Handling Wharf-1 (EHW) structure pile replacement (Phases 4 and 5 of 9), Building 7501, Naval Base Kitsap Bangor, Silverdale, Washington, is being awarded at this time. Contract Watts Inc. is being awarded the initial task order at \$6,056,000, for the construction of replacement structure piles for the EHW at Naval Base Kitsap Bangor. Work for this task order is expected to be completed by March 2022. All work on this contract will be performed primarily within the NAVFAC Northwest AO which includes Washington (92%); Oregon (2%); Alaska (2%); Idaho (1%); Montana (1%); Wyoming (1%); and the remainder of the U.S. (1%). The term of the contract is not to exceed 60 months, with an expected completion date of February 2026. Fiscal 2021 operation and maintenance (Navy) (O&M,N) contract funds in the amount of \$6,091,000 (includes \$6,056,000 for the initial seed project and a total of \$35,000 in guaranteed minimums [\$5,000 for each of the remaining seven firms]) are obligated on this award and will expire at the end of the current fiscal year. Future task orders will be primarily funded by military construction (Navy); O&M,N; and defense working capital funds. This contract was competitively procured via the Fed Biz Opps online website with nine proposals received. These eight contractors may compete for task orders under the terms and conditions of the awarded contract. NAVFAC Northwest, Silverdale, Washington, is the contracting activity.

Austal USA, Mobile, Alabama, is awarded a \$235,000,000 fixed-priced-incentive firm-target undefinitized contract modification to previously awarded contract N00024-19-C-2227 for the detail design and construction of Expeditionary Fast Transport (EPF) 15. Work performed is for the detail design and construction of EPF 15. The EPF class provides high speed, shallow draft transportation capability to support the intra-theater maneuver of personnel, supplies and equipment for the Navy, Marine Corps, and Army. Work will be performed in Mobile, Alabama (63%); Fairfax, Virginia (10%); Novi, Michigan (10%);

Houston, Texas (3%); Slidell, Louisiana (2%); Franklin, Massachusetts (2%); Rhinelander, Wisconsin (2%); Chesapeake, Virginia (1%); with other efforts performed at various locations throughout the U.S. (4%); and various locations outside the U.S. (3%). Work is expected to complete by March 2024. Fiscal 2021 shipbuilding and conversion (Navy) funds in the amount of \$60,000,000 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

The Charles Stark Draper Laboratory, Cambridge, Massachusetts, is awarded a \$207,518,080 cost-plus-incentive fee contract (N00030-21-C-0008) for production of Trident II (D5) Strategic Weapon System MK6 Guidance Equivalent Units. Work will be performed in Cambridge, Massachusetts (30.5%); Clearwater, Florida (20.6%); Pittsfield, Massachusetts (43.25); and McKinney, Texas (5.7%). This work is expected to be completed July 30, 2025. Fiscal 2021 weapons procurement (Navy) funds in the amount of \$204,283,080; and United Kingdom funds in the amount of \$3,235,000 are being obligated on this award, none of which will expire at the end of the current fiscal year. This contract was a sole-source acquisition pursuant to 10 U.S. Code 2304(c)(1) and (4). Strategic Systems Programs, Washington, D.C., is the contracting activity.

Huntington Ingalls Industries, Pascagoula, Mississippi, is awarded an \$80,245,393 not-to-exceed undefinitized contract action for long lead time material (LLTM) in support of one Amphibious Assault Ship (General Purpose) Replacement (LHA(R)) Flight 1 Ship (LHA 9). This action will be the fourth increment of LLTM awarded to Huntington Ingalls Industries under contract N00024-20-C-2437. Work to be performed is the procurement of Long Lead Time Material for LHA 9, the fourth Amphibious Assault Ship Replacement (LHA(R)) America Class and the second LHA(R) Flight 1 variant. Work will be performed in Pascagoula, Mississippi (53%); Cincinnati, Ohio (28%); Walpole, Massachusetts (10%); Garden Grove, California (4%); Warminster, Pennsylvania (4%); and Bellflower, California (less than 1%). Work is expected to be completed by February 2024. Fiscal 2021 shipbuilding and conversion (Navy) funding in the amount of \$60,184,044 will be obligated at award and will not expire at the end of the current fiscal year. The obligation amount represents 75% of the not-to-exceed price, in accordance with Defense Federal Acquisition Regulation Supplement 217.7404-4 limitations on obligations. In accordance with 10 U.S. Code 2304(c)(1), this contract was not competitively procured; only one responsible source and no other supplies or services will satisfy agency requirements. The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-20-C-2437).

Northrop Grumman Systems Corp., Chandler, Arizona, is awarded a \$55,466,406 modification (P00001) to previously awarded firm-fixed-price contract N00019-21-C-0005. This modification exercises an option to procure 18 Lot 15 full rate production GQM-163A Coyote Supersonic Sea Skimming Targets (14 for the Navy; three for the Missile Defense Agency; and one for the government of Japan) in support of developmental, operational test and evaluation of major combat weapon systems. Additionally, this contract procures associated technical and administrative data in support of full rate production Lot 15 deliveries. Work will be performed in Camden, Arkansas (43%); Chandler, Arizona (35%); Vergennes, Vermont (8%); Cincinnati, Ohio (4%); Oconomowoc, Wisconsin (4%); Lancaster, Pennsylvania (4%), and various locations within the continental U.S. (2%), and is expected to be completed in December 2024. Fiscal 2021 weapons procurement (Navy) funds in the amount of \$43,140,538; fiscal 2021 working capital (defense) funds in the amount of \$9,244,401; and Foreign Military Sales funds in the amount of \$3,081,467 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Lockheed Martin Corp., Syracuse, New York, is awarded a \$46,988,174 cost-plus, incentive-fee delivery order to previously awarded indefinite-delivery/indefinite-quantity contract N00024-19-D-6200 for the procurement of submarine modernization kits, equipment and installation. This delivery order includes options which, if exercised, would bring the cumulative value of this delivery order to \$174,181,916. Work will be performed in Syracuse, New York, and is expected to be completed by July 2024. If all options are exercised, work will continue through August 2025. Fiscal 2021 other procurement (Navy) funding in the amount of \$46,988,174 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Huntington Ingalls Industries, Pascagoula, Mississippi, is awarded a \$36,947,659 cost-plus-fixed fee contract for life cycle engineering and support for the LPD-17 class Amphibious Transport Dock Ship program. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$213,922,729. Work will be performed in Pascagoula, Mississippi (95%); and Norfolk, Virginia (5%), and is expected to be completed by June 2022. If all options are exercised, work will continue through December 2025. Fiscal 2016 (46.94%); 2021 (37.46%); and 2017 (15.60%), shipbuilding and conversion (Navy) funding in the combined amount of \$20,914,021 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured in accordance with 10 U.S. Code 2304 (c)(1) and Federal Acquisition Regulation 6.302-1; only one responsible source and no other supplies or services will satisfy agency requirements. The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-C-2443).

Zenetex LLC, Herndon, Virginia, is awarded a \$32,974,300 cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract. This contract provides liaison services between the Navy Enterprise Resource Planning (ERP) Program Management Office, Naval Supply Systems Command Business Support Center, and Naval Air Systems Command (NAVAIR). Services and products provided will support the NAVAIR Navy ERP Business Office (NBO) Center of Excellence in business solutions management, reporting and analysis, user management and NBO operational support, including Navy ERP modernization and migration efforts to the Systems Applications and Products S/4HANA capability. Work will be performed in Patuxent River, Maryland, and is expected to be completed in March 2026. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. This contract was competitively procured via an electronic request for proposal and two offers were received. The Naval Air Warfare Center, Aircraft Division, Patuxent River, Maryland, is the contracting activity (N00421-21-D-0015).

Raytheon Co., Tucson, Arizona, is awarded a \$32,853,210 cost-plus-fixed-fee contract for the Autonomous Swarm/Strike – Loitering Munitions. This contract provides for work on the Coyote Block 3 (CB3) Autonomous Strike—a rapid capability effort to achieve operational launch capability from unmanned surface vessels (USVs) and an unmanned underwater vessel (UUV). The intended concept of operations (CONOP) and tactics, techniques and procedures (TTPs) are to provide intelligence, surveillance and reconnaissance (ISR) and precision strike capability from maritime platforms. Additionally, the High Volume Long Range Precision Strike (HVLRRPS) from USVs and Fires (HVLRRPF) from UUVs demonstrations will leverage prior efforts including the Innovative Naval Prototype (INP) and progress on the Mobile Precision Attack Vehicle (MoPAV). Work will be performed in Tucson, Arizona with an expected completion date of Feb. 26, 2024. The total cumulative value of this contract, including a one-year base period and twelve option periods, is \$32,853,210. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$9,500,000 are obligated at time of award and will not expire at the end of the current fiscal year. This contract was competitively procured under N00014-20-S-B001, “Long Range Broad Agency Announcement (BAA) for Navy and Marine Corps Science &

Technology.” Since proposals are received throughout the year under the Long Range BAA, the number of proposals received in response to the solicitation is unknown. The Office of Naval Research, Arlington, Virginia, is the contracting activity (N00014-21-C-1009).

The Raytheon Co., McKinney, Texas, is awarded a \$32,799,030 modification (P00001) to previously awarded firm-fixed-price contract N00019-21-C-0004. This modification exercises an option to procure 11 APY-10 radar system production kits for the P-8A Poseidon aircraft for the Navy and the government of Australia. Work will be performed in McKinney, Texas (72%); Andover, Massachusetts (7%); Dallas, Texas (6%); Torrance, California (5%); Woodland Park, New Jersey (4%); Black Mountain, North Carolina (2%); Etobicoke, Ontario (2%); Clearwater, Florida (1%); and Simsbury, Connecticut (1%), and is expected to be completed in August 2025. Fiscal 2020 aircraft procurement (Navy) funds in the amount of \$26,835,570; and foreign cooperative project funds in the amount of \$5,963,460 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Gravois Aluminum Boats LLC, doing business as Metal Shark Boats, Jeanerette, Louisiana, is awarded a \$18,629,151 firm-fixed-price delivery order to previously awarded contract N00024-17-D-2209 for construction, shipping and item unique item identification and documentation of ten 40-foot patrol boats. Work will be performed in Jeanerette, Louisiana, and is expected to be completed by December, 2025. Fiscal 2021 overseas contingency operations funding in the amount of \$13,040,406 (70%); and 2021 other procurement (Navy) funding in the amount of \$5,588,745 (30%), are being obligated at delivery order and will not expire at the end of the current fiscal year. The Supervisor of Shipbuilding, Conversion and Repair, Gulf Coast, Pascagoula, Mississippi, is the contracting activity.

Bell Textron, Fort Worth, Texas, is awarded a \$16,180,304 cost-plus-fixed-fee order (N00019-21-F-0794) against previously issued basic ordering agreement N00019-16-G-0012. This order provides non-recurring engineering for the attack helicopter, AH-Z and utility helicopter, UH-1. Tailboom redesign and fatigue testing in support of the Marine Corps H-1 Program. Work will be performed in Fort Worth, Texas, and is expected to be completed in May 2026. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$4,087,925 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

General Electric Co., Cincinnati, Ohio, is awarded a \$15,055,043 firm-fixed-price, basic ordering agreement order for the procurement of two complete LM2500 Single Shank Turbine High Pressure Turbine kits and three complete LM2500 Paired Blade Turbine HPT kits. Work will be performed in Cincinnati, Ohio, and is expected to be completed by April 2022. Fiscal 2021 operation and maintenance (Navy) funding in the total amount of \$15,055,043 will be obligated at time of award and will expire at the end of the current fiscal year. This order was not competitively procured via beta.SAM.gov in accordance with 10 U.S. Code 2304(c)(1); only one responsible source and no other supplies or services will satisfy agency requirements. The Naval Surface Warfare Center, Philadelphia Division, Philadelphia, Pennsylvania, is the contracting activity (N64498-21-F-4070).

Walashek Industrial & Marine Inc., National City, California, is awarded a \$15,002,459 firm-fixed-price contract for the Landing Craft, Air Cushion Extended Service Life Extension program. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$83,782,931. Walashek is contracted to provide three Landing Craft, Air Cushion (LCAC) Extended Service Life Extension program (E-SLEP) availabilities by September 2023, with options for up to fifteen

additional LCAC E-SLEP availabilities, if exercised, by April 2028. This will extend the service life of an LCAC, sustain craft capability, repair corrosion damage and reduce life cycle cost by improving reliability and maintainability by repairing the buoyancy box, installing a new skirt, repair/refurbishing machinery, electrical systems, electronics and piping systems as well as accomplishing selected craft alterations. Work will be performed at Camp Pendleton, California, and is expected to be completed by September 2023. Fiscal 2021 shipbuilding and conversion (Navy) funding in the amount of \$15,002,459 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with one offer received. The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-C-2427).

DRS Laurel Technologies, Johnstown, Pennsylvania, is awarded a \$13,957,338 firm-fixed-price modification to previously awarded contract N00024-18-C-5395 to exercise options for production of the AN/SPQ-9B radar systems and associated equipment. Work will be performed in Largo, Florida, and is expected to be completed by October 2023. Fiscal 2021 other procurement (Navy) funds in the amount of \$9,634,104 (69%); and 2020 shipbuilding and conversion (Navy) funds in the amount of \$4,323,234 (31%) will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Raytheon Missiles and Defense, Tucson, Arizona, is awarded a \$9,632,905 firm-fixed-price modification to previously awarded contract N00024-21-C-5401. This modification exercises Guided Missile Frigate 63 (FFG-63) option contract line item number 0002 for fiscal year 2021 Navy Rolling Airframe Missile Mod 5 Guided Missile Launching System requirements and spares. Work will be performed in Ottobrunn, Germany, (46%); Tucson, Arizona (13%); Louisville, Kentucky (13%); St. Petersburg, Florida (8%); Huntsville, Alabama (4%); Berryville, Arkansas (2%); San Diego, California (2%); Denison, Texas (2%); and various other U.S. locations, each less than 1% (10% combined) and is expected to be completed by May 2023. Fiscal 2021 shipbuilding and conversion (Navy) funds in the amount of \$9,632,905 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Coastal Enterprises of Jacksonville Inc., Jacksonville, North Carolina, is awarded an \$8,333,224 indefinite-delivery indefinite-quantity modification for the exercise of Option Three under the contract for grounds maintenance services at Marine Corps Base Camp Lejeune and other outlying locations. The work to be performed provides for grounds maintenance services that will maintain mowing and trimming grass on road shoulders, ditches, bunkers, firing ranges, wetlands and tank training sites for the Camp Lejeune complex. After award of this option, the total cumulative contract value will be \$26,776,429. Work will be performed in Jacksonville, North Carolina. This option period is from March 2021 to February 2022. No funds will be obligated at time of award. Fiscal 2021 operation and maintenance (Marine Corps) contract funds in the amount of \$1,955,578 for recurring work will be obligated on an individual task order issued during the option period. The Naval Facilities Engineering Systems Command, Mid-Atlantic, Norfolk, Virginia, is the contracting activity (N40085-18-D-6113).

The Boeing Co., Huntington Beach, California, is awarded a \$7,864,000 cost plus incentive fee and cost plus-fixed-fee contract modification (P00006) to previously awarded and announced contract N00030-21-C-6002 for the U.S. and United Kingdom to provide FY21/FY22 Trident II (D5) Inertial Navigation equipment technical engineering support services. Work will be performed at Huntington Beach, California (63%); and Heath, Ohio (13%), along with Field Engineering conducted at Puget Sound, Washington (4%); Heath, Ohio (4%); Mitchell Field, New York (4%); Norfolk, Virginia (4%); Kings Bay, Georgia (4%); Port Canaveral, Florida (2%), and Faslane, Scotland (2%), with an expected completion

date of Sept. 30, 2022. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$7,864,000 will be obligated and will expire at the end of the current fiscal year. This contract was a sole-source acquisition in accordance with 10 U.S. Code 2304(c)(1) and (4). Strategic Systems Programs, Washington, D.C., is the contracting activity.

Mide Technology Corp., Woburn, Massachusetts, was awarded a firm-fixed-price, indefinite-delivery/indefinite-quantity contract for Navy bulkhead seals for a total value of \$7,526,978. Work will be performed at various naval shipyards across the U.S. as delivery orders are issued and is expected to be completed by February 2026. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$595,025 will be obligated at time of award and will expire at the end of the current fiscal year. In accordance with 10 U.S. Code 2304(c)(1), limited number of responsible sources. The Naval Surface Warfare Center, Philadelphia Division, Philadelphia, Pennsylvania, is the contracting activity (N64498-21-D-0001). (Awarded Feb. 25, 2021)

February 25, 2021

Cubic Defense Applications Inc., Orlando, Florida, is awarded a \$92,358,797 firm-fixed-price, cost reimbursable, indefinite-delivery/indefinite-quantity contract. This contract provides Ready Relevant Learning content conversion, to include design, development, test and delivery of modernized courseware training products for the Navy ratings Fire Control Technician, Master at Arms, Aviation Structural Mechanic, Electronics Technician Navigation, Submarines, Mineman, Information Systems Technician and Aviation Machinist's Mate. Additionally, this contract provides for preparation and delivery of train-the-trainer and course pilot events in support of Relevant Ready Learning for the Navy. Work will be performed in Orlando, Florida, and is expected to be completed in February 2025. No funds will be obligated at time of award; funds will be issued against individual orders as they are issued. This contract was competitively procured via an electronic request for proposal; five offers were received. The Naval Air Warfare Center, Training Systems Division, Orlando, Florida, is the contracting activity (N61340-21-D-0013).

Granite-Obayashi JV, Watsonville, California, is awarded a \$41,944,700 firm-fixed-price contract for the construction of a standoff weapons complex, Joint Region Marianas-Andersen, Guam. The work to be performed provides for construction of an adequately sized and configured missile maintenance and assembly complex for loading, unloading, transferring, storing, testing and preparing missiles for operational use. Work includes alterations and construction of an addition to Building 51109 to support preload capability of rotary launchers; improve the weight bearing capacity of existing roadways to support the weight of loaded munition handling unit (MHU)-196/MHU-204 munitions trailers from the missile maintenance facility to the airfield and storage earth covered magazines (ECMs); construction of a powered munitions trailer maintenance facility to support specialized maintenance activities for MHU-196/MHU-204 munitions trailers; and construction of two new 7-bar ECMs, Hayman Igloos, to support the storage of standoff weapons and pre-loaded common strategic rotary launchers. Work will be performed in Yigo, Guam, and is expected to be completed by March 2023. Fiscal 2021 military construction (Air Force) contract funds in the amount of \$41,944,700 are obligated at time of this award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with three proposals received. The Naval Facilities Engineering Systems Command, Pacific, Joint Base Pearl Harbor-Hickam, Hawaii, is the contracting activity (N62742-21-C-1338).

Huntington Ingalls Industries' Newport News Shipbuilding Division, Newport News, Virginia, is awarded a \$31,000,000 cost-plus-incentive-fee modification to previously awarded contract N00024-16-C-4316 for

supplemental overhaul, modernization, repair and maintenance work for the refueling complex overhaul of the USS George Washington (CVN 73). Work will be performed in Newport News, Virginia, and is expected to complete by May 2022. Fiscal 2021 shipbuilding and conversion (Navy) funding in the amount of \$31,000,000 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Raytheon Intelligence & Space, Sterling, Virginia, is awarded a \$28,954,179 non-commercial, cost-plus-award-fee contract for operation and maintenance services for the relocatable over-the-horizon radar system in support of the Forces Surveillance Support Center, Chesapeake, Virginia. This contract includes a one-year base and four one-year option periods, which if all exercised, will bring the contract value to \$146,255,516. Work will be performed in Chesapeake, Virginia (48%); Freer, Texas (10%); Premont, Texas (10%); New Kent, Virginia (9%); Juana Diaz, Puerto Rico (9%); Vieques, Puerto Rico (9%); Dallas, Texas (3%); and Fairfax, Virginia (2%). Work will begin May 2021 and is expected to be completed by April 2022; if all options are exercised, work will be completed in April 2026. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$14,477,090 will be incrementally funded under the contract's base period at time of award and funds will expire at the end of the current fiscal year. This contract was competitively procured in accordance with Federal Acquisition Regulation 15. The solicitation was posted on Navy Electronic Commerce Online and the beta.SAM.gov website with one offer received. Naval Supply Systems Command, Fleet Logistics Center, Norfolk, Contracting Department, Philadelphia Office, Philadelphia, Pennsylvania, is the contracting activity (N00189-21-C-Z028).

J.F. Taylor Inc., Lexington Park, Maryland, is awarded a \$28,164,077 cost reimbursable, cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract. This contract provides ship, air and combat integration and identification engineering services in support of the Combat Integration and Identification Systems Division of the Naval Air Warfare Center, Aircraft Division, Webster Outlying Field, Maryland. Work will be performed in Lexington Park, Maryland (80%); and Saint Inigoes, Maryland (20%), and is expected to be completed in June 2025. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. This contract was competitively procured via an electronic request for proposal; one offer was received. The Naval Air Warfare Center, Aircraft Division, Patuxent River, Maryland, is the contracting activity (N00421-21-D-0016).

MGS Construction Services Inc., Lemoore, California, is awarded a maximum amount \$25,000,000 indefinite-delivery/indefinite-quantity contract for roofing projects at various government installations such as Naval Support Activity (NSA) Monterey, Naval Air Weapons Station (NAWS) China Lake; and Naval Air Station (NAS) Lemoore, California. The work to be performed is for the repair, removal and replacement of roofing systems at various government installations within NSA Monterey, NAWS China Lake, and NAS Lemoore, California. Projects may include, but are not limited to, roofing services with minimal design requirements for new minor construction, facility repair, rehabilitation and alterations for a broad range of renovation and construction work. No task orders are being issued at this time. The term of the contract is not to exceed 60 months with an expected completion date of February 2026. Fiscal 2021 operation and maintenance (Navy) (O&M,N) contract funds in the amount of \$2,000 are obligated on this award and will expire at the end of the current fiscal year. Future task orders will be primarily funded by (O&M,N). This contract was competitively procured via the beta.SAM.gov website with six proposals received. The Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity (N62473-21-D-2604).

L3Harris Technologies Inc., Palm Bay, Florida, is awarded an \$18,480,237 modification to exercise priced options to previously awarded firm-fixed-price contract N00039-14-C-0041 issued by the Naval Information Warfare Systems Command. This modification increases the value of the basic contract by \$18,480,237; the new total value is \$79,446,404. This modification provides for the exercise of firm-fixed-price options for Commercial Broadband Satellite Program Unit Level Variant (ULV) hardware production units. ULV provides terminal-to-shore, space and terrestrial connectivity to significantly increase throughput for commercial satellite communications and provide redundancy for military satellite communications. Work will be performed at Palm Bay, Florida, and is expected to be completed by August 2021. Fiscal 2020 and fiscal 2021 shipbuilding and conversion funds (Navy) (36%); and other procurement, funds (Navy) (64%), in the amount of \$18,480,237 will be obligated at the time of award. Funding will not expire at the end of the fiscal year. The Naval Information Warfare Systems Command, San Diego, California, is the contracting activity.

Lockheed Martin Corp., Archbald, Pennsylvania, is awarded a \$14,908,784 firm-fixed-priced modification (P00014) to previously awarded contract N00019-17-C-0022. This modification exercises an option to provide 4,002 BDU-59B/B laser guided training rounds. Work will be performed in Archbald, Pennsylvania (45%); Marlton, New Jersey (10%); Vaudreuil-Dorion, Canada (6.5%); Rochester, New York (5.5%); Westford, Massachusetts (3%); Plainville, Connecticut (2.75%); Joplin, Missouri (2.75%); Hauppauge, New York (1.5%); Quakertown, Pennsylvania (1.5%); San Jose, California (1.5 %); Laconia, New Hampshire (1.5%); Dunedin, Florida (1%); Clifton, New Jersey (1%); Londonderry, New Hampshire (1%); Canton, Pennsylvania (1%); Honesdale, Pennsylvania (1%); Mount Laurel, New Jersey (1%); Medford, New Jersey (1%); and various locations within the continental U.S. (11.5%), and is expected to be completed in April 2023. Fiscal 2021 procurement of ammunition (Navy/Marine Corps) funds in the amount of \$14,908,784 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Warfare Center, Aircraft Division, Lakehurst, New Jersey, is the contracting activity.

Global Connections to Employment Inc., Pensacola, Florida, is awarded \$13,868,343 for full food services and mess attendant services in support of Commander, Navy Region Southeast. The contract includes a one-year base period and four one-year option periods, which if all options are exercised, would bring the cumulative value of this contract to \$69,860,697. Work will be performed as follows: full food services at Naval Air Station, Pensacola, Florida (87%) and Navy Explosive Ordnance Disposal School, Elgin Air Force Base, Niceville, Florida (5%); and mess attendant services Naval Construction Battalion Center, Gulfport, Mississippi (8%). Work is expected to be completed by February 2022; if all options are exercised, work will be completed by February 2026. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$8,089,880 will be incrementally funded throughout the period of performance, and funds will not expire at the end of the current fiscal year. This contract was solicited as a sole-source requirement pursuant to Federal Acquisition Regulation Part 8.7 under the Ability One program with one offer received. Naval Supply Systems Command, Fleet Logistics Center, Jacksonville, Florida, is the contracting activity (N68836-21-C-0003).

DCS Corp., Alexandria, Virginia, is awarded a \$10,730,396 modification (P00031) to previously awarded cost reimbursable, cost-plus-fixed-fee contract N00421-17-C-0043. This modification exercises an option to provide services for planning and execution of test efforts for various aircraft and weapons components through Milestone C decision. These services include engineering, design, integration, test and evaluation for developmental and operational test and evaluation efforts associated with modifications to existing commercial-off-the-shelf and non-developmental items in support of the Air Vehicle Test and Evaluation Division for Naval Test Wing Atlantic Command. Work will be performed in Patuxent River,

Maryland, and is expected to be completed in February 2022. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$474,743; and fiscal 2020 working capital (Navy) funds in the amount of \$3,022,000, will be obligated at time of award, \$474,743 of which will expire at the end of the current fiscal year. The Naval Air Warfare Center, Aircraft Division, Patuxent River, Maryland, is the contracting activity.

Lockheed Martin, Rotary and Mission Systems, Moorestown, New Jersey, is awarded an \$8,333,168 cost-plus-incentive-fee and cost-plus-fixed-fee modification to previously awarded contract N00024-13-C-5116 to exercise an option for Aegis Combat System Engineering Agent efforts for the design, development, integration, test and delivery of Advanced Capability Build 20. Under this contract, the Aegis Combat System Engineering Agent (CSEA) develops, integrates, tests and delivers computer program baseline Advanced Capability Builds (ACBs) and supports Technology Insertions - a replacement and/or upgrade of combat system computing hardware and associated middleware/firmware. The Aegis CSEA also develops engineering products to support ship integration, supports developmental test/operational test events, develops training and logistics products and provides field technical support for designated Aegis baselines. Work will be performed in Moorestown, New Jersey, and is expected to be completed by December 2021. Fiscal 2019 shipbuilding and conversion (Navy) funds in the amount of \$5,840,335 (70%); 2021 research, development, test and evaluation (Navy) funds in the amount of \$1,977,268 (24%); and 2021 other procurement (Navy) in the amount of \$515,565 (6%), will be obligated at time of award and no funds will expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

February 24, 2021

Vertex Aerospace LLC, Madison, Mississippi, is awarded a \$24,514,965 modification (P00007) to previously awarded firm-fixed-price, cost, indefinite-delivery/indefinite-quantity contract N00421-19-D-0031. This modification exercises an option to provide contractor owned and operated aircraft to Navy fleet customers, Foreign Military Sales customers, as well as Department of Defense and other government agencies in support of the Contracted Air Services (CAS) program. The CAS program provides airborne threat simulation capabilities to train shipboard and aircraft squadron weapon systems operators and aircrew on how to counter potential enemy electronic warfare and electronic attack operations in today's electronic combat environment. Work will be performed in Virginia Beach, Virginia (50%); Coronado, California (40%); and Kauai, Hawaii (10%), and is expected to be completed in February 2022. No funds are being obligated at time of award; funds will be obligated on individual orders as they are issued. The Naval Air Warfare Center, Aircraft Division, Patuxent River, Maryland, is the contracting activity.

Melwood Horticultural Training Center, Upper Marlboro, Maryland, is awarded a \$19,007,322 indefinite-delivery/indefinite-quantity contract under the Ability One program for custodial, recycling and grounds maintenance support at federal installations within a 100-mile radius of the National Capitol Region. The work to be performed provides for all labor, management, supervision, tools, materials and equipment required to perform facility investment services. Work will be performed at various installations in Washington, D.C.; Quantico, Virginia; Dahlgren, Virginia; Indian Head, Maryland; Patuxent River, Maryland; and Bethesda, Maryland. This contract covers the period from March 1, 2021, to Feb. 28, 2022. No funds will be obligated at time of award. Fiscal 2020 operation and maintenance (Navy) funds; and fiscal 2020 Navy working capital contract funds in the amount of \$15,504,479 for recurring work will be obligated on individual task orders issued during the Option Year Three period on or before March 1,

2021. The Naval Facilities Engineering Systems Command Washington, Washington, D.C., is the contracting activity (N40080-18-D-0306).

Moran Towing Corp., New Canaan, Connecticut (N32205-19-C-3503), is awarded a \$14,962,488 option (P00015) for the fixed-price portion of a previously awarded firm-fixed-price contract with reimbursable elements to exercise a one-year option period to support Military Sealift Command's Service Support program for the time charter services of eight tugboats. The tugboats will be capable of ship handling, docking and undocking in the Norfolk, Virginia, harbor and surrounding waters. This contract includes a one-year firm period of the performance, three one-year option periods and one 11-month option period, which if exercised, would bring the cumulative value of this contract to \$74,005,396. Work will be performed in Norfolk, Virginia, and is expected to be completed, if all options are exercised, by Jan. 31, 2024. Working capital funds (Navy) in the amount of \$6,763,864 are obligated for fiscal 2021, and will not expire at the end of the fiscal year. Funds in the amount of \$8,198,624 for the remainder of Option Four are to be provided for fiscal 2022 and are subject to the availability of funds in accordance with Federal Acquisition Regulation 52.232-18, availability of funds. This procurement was released under full and open competition with an unlimited number of companies solicited via the beta.SAM.gov website and one offer was received. The Military Sealift Command, Norfolk, Virginia, is the contracting activity.

The Boeing Co., St. Louis, Missouri, is awarded an \$11,625,734 cost-plus-fixed-fee modification (P00046) to previously awarded contract N00019-16-C-0032. This modification adds scope for engineering services in support of Next Generation Jammer software development. Work will be performed in St. Louis, Missouri, and is expected to be completed in December 2021. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$1,500,000 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Concurrent Technologies Corp., Johnstown, Pennsylvania, is awarded a \$7,932,015 modification to exercise Option Period Three (contract line item numbers 3001 through 3010) under previously awarded contract GS00Q14-OA-D-U112 task order M95494-18-F-0016. This modification provides for support services in efforts to meet Marine Corps' energy reliability and resilience requirements for utility distribution systems and various energy security positions supporting headquarters, regions and installations. Work will be performed in Arlington, Virginia (40%); Lejeune, North Carolina (12%); Okinawa Prefecture, Japan (12%); San Diego, California (11%); Quantico, Virginia (10%); Bridgeport, California (4%); New River, North Carolina (3%); Cherry Point, North Carolina (3%); Barstow, California (3%); Shizuoka Prefecture, Japan (1%); and Pohang, Republic of Korea (1%). Work under this option period is expected to be completed March 2022. If all further options are exercised, work will continue through March 2023. Fiscal 2021 operation and maintenance (Marine Corps) funds in the amount of \$7,932,015 will be obligated at the time of award and will expire at the end of the current fiscal year. The Marine Corps Installations Command, Headquarters Contracting Office, Arlington, Virginia, is the contracting activity.

February 23, 2021

AMP United LLC, Dover, New Hampshire (N55236-21-D-0020); Cabrillo Enterprises Inc., doing business as RW Little, San Diego, California (N55236-21-D-0021); Prime Time Coatings Inc., National City, California (N55236-21-D-0022); South Bay Sand Blasting and Tank Cleaning Inc., National City, California (N55236-21-D-0023); and Surface Technologies Corp., Atlantic Beach, Florida (N55236-21-D-0024), are awarded a combined maximum dollar value of \$45,927,252, for a firm-fixed-price, indefinite-

delivery/indefinite-quantity, multiple award contract with a five-year ordering period for the procurement of labor, services, equipment and materials for the removal of existing and installation of new non-skid deck covering systems onboard U.S. government waterborne vessels within a 50-mile radius of San Diego, California. These five companies will have an opportunity to compete for individual delivery orders. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$50,000 (\$10,000 for minimum guarantee per contract) will be obligated under each contract's initial delivery order and will expire at the end of the current fiscal year. Work will be performed in San Diego, California, and is expected to be completed by April, 2026. These contracts were competitively procured through full and open competition and solicited through the beta.SAM.gov website, with five offers received in response to this solicitation. The Southwest Regional Maintenance Center, San Diego, California, is the contracting activity.

Textron Systems, Hunt Valley, Maryland, is awarded a \$34,381,542 cost-plus-fixed fee modification to previously awarded contract N00024-14-C-6322 for engineering and technical support for the Unmanned Influence Sweep System Unmanned Surface Vehicle program. The Unmanned Influence Sweep System (UISS) will allow the Littoral Combat Ship to perform its mine countermeasure sweep mission. UISS will target acoustic, magnetic and magnetic/acoustic combination mine types. The UISS program will satisfy the Navy's need for a rapid, wide-area coverage mine clearance capability, required to neutralize magnetic/acoustic influence mines. UISS seeks to provide a high area coverage rate in a small, lightweight package with minimal impact on the host platform. Work will be performed in Hunt Valley, Maryland (70%); and Slidell, Louisiana (30%), and is expected to be completed by March 2022. Fiscal 2021 other procurement (Navy) funds in the amount of \$24,039,180 (97%); and research, development, test, and evaluation funds in the amount of \$772,730 (3%), will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Booz Allen Hamilton, McLean, Virginia, is awarded a \$33,115,147 task order with cost-plus-fixed-fee and cost-with-no-fee pricing to provide engineering, technical and programmatic support for networking, communications and computer systems and associated certification and information assurance for current operations, planned upgrades and future capabilities. This one-year contract includes four, one-year option periods which, if exercised, would bring the overall potential value of this contract to an estimated \$189,986,894. Work will be performed in San Diego, California (85%); and outside the continental U.S. (15%). The period of performance of the base award is from Feb. 24, 2021, through Feb. 23, 2022. If all options are exercised, the period of performance would extend through Feb. 23, 2026. Fiscal 2021 operation and maintenance (Navy); and other procurement (Navy) funds in the amount of \$779,617, will be obligated at the time and will not expire at the end of the current fiscal year. This contract was competitively procured via a request for proposal (N66001-20-R-3502) published on the Navy's SeaPort Next Generation contract portal. Three offers were received and one was selected for award. Naval Information Warfare Center, Pacific, San Diego, California, is the contracting activity (N66001-21-F-3501).

Computational Physics Inc., Springfield, Virginia, is awarded a \$17,426,549 single-award, firm-fixed-price, indefinite-delivery/indefinite-quantity contract for technical and analytical support in the disciplines of physics, astronomy, astrophysics, aerospace, instrumentation and electrical engineering and information technology/computer sciences in support of the U.S. Naval Observatory. The contract will include a five-year base ordering period with a six-month ordering period option, which if exercised, will bring the total value to \$19,243,394. The base ordering period is expected to be completed by February 2026; if the option is exercised, the ordering period will be completed by August 2026. All work will be performed in

Washington, D.C. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$121,000 will be obligated to fund the contract's minimum amount and funds will not expire at the end of the current fiscal year. This contract was competitively procured with the solicitation posted on Navy Electronic Commerce Online and beta.SAM.gov as a 100% small business set-aside, with three offers received. Naval Supply Systems Command, Fleet Logistics Center Norfolk, Contracting Department, Philadelphia Office, Philadelphia, Pennsylvania, is the contracting activity (N00189-21-D-Z023).

Innovative Material Processes LLC, Rapid City, South Dakota, is awarded an \$11,737,665 firm-fixed price, indefinite-delivery/indefinite-quantity contract for engineering, technical, administrative and programmatic management support for total life cycle management of the various aircrew escape systems managed under the Joint Program Office for Cartridge Actuated Device/Propellant Actuated Device tri-service charter. Work will be performed in Rapid City, South Dakota, and is expected to be completed by September 2025. Fiscal 2021 Navy working capital funding of \$500 will be obligated on the first task order at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured and in accordance with 10 U.S. Code 2304(c)(1); only a limited number of responsible sources will satisfy agency requirements. The Naval Surface Warfare Center, Indian Head Division, Indian Head, Maryland, is the contracting activity (N00174-21-D-0012).

February 22, 2021

Raytheon Missiles and Defense, Tucson, Arizona, is awarded a \$29,498,008 cost-plus-fixed-fee modification (P00004) to previously awarded contract N00019-19-C-0083. This modification adds scope for the development, test, delivery and integration of military code capable Global Positioning System receivers to be integrated into the recertified Tomahawk All-Up-Round for the Navy. Work will be performed in El Segundo, California (50%); Tucson, Arizona (45%); and Nashville, Tennessee (5%), and is expected to be completed in August 2023. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$9,654,124; and fiscal 2020 research, development, test and evaluation (Navy) funds in the amount of \$1,758,642, will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Raytheon Co., Intelligence, Information and Services, Indianapolis, Indiana, is awarded a \$14,921,191 modification (P00014) to previously awarded cost reimbursable, cost-plus-fixed-fee order N00421-19-F-0531 issued under basic ordering agreement N00019-15-G-0003. This modification increases the scope and provides updates to the CV-22 mission planning system to support the suite of integrated radio frequency countermeasures. Additionally, this modification provides capability defect package problem reports in support of the V-22 software support activity. Work will be performed in Indianapolis, Indiana, and is expected to be completed in September 2022. Fiscal 2020 procurement (defense wide) funds in the amount of \$758,908 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Warfare Center, Aircraft Division, Patuxent River, Maryland, is the contracting activity.

February 19, 2021

Huntington Ingalls Industries' Newport News Shipbuilding Division, Newport News, Virginia, is awarded a \$2,994,237,224 cost-plus-incentive fee contract for the USS John C. Stennis (CVN 74) Refueling Complex Overhaul. This effort refuels, overhauls and modernizes USS John C. Stennis (CVN 74) to

support the second half of its 50-year service life. Huntington Ingalls Industries' Newport News Shipbuilding division is the original building yard contractor for all ships of the CVN 68 class. Work will be performed in Newport News, Virginia (94%); and Norfolk, Virginia (6%), and is expected to be completed by August 2025. Fiscal 2021 shipbuilding and conversion (Navy) funds in the amount of \$1,048,000,000 will be obligated at time of award and will not expire at the end of the current fiscal year. In accordance with 10 U.S. Code 2304(c)(1), this contract was not competitively procured. Only one responsible source, Huntington Ingalls Industries, Inc., Newport News Shipbuilding Division, has the knowledge, experience and facilities required to accomplish this effort in support of the refueling and overhaul of CVN 74 without an unacceptable disruption of Navy-wide overhaul and repair schedule. The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-C-2106).

Raytheon Co., McKinney, Texas, is awarded a \$74,238,334 firm-fixed-price, cost-plus-fixed fee contract. This contract provides 23.4 APY-10 radar system production kits and related support for the P-8A Poseidon aircraft for Navy and Foreign Military Sales (FMS) customers. Work will be performed in McKinney, Texas (72%); Andover, Massachusetts (7%); Dallas, Texas (6%); Torrance, California (5%); Woodland Park, New Jersey (4%); Black Mountain, North Carolina (2%); Etobicoke, Ontario (2%); Clearwater, Florida (1%); and Simsbury, Connecticut (1%), and is expected to be completed in August 2025. Fiscal 2020 aircraft procurement (Navy) funds in the amount of \$27,538,719; and FMS funds in the amount of \$46,699,615 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract was not competitively procured pursuant to 10 U.S. Code 2304(c)(1). The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N00019-21-C-0004).

Raytheon Technologies Corp., East Hartford, Connecticut, is awarded a cost-plus-fixed-fee contract for the total cumulative value of \$13,208,18 for the Next Generation Air Dominance Enablers technology development. This contract provides for the development of advanced fan aerodynamics to provide an ultra-high specific flow fan. This will be performed through the design of a number of fan configurations to optimize the aerodynamics providing increased mass flow through the fan while maintaining or improving the efficiency and operability. These configurations will be tested in a scale model facility to validate the designs. Ultimately, this technology will enable increased thrust production in the same size engine. Work will be performed in East Hartford, Connecticut (77%); South Bend, Indiana (16%); and Windsor Locks, Connecticut (7%), with an expected completion date of Feb. 21, 2024. This is a three-year contract with a one-year option period, which, if exercised, will run concurrently with the base period. The base period is \$12,518,610 and option period is \$689,571. Fiscal 2020 research, development, test and evaluation (Navy) funds in the amount of \$6,212,016 are obligated at time of award and will expire at the end of the current fiscal year. This contract was competitively procured under N00014-19-S-B001, "Long Range Broad Agency Announcement (BAA) for Navy and Marine Corps Science & Technology." Since proposals are received throughout the year under the long range BAA, the number of proposals received in response to the solicitation is unknown. The Office of Naval Research, Arlington, Virginia, is the contracting activity (N00014-21-C-1003).

Metro Machine Corp., Bremerton, Washington, is awarded a \$13,150,635 cost-plus-incentive fee/cost-plus-award fee undefinitized delivery order (N4523A-21-F-0303) against base contract award N00024-19-D-4310 at a not-to-exceed value of \$13,150,635 for aircraft carrier ship repair. Work will be performed in Bremerton, Washington, and is expected to be completed by November 2021. Fiscal 2021 other procurement (Navy) funds in the amount of \$13,150,635 will be obligated at time of award and will not expire at the end of the current fiscal year. The base contract award for this undefinitized contract action delivery order was competitively procured via the FedBizOpps.gov website with three offers

received. The Puget Sound Naval Shipyard and Intermediate Maintenance Facility, Bremerton, Washington, is the contracting activity.

Lockheed Martin Rotary and Mission Systems, Syracuse, New York, is awarded a \$10,000,000 cost-plus incentive-fee and cost-only modification to previously awarded delivery order N00024-19-F-6201 under indefinite-delivery/indefinite-quantity contract N00024-19-D-6200 for the design, prototyping and qualification testing for the TI-20/TI-22 AN/BLQ-10. Work will be performed in Syracuse, New York, and is expected to be completed by February 2022. Fiscal 2021 research, development, testing and evaluation (Navy) funding in the amount of \$10,000,000 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Kaiyuh Services, Milan, Tennessee (N00164-21-D-GW01); Maro & Associates, Gwinner, North Dakota (N00164-21-D-GW09); MM Packaging Products, Loveland, Colorado (N00164-21-D-GW10); and Valor Defense Solutions, Odon, Indiana (N00164-21-D-GW11), was awarded and will compete for each order of the \$10,000,000 firm-fixed-price, indefinite-delivery/indefinite-quantity multiple award contracts for wooden container fabrication requirements in support of the development, maintenance and sustainment of systems, sub-systems, equipment and components. Work is estimated to be performed at Milan, Tennessee (25%); Gwinner, North Dakota (25%); Loveland, Colorado (25%); Odon, Indiana (25%), dependent on actual delivery orders issued. Work is expected to be completed by February 2022, and if all options are exercised, will be completed by February 2031. Fiscal 2021 shipbuilding and conversion (Navy) funding in the amount of \$104,976 (including \$2,000 minimum guarantee per each awardee) for the first delivery order will be obligated at contract award and will not expire at the end of the current fiscal year. These multiple award contracts were competed as 100% set-aside for small business concerns via the System for Award Management website, with four offers received. The Naval Surface Warfare Center, Crane Division, Crane, Indiana, is the contracting activity. (Awarded Feb. 18, 2021)

General Electric Aviation, Lynn, Massachusetts, is awarded an \$8,680,459 cost-plus-fixed-fee order (N00421-21-F-0005) against previously issued basic ordering agreement N00421-19-G-0001. This order provides engineering services and engine system improvement support for the T408 engine component improvement program. Work will be performed in Lynn, Massachusetts, and is expected to be completed in December 2021. Fiscal 2020 research, development, test and evaluation (Navy) funds in the amount \$1,750,000 will be obligated at time of award, all of which will expire at the end of the current fiscal year. The Naval Air Warfare Center, Aircraft Division, Patuxent River, Maryland, is the contracting activity.

February 18, 2021

Harper Construction Co. Inc., San Diego, California, is awarded a \$42,661,879 firm-fixed-price task order (N62473-21-F-4378) under a multiple award construction contract for the construction of a division operations complex at Marine Corps Base, Camp Pendleton. The work to be performed provides for the design and construction of multiple buildings with concrete masonry unit walls, reinforced concrete foundations and floors and standing seam metal roofs; the construction of a parade field; and the demolition of nine single story concrete buildings, nine temporary facilities and four multi-story wood buildings. Work will be performed in Camp Pendleton, California, and is expected to be completed by May 2023. Fiscal 2021 military construction (Navy) contract funds in the amount of \$42,661,879 are obligated on this award and will not expire at the end of the current fiscal year. Fourteen proposals were

received for this task order. The Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity (N62473-21-D-1206).

Serco Inc., Herndon, Virginia, is awarded a task order at \$38,143,547 under an indefinite-delivery/indefinite-quantity contract with a maximum amount of \$600,000,000 for the life-cycle sustainment of Anti-Terrorism Force Protection (ATFP) systems and assets, worldwide. Initial task order is being awarded for the sustainment of existing ATFP systems and assets worldwide. The task order contains 23 options, which if exercised, would bring the total value to \$153,544,286. The work to be performed is for life-cycle sustainment of physical security/access control and command, control, communications, computers and intelligence systems in support of Commander Naval Installation Command's ATFP program, worldwide. A "system" includes all of the hardware, associated firmware, software and cabling or other signal/data transmission subsystems necessary for the system to function as intended. The scope of the procurement includes preventive maintenance of hardware, associated firmware and software; response and resolution of service calls for corrective maintenance to include equipment repair, overhaul or replacement; Information Assurance Vulnerability Alert to include version control, patch management and vulnerability scanning; asset management to track, maintain, upgrade and dispose of systems; configuration management to establish and maintain consistency of the system attributes with operational requirements and evolving technical baseline; technical refreshments, upgrades and installation of new systems; and programmatic trend analysis to identify systemic sustainment issues such as technology obsolescence. Work under this task order is expected to be completed by February 2022. The term of the contract is not to exceed 60 months, with an option for an additional 36 months, with an expected completion date of February 2026. Fiscal 2021 operation and maintenance (Navy) (O&M,N) contract funds in the amount of \$38,143,547 are obligated on this award and will expire at the end of the current fiscal year. Future task orders will be primarily funded by O&M, N. This contract was competitively procured via the beta.SAM.gov website with five proposals received. The Naval Facilities Engineering Systems Command, Engineering and Expeditionary Warfare Center, Port Hueneme, California, is the contracting activity (N39430-21-D-2230).

Universal Propulsion Co. Inc., Fairfield, California, is awarded a \$30,132,310 firm-fixed price, indefinite-delivery/indefinite-quantity contract for engineering, technical, administrative and programmatic management support for total life cycle management of the various aircrew escape systems managed under the Joint Program Office for Cartridge Actuated Device/Propellant Actuated Device tri-service charter. Work will be performed in Fairfield, California, and is expected to be completed by September 2025. Fiscal 2021 Navy working capital funds in the amount of \$500 dollars will be obligated on the first task order at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured and is a sole-source award pursuant to 10 U.S. Code 2304(c)(1). The Naval Surface Warfare Center, Indian Head Division, Indian Head, Maryland, is the contracting activity (N00174-21-D-0008).

Lockheed Martin Rotary Mission Systems, Orlando, Florida, is awarded a \$19,021,585 modification (P00017) to previously awarded firm-fixed-price, cost-plus-fixed-fee, cost reimbursable contract N68335-18-C-0681. This modification exercises an option to procure six full rate production electronic Consolidated Automated Support System units and related equipment, including three self-maintenance and test/calibration operational test program sets and three shore installation kits in support of the Navy's F-35 program and Foreign Military Sales (FMS) customers. Work will be performed in Orlando, Florida, and is expected to be completed in December 2023. Fiscal 2020 aircraft procurement (Navy) funds in the amount of \$17,956,758; and FMS funds in the amount of \$1,064,827 will be obligated at time of award,

none of which will expire at the end of the current fiscal year. The Naval Air Warfare Center, Aircraft Division, Lakehurst, New Jersey, is the contracting activity.

General Atomics, Aeronautical Systems Inc., Poway, California, is awarded an \$11,155,719 firm-fixed-price modification (P00012) to previously awarded contract N00019-18-C-1063. This modification exercises options to procure Group 5 Unmanned Air System (UAS) Intelligence, Surveillance and Reconnaissance support for outside the continental U.S. (OCONUS) Task Force Southwest and Marine Corps operations using contractor-owned/contractor-operated MQ-9 Reaper UAS. Work will be performed in Yuma, Arizona (45%); various locations OCONUS (40%); and Poway, California (15%), and is expected to be completed in May 2021. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$11,155,719 will be obligated at time of award and will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

BAE Systems Land & Armaments L.P., Sterling Heights, Michigan, is awarded a \$9,571,279 fixed-price-incentive (firm target) modification to previously awarded contract M67854-16-0006 for amphibious combat vehicles (ACV). The total cumulative face value of the contract is \$3,313,454,961. This modification provides for integration of ACV engineering change proposal for air cooling provisions in 72 full-rate production Lots 1A and 1B ACV personnel variants, ACV command and control variant engineering support in production, non-recurring engineering changes, production costs and fielding and support costs. Work will be performed in York, Pennsylvania (60%); Aiken, South Carolina (15%); San Jose, California (15%); Sterling Heights, Michigan (5%); and Stafford, Virginia (5%). Work is expected to be completed in January 2023. Fiscal 2021 procurement (Marine Corps) funds in the amount of \$8,834,159; fiscal 2019 procurement (Marine Corps) funds in the amount of \$651,756; and fiscal 2020 research, development, test and evaluation (Marine Corps) funds in the amount of \$85,364, will be obligated at the time of award. Total funding in the amount of \$737,120 (\$651,756 fiscal 2019 procurement; and \$85,364 fiscal 2020 research, development, test and evaluation) will expire at the end of the current fiscal year. Marine Corps Systems Command, Quantico, Virginia, is the contracting activity (M67854-16-C-0006).

February 17, 2021

Brantley Construction Services LLC, Charleston, South Carolina, is awarded firm-fixed-price task order N69450-21-F-4514 at \$16,396,500 under a multiple award construction contract for a multi-mission Surface Combatant Training Facility at Jacksonville, Florida. The contract also contains one unexercised option, which if exercised, would increase cumulative contract value to \$17,144,625. The work to be performed includes, but is not limited to, reconfiguring approximately 50,000 square foot interior spaces and minor exterior improvements in an existing commercial building leased by the U.S. government. The interior spaces will consist of training classrooms, brief/debrief rooms, training shops and office spaces. The option, if exercised, provides for furniture, fixtures and equipment. Work will be performed in Jacksonville, Florida, and is expected to be completed by January 2022. Foreign Military Sales funds in the amount of \$16,396,500 are obligated on this award and will not expire at the end of the current fiscal year. Three proposals were received for this task order. The Naval Facilities Engineering Systems Command, Southeast, Jacksonville, Florida, is the contracting activity (N69450-19-D-0916).

BCG Federal Corp., Bethesda, Maryland, was awarded a \$12,444,857 firm-fixed-price contract modification exercising the first option period (of six option periods) under task order N00024-20-F-24B2 awarded against multiple award, indefinite-delivery/indefinite-quantity contract N00024-20-D-2431 for the Naval Sustainment System – Shipyard Initiative to improve overall shipyard performance by increasing

throughput, reducing ship maintenance costs and shortened durations for ship maintenance availabilities to ultimately increase operational availability and deliver readiness to the fleet commanders. This modification brings the cumulative value of this contract to \$17,436,978. This requires BCG Federal Corp. to uncover and design solutions for issues in five major functional areas that drive delays in maintenance availabilities in all four public naval shipyards. It is projected that work will be performed at the Norfolk Naval Shipyard, Portsmouth, Virginia (25%); Portsmouth Naval Shipyard, Portsmouth, New Hampshire (25%); Puget Sound Naval Shipyard and Intermediate Maintenance Facility, Bremerton, Washington (25%); and Pearl Harbor Naval Shipyard, and Intermediate Maintenance Facility, Joint Base Pearl Harbor-Hickam, Hawaii (25%), and is expected to be completed by August 2021. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$12,444,857 will be obligated at time of award and will expire at the end of the current fiscal year. This task order was competitively procured against an existing multiple award contract. The Naval Sea Systems Command, Washington, D.C., is the contracting activity. (Awarded Feb. 12, 2021)

PSI Pax Inc., California, Maryland, is awarded an \$8,746,948 cost-plus-fixed-fee, cost reimbursable order (N00421-21-F-3001) against previously issued basic ordering agreement N00178-19-D-8356. This order provides Air Traffic Control (ATC) systems technical, engineering and management support including landing, approach, area control and expeditionary systems and modeling, simulation, fleet sustainment and integration of ATC systems with future manned and unmanned air combat vehicles in support of the Naval Air Warfare Center, Aircraft Division, Webster Outlying Field, ATC and Landing Systems Division. Work will be performed in St. Inigoes, Maryland (75%); and Patuxent River, Maryland (25%), and is expected to be completed in April 2022. Fiscal 2021 working capital (Navy) funds in the amount of \$640,000 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Warfare Center, Aviation Division, Patuxent River, Maryland, is the contracting activity.

February 12, 2021

Northrop Grumman Systems Corp., Linthicum, Maryland, is awarded a \$236,941,008 modification for the firm-fixed-price portion of previously awarded contract M67854-19-C-0043. The total cumulative face value of the contract is \$686,355,923. This modification provides for the exercise of three option contract line items to procure eight Ground/Air Task Oriented Radar Gallium Nitride full rate production systems with associated travel and one lot of the initial provisioning package (spares) in support of Program Executive Officer Land Systems, Quantico, Virginia. Work will be performed in Linthicum, Maryland, and is expected to be complete by Feb. 28, 2024. Fiscal 2021 procurement (Marine Corps) funds in the amount of \$236,941,008 will be obligated at the time of award and will not expire at the end of the current fiscal year. The contract modification was not competitively procured. The base contract was not competitively procured pursuant to Federal Acquisition Regulation 6.302-1 and 10 U.S. Code § 2304(c)(1). The Marine Corps Systems Command, Quantico, Virginia, is the contracting activity (M67854-19-C-0043).

Association of Consultants and Engineers, Leonardtown, Maryland, is awarded a maximum amount \$30,000,000 indefinite-delivery/indefinite-quantity contract for multi-media environmental compliance services, with an emphasis on storm water, wastewater and drinking water for the Naval Facilities Engineering Systems Command (NAVFAC), Washington, D.C., area of operations (AO) and U.S. territories. All work on this contract will be performed in the Washington, D.C., AO and U.S. territories. The term of the contract is not to exceed 66 months with an expected completion date of August 2026. Fiscal 2021 operation and maintenance (Navy) (OM,N) contract funds in the amount of

\$10,000 for guaranteed minimum are obligated at time of award and will expire at the end of the current fiscal year. Future task orders will be primarily funded by OM,N. This contract was competitively procured via the beta.SAM.gov website with eight proposals received. NAVFAC Washington, Washington, D.C., is the contracting activity (N40080-21-D-0013).

Cianbro Corp., Pittsfield, Maine, is awarded a \$20,850,000 firm-fixed-price contract modification for dredging requirements to support multi-mission Dry Dock #1 extension located at the Portsmouth Naval Shipyard. After award of this modification, the total cumulative contract value will be \$197,615,254. Work will be performed in Kittery, Maine, and is expected to be completed by March 2022. Fiscal 2021 military construction (Navy) contract funds in the amount of \$20,850,000 are obligated on this award and will not expire at the end of the current fiscal year. The Naval Facilities Engineering Systems Command, Mid-Atlantic, Norfolk, Virginia, is the contracting activity (N40085-20-C-8500).

EPS Corp., Tinton Falls, New Jersey, is awarded a \$10,017,166 cost-plus-fixed-fee and firm-fixed price modification to previously awarded indefinite delivery/indefinite quantity contract N00174-17-D-0026 to exercise an option for technical expertise in the development and testing of underwater weapons and underwater weapons systems components. Work will be performed in Tinton Falls, New Jersey (95%); and Cagliari, Italy (5%), and is expected to be completed by February 2022. No additional funds are being obligated at the time of this action. The Naval Surface Warfare Center, Indian Head Division, Indian Head, Maryland, is the contracting activity.

L3 Harris Technologies Inc. Anaheim, California, is awarded an \$8,203,414 cost-plus-fixed-fee contract modification (P00038) for options under previously awarded and announced contract N00030-18-C-0001. The work will provide services and support for Flight Test Instrumentation (FTI) systems. Work will be performed in Anaheim, California (60 %); Cape Canaveral, Florida (25 %); and Washington, D.C. (15%), with an expected completion date of Oct. 12, 2022. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$3,021,941 will be obligated at time of this award and will expire at the end of the current fiscal year. Fiscal 2021 other procurement (Navy) funds in the amount of \$2,423,298; fiscal 2021 weapons (Navy) funds in the amount of \$1,814,175; and fiscal 2021 United Kingdom funds in the amount of \$944,000, are being obligated at time of this award and will not expire at the end of the fiscal year. This contract modification is being awarded to the contractor on a sole-source basis under 10 U.S. Code 2304(c)(1) and was previously synopsisized on the Federal Business Opportunities (now beta.SAM.gov) website. Strategic Systems Programs, Washington, D.C., is the contracting activity.

February 11, 2021

International Flooring and Protective Coatings Inc., Norfolk, Virginia (N50054-21-D-2101); Main Industries Inc., Hampton, Virginia (N50054-21-D-2102); Surface Technologies Corp., Atlantic Beach, Florida (N50054-21-D-2103); and UHP Projects Inc., Newport News, Virginia (N50054-21-D-2104), are awarded a combined \$41,425,862 firm-fixed-price, indefinite-delivery/indefinite-quantity multiple award contract to furnish management, administrative and production services, materials, tools, equipment and required support to accomplish removal of old deck covering and underlayment (including rubber base if present), abrasive blast, ultra-high pressure water jet and power tool clean decks; and prepare surfaces, apply primer coatings and install new non-skid deck covering onboard Navy or other military type vessels. International Flooring and Protective Coatings Inc. is being awarded a \$10,887,224 estimate and if all options are exercised, the total value will be \$58,889,922. Main Industries Inc. is being awarded a \$9,616,068 estimate and if all options are exercised, the total value will be \$50,102,014. Surface Technologies Corp. is being awarded a \$9,410,280 estimate and if all options are exercised, the total

value will be \$47,110,600. UHP Projects Inc. is being awarded an \$11,512,290 estimate and if all options are exercised, the total value will be \$65,057,475. Work will be accomplished onboard Navy vessels located primarily within a 50-mile radius of Norfolk, Virginia, and is expected to be completed in February 2022, and February 2026 if all options are exercised. The maximum dollar value for all four contracts is \$65,057,475. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$10,000 (\$2,500 per awardee) will be obligated at the time of award and will expire at the end of the current fiscal year. The requirement was competitively procured as a small business set-aside solicited through the beta.SAM.gov website with five offers received. The Mid-Atlantic Regional Maintenance Center, Norfolk, Virginia, is the contracting activity.

Huntington Ingalls Industries' Newport News Shipbuilding division, Newport News, Virginia, is awarded a \$13,435,247 cost-plus-fixed-fee contract for engineering and technical design effort to support research and development concept formulation for current and future submarine platforms. This contract procures advanced submarine research and development (R&D) including studies to support assessments, development, design studies and tests; provide on-site engineering, logistics and technical services; and integrate/incorporate technologies for land-based or at-sea tests/demonstrations. Development and design of advanced submarine R&D technologies include integration/incorporation of developing technologies as well as advanced development models into the designated R&D test platform(s) and current and future submarine platforms. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$117,332,071. Work will be performed in Newport News, Virginia, and is expected to be completed by September 2021. If all options are exercised, work will continue through September 2025. Fiscal 2021 research, development, test and evaluation (Navy) funding in the amount of \$250,000 will be obligated at time of award and will not expire at the end of the current fiscal year. Fiscal 2020 research, development, test and evaluation (Navy) funding in the amount of \$35,000 will be obligated at time of award and will expire at the end of the current fiscal year. This contract was not competitively procured and is a sole-source award pursuant to 10 U.S. Code 2304(c)(3) – Industrial Mobilization. The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-C-2104).

February 10, 2021

BAE Systems Land & Armaments L.P., Sterling Heights, Michigan, is awarded an \$183,840,645 fixed-price incentive (firm target) modification to previously awarded contract M67854-16-0006 for Amphibious Combat Vehicles (ACVs). The total cumulative face value of the contract is \$3,304,536,113. This modification provides for the exercise of options for the procurement of 36 full rate production ACVs and associated production and fielding and support costs. Work will be performed in York, Pennsylvania (60%); Aiken, South Carolina (15%); San Jose, California (15%); Sterling Heights, Michigan (5%); and Stafford, Virginia (5%). Work is expected to be completed in April 2023. Fiscal 2021 procurement (Marine Corps) funds in the amount of \$183,840,645 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. Marine Corps Systems Command, Quantico, Virginia, is the contracting activity (M67854-16-C-0006).

Utility Works JV, Virginia Beach, Virginia, is awarded a not-to-exceed \$70,000,000 indefinite-delivery/indefinite-quantity contract for architect-engineer services for utilities engineering and management support for Naval Facilities Engineering Systems Command (NAVFAC) worldwide. The work to be performed includes, but is not limited to, utility engineering, infrastructure management, operation and maintenance and utility management services, which will support electrical generation, transmission and distribution systems; water supply, transmission, treatment and distribution systems;

wastewater collection and treatment systems; steam generation, transmission and distribution systems; compressed air generation and distribution systems; and natural gas transmission and distribution systems. No task orders are being awarded at this time. All work will be performed at various Navy and Marine Corps facilities and other government facilities within the NAVFAC Atlantic and Pacific areas of operations, and worldwide including, but not limited to California (20 %); Virginia (20%); Florida (15%); North Carolina (5%); South Carolina (5%); Maryland (5%); Washington state (5%); Georgia (5%); Hawaii (5%); Texas (5%); Europe, Africa, Central (5%); and Far East (5%). The term of the contract is not to exceed 60 months with an expected completion date of February 2026. Fiscal 2021 operation and maintenance (Navy) (O&M,N) contract funds in the amount of \$10,000 are obligated on this award and will expire at the end of the current fiscal year. Future task orders will be primarily funded by (O&M,N) funds. This contract was competitively procured via the beta.SAM.gov website with two proposals received. NAVFAC Atlantic, Norfolk, Virginia, is the contracting activity (N62470-21-D-0005).

Detyens Shipyards Inc., North Charleston, South Carolina, is awarded an \$11,510,913 firm-fixed-price contract for a 50-calendar day shipyard availability. The work to be performed provides for services for the mid-term availability of the fleet oiler USNS John Lenthall (T-AO 189). The contract also contains seven unexercised options, which if exercised, would increase cumulative contract value to \$12,329,310. Work will be performed in North Charleston, South Carolina, and is expected to be completed by June 2, 2021. Fiscal 2021 working capital contract funds (Navy) in the amount of \$11,510,913 are obligated on this award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with four proposals received. The Military Sealift Command, Norfolk, Virginia, is the contracting activity (N32205-21-C-4009).

February 9, 2021

Gichner Systems Group Inc., Dallastown, Pennsylvania, is awarded a \$57,319,314 firm-fixed-price, indefinite-delivery/indefinite-quantity contract. This contract procures up to a maximum quantity of 732 mobile facility shelters used for human habitation as well as permanent equipment storage or operation to support the testing, repairing, and operation of various avionics and non-avionics gear for the Navy, Marine Corps and Army. Work will be performed in Dallastown, Pennsylvania, and is expected to be completed in February 2026. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. This contract was competitively procured via an electronic request for proposal and two offers were received. The Naval Air Warfare Center Aircraft Division, Lakehurst, New Jersey, is the contracting activity (N68335-21-D-0214).

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Fort Worth, Texas, is awarded a \$26,825,606 modification (P00010) to previously awarded cost-plus-incentive-fee contract N00019-20-C-0037. This modification exercises an option to provide continued support for training system product development, integration and test for current, fielded and planned hardware baselines in support of the F-35 training systems labs for the Navy, Marine Corps, Air Force and non-Department of Defense (DOD) participants. Work will be performed in Orlando, Florida (98%); and Fort Worth, Texas (2%), and is expected to be completed in March 2022. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$2,000,000; fiscal 2021 research, development, test and evaluation (Air Force) funds in the amount of \$2,000,000; and non-DOD participant funds in the amount of \$881,107, will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

General Electric Aviation, Lynn, Massachusetts, is awarded a \$21,095,294 firm-fixed-price modification (P00016) to previously awarded contract N00019-18-C-1007. This modification procures 4 T408-GE-400 turboshaft spare engines and various spare engine parts in support of CH-53K Lot 5 low rate initial production aircraft. Work will be performed in Lynn, Massachusetts, and is expected to be completed in December 2024. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$20,390,291; and fiscal 2020 aircraft procurement (Navy) funds in the amount of \$705,003 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

February 8, 2021

Raytheon Technologies Corp., Pratt and Whitney, Pratt and Whitney Engines, East Hartford, Connecticut, is awarded a \$49,195,531 fixed-price-incentive-firm-target modification (P00025) to a previously awarded contract (N0001918C1021). This contract provides for one conventional take-off and landing and two short take-off/vertical landing F135 engines to support F-35 Lightning II Block Four developmental testing program for the Air Force, Navy, Marine Corps, and non-U.S. Department of Defense (DOD) participants. Work will be performed in East Hartford, Connecticut (33%); Kent, Washington (15%); El Cajon, California (15%); Whitehall, Michigan (8%); West Palm Beach, Florida (6%); Dover, New Jersey (5%); East Lake, Ohio (3%); Rockford, Illinois (3%); Houston, Texas (3%); Portland, Oregon (3%); North Berwick, Maine (3%); and Milford, New Hampshire (3%), and is expected to be completed in January 2023. Fiscal 2020 research, development, test and evaluation (Air Force) funds in the amount of \$3,690,000; fiscal 2020 research, development, test and evaluation (Navy) funds in the amount of \$2,500,000; and non-U.S. DOD participant funds in the amount of \$1,083,021 will be obligated at the time of award, \$6,190,000 of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity. (Awarded Feb. 5, 2021)

Bell Boeing Joint Project Office, Amarillo, Texas, is awarded a \$17,852,939 modification (P00012) to a firm-fixed-priced order (N0001919F0305) against a previously issued basic ordering agreement (N0001917G0002). This modification exercises an option to procure 60 MV-22 and 10 CV-22 propotor hub spring and drive link retrofit kits; and six CV-22 modification spares kits, in support of the Marine Corps MV-22 aircraft and Air Force CV-22 aircraft. Work will be performed in Fort Worth, Texas, and is expected to be completed in February 2023. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$14,675,618; and fiscal 2021 aircraft procurement (Air Force) funds in the amount of \$3,177,321, will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity. (Awarded Feb. 5, 2021)

BAE Systems Platforms & Services, Minneapolis, Minnesota, is awarded a \$17,576,524 fixed-price incentive (firm target) contract for Virginia-class submarine propulsors (delivery order N00024-21-F-2100 under basic ordering agreement N00024-20-G-4107). Work will be performed in Louisville, Kentucky (90%); and Minneapolis, Minnesota (10%), and is expected to be completed by October 2024. Fiscal 2020 advanced procurement shipbuilding and conversion (Navy) funding in the amount of \$17,576,524 will be obligated at time of award and will not expire at the end of the fiscal year. This contract was not competitively procured in accordance with 10 U.S. Code 2304(c)(1) (only one responsible source and no other supplies or services will satisfy agency requirements). The Naval Sea Systems Command, Washington, D.C., is the contracting activity. (Awarded Feb. 5, 2021)

American Petroleum Tankers LLC, Blue Bay, Pennsylvania (N3220517C3502), is awarded a \$16,479,750 option (P00021) for the fixed-price portion of a previously awarded firm-fixed-price contract with

reimbursable elements to exercise a one-year option in support of the Department of Defense Logistics Agency Energy aboard the M/V Evergreen State. This contract includes a one-year-firm period of the performance, three one-year options periods, and one 11-month option period, which if exercised would bring the cumulative value of this contract to \$81,048,250. Work will be performed in Norfolk, Virginia, and is expected to be completed, if all options are exercised, by Jan. 8, 2023. Working capital funds (Navy) in the amount of \$10,565,100 are obligated for fiscal 2021, and will not expire at the end of the fiscal year. Funds in the amount of \$5,914,650 for the remainder of Option Three are to be provided for fiscal 2022 and are subject to availability of funds in accordance with Federal Acquisition Regulation 52.232-18, availability of funds. This procurement was released under full and open competition, with an unlimited number of companies solicited via the Beta.SAM.Gov website with three offers received. The Navy's Military Sealift Command, Norfolk, Virginia, is the contracting activity. (Awarded Feb. 5, 2021)

Bell Boeing Joint Project Office, Amarillo, Texas, is awarded a \$12,273,267 cost-plus-fixed-fee, firm-fixed-price order (N0001921F0090) against a previously issued basic ordering agreement (N0001917G0002). This order provides non-recurring engineering services for the conversion area harness aircraft modification. Additionally, this order procures 72 conversion area harness base retrofit kits, 63 conversion area harness supplemental retrofit kits, and interim spares in support of the Marine Corps MV-22 aircraft, the Air Force CV-22 aircraft, the Navy CMV-22 aircraft, and the government of Japan V-22 aircraft. Work will be performed in Simpsonville, South Carolina (80%); Fort Worth, Texas (10%); Long Beach, California (7%); Austin, Texas (1%); Dallas, Texas (1%); and various locations within the continental U.S. (1%), and is expected to be completed in January 2026. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$8,626,985; fiscal 2021 aircraft procurement (Air Force) funds in the amount of \$1,787,911; fiscal 2020 aircraft procurement (Navy) funds in the amount \$480,888; and Foreign Military Sales funds in the amount of \$1,377,483 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity. (Awarded Feb. 5, 2021)

CORRECTION: The contracts announced on Feb. 5, 2021, to Sikorsky Aircraft Corp. (N00019-14-C-0050 P00102); and Opal Soft Inc. (N00253-21-C-0004), were actually awarded today, Feb. 8, 2021.

February 5, 2021

Sikorsky Aircraft Corp., a Lockheed Martin Co., Stratford, Connecticut, is awarded a \$478,605,019 firm-fixed-price modification (P00102) to a previously awarded contract (N0001914C0050). This modification exercises options for the procurement of five Lot Three low-rate initial production Presidential Helicopters Replacement Program (VH-92A) aircraft, and associated interim contractor support, two cabin interior reconfiguration kits, support equipment, initial spares, and system parts replenishment. Work will be performed in Stratford, Connecticut (50%); Coatesville, Pennsylvania (36%); Owego, New York (10%); Patuxent River, Maryland (2%); Phoenix, Arizona (1%); and Quantico, Virginia (1%), and is expected to be completed in December 2023. Fiscal 2021 aircraft procurement (Navy) funds in the amount \$478,605,019 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Invicta Global LLC, Fort Worth, Texas, was awarded a \$14,600,550 indefinite-delivery/indefinite-quantity modification for the exercise of Option Three under a contract for base operating support services at various installations in the Naval Facilities Engineering Systems Command (NAVFAC) Washington area of operations (AO). After award of this option, the total cumulative contract value will be \$39,316,621. The work to be performed is all labor, material, equipment, management and administration for utilities,

transportation and facility support services to include fire protection services, facilities management and investment, base support vehicles and equipment, urgent, emergency and routine services for facility support services. Work will be performed in NAVFAC Washington AO, including but not limited to Bethesda, Maryland (40%); Washington, D.C. (40%); Indian Head, Maryland (10%); and Dahlgren, Virginia (10%). This option period is from Feb. 1, 2021, to Jan. 31, 2022. No funds were obligated at time of award. Operation and maintenance, (Navy); and fiscal 2021 Navy working capital funds in the amount of \$6,488,840 for recurring work will be obligated on individual task orders issued during the option period. NAVFAC Washington, Washington, D.C., is the contracting activity (N40080-19-D-0311). (Awarded: Jan. 29, 2021)

Opal Soft, Inc., Sunnyvale, California, is awarded an \$11,979,099 cost-plus-fixed-fee bridge contract for software support services in support of Naval Undersea Warfare Center Division, Keyport. Work will be performed in Keyport, Washington, and is expected to be completed by September 2021. This contract includes an option which, if exercised, would bring the cumulative value of this contract to \$19,049,565. Work is expected to be completed by December 2021. Fiscal 2021 service cost center (Navy) \$3,154,151 (82.12%); 2015 shipbuilding and conversion (Navy) \$246,982 (6.43%); 2017 shipbuilding and conversion (Navy) \$246,982 (6.43%); 2021 defense working capital fund (Navy) \$84,895 (2.21%); 2021 other procurement (Navy) \$42,474 (1.11%) 2019 shipbuilding and conversion (Navy) \$37,996 (0.99%); and 2018 shipbuilding and conversion (Navy) \$27,092.45 (0.71%) funding will be obligated at award. No contract funds will expire at the end of the current fiscal year. This contract was not competitively procured in accordance with 10 U.S. Code 2304(c) (1) (only one responsible source and no other supplies or services will satisfy agency requirements). The Naval Undersea Warfare Center Division, Keyport, Keyport, Washington, is the contracting activity. (N0025321C0004)

February 4, 2021

L3Harris Technologies Inc., Clifton, New Jersey, is awarded a \$45,888,334 cost-plus-fixed-fee, cost reimbursement, indefinite-delivery/indefinite-quantity contract. This contract provides engineering maintenance and repair support services for Advanced Self-Protection Jammer AN/ALQ-165, Integrated Defensive Electronic Countermeasures AN/ALQ-214, and aircraft self-protection optimization software in support of F/A-18 series aircraft for the Navy and Foreign Military Sales customers. Work will be performed in Clifton, New Jersey, and is expected to be completed in February 2026. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. This contract was not competitively procured pursuant to 10 U.S. Code 2304(c)(1). The Naval Air Warfare Center, Weapons Division, Point Mugu, California, is the contracting activity (N68936-21-D-0006).

DSC Inc., Dunn, North Carolina, is awarded a \$10,214,389 firm-fixed-price contract for Naval Air Station (NAS) Patuxent River facility support services. The work to be performed provides for the facility support services work consisting of scheduled custodial services to ensure the cleanliness of working environments (trash removal, recycling, cleaning kitchenettes, lunch and breakrooms, windows/window treatments, drinking fountains, clean/disinfect restrooms, sweeping /mopping /vacuuming floors, etc.). Pest control services includes the prevention and control of unwanted vegetation and invasive plants, nuisance, structure damaging, lawn, turf and ornamental and disease vector and health arthropod and invertebrate pests. Grounds maintenance and landscaping includes lawn maintenance (mowing and trimming, edging, irrigation systems maintenance), vegetation removal and debris removal within installation grounds parcels designated as improved, semi-improved and unimproved areas. Pavement clearance includes snow removal, sweeping to remove winter abrasives and other debris, improve the appearance of paved areas, improve the safety of paved areas, reduce maintenance costs by keeping

the drainage systems clean and reduce pollutants entering the storm drain system. Transportation services consists of vehicles and equipment maintenance and repairs; vehicle and equipment operations to include dispatch services. Weight handling equipment/material handling equipment services to include provision of a crane, liquid movements, people movements, operator licensing, testing and training, vehicle/equipment inspection and certification and specified administrative program management. Work will be performed in St. Mary's County, Maryland, on the Chesapeake Bay near the mouth of the Patuxent River, and is expected to be completed by March 31, 2021. Fiscal 2021 Navy operation and maintenance (O&M,N) contract funds in the amount of \$0 are obligated on this award and will be used for the base period. The base contract is incrementally funded with the first increment of \$0 being allocated Feb. 4, 2021. The base year will commence April 1, 2021, and end March 31, 2022. The second increment will be funded in fiscal 2021 on or before March 31, 2021, at \$852,199, and the remainder of the funds will be funded no less than monthly on the last day of each month until the continuous resolution is lifted and/or the contract is fully funded. The contract also contains five unexercised options, which if exercised, would increase cumulative contract value to \$66,099,485. Funds will expire at the end of fiscal 2021. This contract was competitively procured via the beta.SAM.gov electronic solicitation with four proposals received. The Naval Facilities Engineering Systems Command, Washington, Washington, D.C., is the contract activity (N40080-21-D-0006).

February 3, 2021

Northrop Grumman Systems Corp., Herndon, Virginia, is awarded a \$329,891,030 firm-fixed-price, cost-plus-fixed-fee modification to previously awarded contract N00024-17-C-6327 to exercise options for Joint Counter Radio-Controlled Improvised Explosive Device Electronic Warfare Increment One Block One (11B1) dismounted systems, mounted systems, mounted auxiliary kits, operational level spares, depot level spares and engineering support services. This contract involves Foreign Military Sales (FMS) to the government of Australia. Work will be performed in San Diego, California, and is expected to be complete by December 2022. FMS (Australia) funding in the amount of \$116,491,337 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Sikorsky Aircraft Corp., a Lockheed Martin Co., Stratford, Connecticut, is awarded a \$19,429,150 modification (P00005) to cost-plus-fixed-fee order N00019-19-F-2972 against previously issued basic ordering agreement N00019-19-G-0029. This order provides for non-recurring engineering, engineering change order, logistics and programmatic support of the Data Transfer Unit and Defensive Electronic Countermeasure System Replacement and ARC-210 program, to replace existing subsystems within the CH-53K production aircraft. Work will be performed in Cedar Rapids, Iowa (55.82%); Stratford, Connecticut (35.7%); and Fort Worth, Texas (8.48%), and is expected to be completed in August 2021. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$19,429,150 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

February 2, 2021

ACTS-Meltech JV1 LLC, Virginia Beach, Virginia (N00178-21-D-4403); Athena Construction Group Inc., Triangle, Virginia (N00178-21-D-4404); Cremer Global Services Inc., Melbourne, Florida (N00178-21-D-4405); Encon Desbuild JV2 LLC, Bladensburg, Maryland (N00178-21-D-4406); HSU EGI JV LLC, Gaithersburg, Maryland (N00178-21-D-4407); Matos Builders LLC, Baltimore, Maryland (N00178-21-D-

4408); New Dominion Construction LLC, Dumfries, Virginia (N00178-21-D-4409); Signature Renovations LLC, Capitol Heights, Maryland (N00178-21-D-4410); and Trinity USA Contracting Inc., White Stone, Virginia (N00178-21-D-4411), are awarded a combined \$30,000,000 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for facility repairs and renovations in multiple buildings, trailers and labs. This contract was competitively awarded among HUBZone small businesses. It provides standard maintenance, sustainment, repair and minor construction as well as field surveying of sites, mapping of new site conditions, soil boring sampling, sampling and testing of potential existing hazardous construction materials, performing and providing engineering analysis and evaluations for purposes of structural and electrical capacities and providing energy computations for infrastructure solutions. Operation and execution are primarily focused in repairing, upgrading and nonstructural construction in accordance with and not exceeding Category II of the Naval Facilities Engineering Command Engineering & Construction Bulletin Issue No.2006-04. Each awardee will be awarded \$500 (minimum contract guarantee per awardee) at contract award. These contracts do not include options and consist of a cumulative value of \$30,000,000 over a five-year period to the nine vendors combined. Work will be performed in Dahlgren, Virginia (85%); Wallops Island, Virginia (5%); Virginia Beach, Virginia (5%); and Washington, D.C. (5%), and is expected to be completed by February 2026. Fiscal 2021 sustainment, restoration and modernization funds in the amount of \$4,500 will be obligated at the time of award and will expire at the end of the current fiscal year. All other funding will be made available at the delivery order level as contracting actions occur. This contract was competitively procured via the beta.SAM.gov website, with 11 offers received. The Naval Surface Warfare Center, Dahlgren Division, Dahlgren, Virginia, is the contracting activity.

Huntington Ingalls Industries, Newport News Shipbuilding division, Newport News, Virginia, is awarded a \$12,500,000 cost-plus-fixed-fee modification to previously awarded contract N00024-16-C-4316 to continue performance of the repair, maintenance and upgrade efforts on the USS Helena (SSN 725) Dry-Docking Selected Restricted Availability. Work will be performed in Newport News, Virginia, and is expected to be completed by April 2021. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$12,500,000 will be obligated at time of award and will expire at the end of the current fiscal year. The Supervisor of Shipbuilding, Conversion and Repair, Newport News, Virginia, is the contracting activity.

February 1, 2021

Raytheon Technologies Corp., Pratt and Whitney, Pratt and Whitney Military Engines, East Hartford, Connecticut, is awarded a \$290,704,534 cost-plus-incentive-fee, fixed-price incentive (firm target) contract. This contract provides material and support equipment for depot maintenance facilities, program administrative labor for non-recurring sustainment activities, mockup engines and modules for test cells, as well as supplies, services, and planning for depot activations in support of the F-35 Lightning II Program Lot 13 propulsion system for the Navy, Marine Corps, Air Force, non-Department of Defense (DOD) participants and Foreign Military Sales (FMS) customers. Work will be performed in Oklahoma City, Oklahoma (30%); East Hartford, Connecticut (22%); Cherry Point, North Carolina (10%); Indianapolis, Indiana (6.75%); Windsor, Connecticut (3.25%); Yuma, Arizona (1.25%); Norfolk, United Kingdom (1%); Leeuwarden, Netherlands (1%); various locations within the continental U.S. (3.75%); and various locations outside the continental U.S. (21%), and is expected to be completed in January 2024. Fiscal 2020 aircraft procurement (Navy) funds in the amount of \$89,468,714; fiscal 2020 aircraft procurement (Air Force) funds in the amount of \$84,152,318; non-DOD participant funds in the amount of \$45,225,342; and FMS funds in the amount of \$15,886,074, will be obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract was not competitively procured

pursuant to 10 U.S. Code 2304(c)(1). The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N00019-21-C-0006).

Crowley Government Services Inc., Jacksonville, Florida (N62387-15-C-2505) is awarded a \$25,484,291 modification under a previously awarded firm-fixed-price contract to exercise a six month option period (P00128) for the operation and maintenance of five Navy ocean surveillance ships USNS Victorious (T-AGOS 19); USNS Able (T-AGOS 20); USNS Effective (T-AGOS 21); USNS Loyal (T-AGOS 22); and USNS Impeccable (T-AGOS 23), and missile range instrumentation ships USNS Invincible (T-AGM 24); and USNS Howard Lorenzen (T-AGM 25). This modification provides for the exercises of a six-month option period to the bridge contract that was awarded on July 22, 2020. Work will be performed at sea, world-wide beginning Feb. 1, 2021, and is expected to be completed by July 31, 2021. Working capital funds (Navy) in the amount of \$25,484,291 are obligated for fiscal 2021 and will not expire at the end of the fiscal year. This bridge was not competitively procured and was prepared in accordance with Federal Acquisition Regulation 6.302-1 and 10 U.S. Code § 2304(c)(1). The Military Sealift Command, Norfolk, Virginia, is the contracting activity.

Lockheed Martin, Mission Systems and Training, Baltimore, Maryland, is awarded a \$14,184,813 cost-plus award-fee order N62786-21-F-0004, against previously awarded basic ordering agreement N00024-19-G-2313 to provide engineering and management services for LCS-21 post shakedown availability. Work will be performed in Mayport, Florida (37%); Moorestown, New Jersey (29%); Virginia Beach, Virginia (18%); Washington, D.C. (15%); and Baltimore, Maryland (1%), and is expected to be completed by July 2022. Fiscal 2015 shipbuilding and conversion (Navy) \$5,339,694 funding will be obligated at time of award and will not expire at the end of the current fiscal year. The Supervisor of Shipbuilding, Conversion, and Repair, Bath, Maine, is the contracting activity.

January 29, 2021

Rolls-Royce Corp., Indianapolis, Indiana, is awarded a \$72,874,164 firm-fixed-price modification (P00024) to previously awarded contract N00019-17-C-0081. This modification exercises an option to procure 33 production AE1107C V-22 Osprey engines; 14 for the Marine Corps and 19 for the Navy for production of MV-22 and CMV-22 tiltrotor aircraft. Work will be performed in Indianapolis, Indiana, and is expected to be completed in December 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$39,749,544; fiscal 2020 aircraft procurement (Navy) funds in the amount of \$11,041,540; and fiscal 2019 aircraft procurement (Navy) funds in the amount of \$22,083,080 will be obligated at the time of award, \$22,083,080 of which will expire at the end of the current fiscal year. The Naval Systems Command, Patuxent River, Maryland, is the contracting activity.

La Playa Inc. of Virginia, Chesapeake, Virginia (N64498-21-D-0002); Life Cycle Engineering Inc., North Charleston, South Carolina (N64498-21-D-0003); Q.E.D. Systems Inc., Virginia Beach, Virginia (N64498-21-D-0004); Epsilon Systems Solutions Inc., Portsmouth, Virginia (N64498-21-D-0005); and Continental Tide Defense Systems Inc., Wyomissing, Pennsylvania (N64498-21-D-0006), are awarded a combined \$67,512,167 cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract for the procurement of support services for the Navy's air conditioning and refrigeration systems on all types of military vessels and small crafts. Each awardee will be awarded \$2,200 (minimum contract guarantee per awardee) at contract award. Work will be assigned according to individual delivery orders and is expected to be completed by February 2027. It is estimated that work will be performed on the West Coast (41%); outside the continental U.S. (31%); and the East Coast (28%), at the following locations: Norfolk, Virginia; Mayport, Florida; Bremerton, Washington; Pearl Harbor, Hawaii; Yokosuka, Japan; Bahrain;

United Arab Emirates; San Diego, California; Groton, Connecticut; Portsmouth, New Hampshire; Seattle, Washington; and Guam. Fiscal 2021 operation and maintenance funding in the amount of \$11,000 will be obligated at time of award and will expire at the end of the current fiscal year. All other funding will be made available at the delivery order level as contracting actions occur. This multiple award contract was competitively procured via the Federal Business Opportunities website with five offers received. The Naval Surface Warfare Center, Philadelphia Division, Philadelphia, Pennsylvania, is the contracting activity.

Bering Global Solutions LLC, Anchorage, Alaska, is awarded a maximum-value \$44,636,195 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for base operations support services to be performed at Naval Support Activity Northwest Annex, Chesapeake, Virginia. Work will be performed in Chesapeake, Virginia, and is expected to be completed by September 2029. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$4,387,967 for recurring work will be obligated under the initial task order at time of award and will expire at the end of the current fiscal year. Work on the initial task order is expected to be completed by March 2022. This contract was competitively procured via the Federal Business Opportunities website with five proposals received. The Naval Facilities Engineering Systems Command, Atlantic, Norfolk, Virginia, is the contracting activity (N62470-21-D-0006).

The Whiting-Turner Contracting Co., Baltimore, Maryland, is awarded a \$32,070,700 firm-fixed-price task order (N400-85-F-4540) under previously awarded multiple-award construction contract N40085-19-D-9070 for the construction of design-build project P224 Operations Support Facility and P999 Training Facility at Joint Expeditionary Base, Little Creek, Virginia. P224 will design and construct an operations support facility. The project includes all pertinent site preparations and site improvements, mechanical and electrical utilities, telecommunications, emergency generator, landscaping, drainage, parking and exterior lighting. Built-in equipment includes equipment cages, passenger/freight elevator, lockers and emergency generator. P999 will design and construct an operations training facility, to include administrative spaces with both private and open offices, open workstations, conference rooms, cage rooms to secure personal belongings, shower rooms and supporting spaces including server rooms, mechanical rooms, restrooms, break rooms, janitor closets and circulation spaces. Work will be performed at Joint Expeditionary Base, Little Creek, Virginia Beach, Virginia, and is expected to be completed by December 2023. Fiscal 2021 military construction funds in the amount of \$32,070,700 will be obligated at time of award and will not expire at the end of the current fiscal year. Five proposals were received for this task order. The Naval Facilities Engineering Systems Command, Mid-Atlantic, Norfolk, Virginia, is the contracting activity.

The Charles Stark Draper Laboratory, Cambridge, Massachusetts, is awarded a \$23,185,000 option under modification P00012 to previously awarded cost-plus-fixed-fee contract N0003020-C-0004 to provide guidance, navigation, and control (GN&C) subject matter expertise and resources to explore and evaluate current maturing concepts and technologies to enable follow on, full-scale development of strategic guidance, navigation, and control solutions for the Second Life Extension (D5LE2) of the Trident II (D5) Strategic Weapon System. This contract also provides research and development into new and alternate GN&C technologies and concepts to support alternate and developing strategic systems programs missions. Work will be performed in Cambridge, Massachusetts (100%), with an expected completion date of Sept. 30, 2021. The contract will be incrementally funded with fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$5,423,823 and will not expire at the end of the current fiscal year. This contract was a sole-source acquisition pursuant to 10 U.S. Code 2304(c)(1). Strategic Systems Programs, Washington, D.C., is the contracting activity.

The Boeing Co., St. Louis, Missouri, is being awarded \$19,680,950 for a firm-fixed-priced delivery order N00383-21-F-AY04 under previously awarded basic ordering agreement N00383-18-G-AY01 for the repair of various avionics equipment used on the F/A-18 aircraft and AV-8B aircraft. Work will be performed in Lemoore, California (99%); and Philadelphia, Pennsylvania (1%). Work will begin February 2021, and will be completed by December 2023. Fiscal 2021 working capital funds (Navy) in the full amount of \$19,680,950 will be obligated at the time of award and funds will not expire at the end of the current fiscal year. One source was solicited for this non-competitive requirement pursuant to the authority set forth in 10 U.S. Code 2304 (c)(1) and one offer was received. Naval Supply Systems Command, Weapon Systems Support, Philadelphia, Pennsylvania, is the contracting activity.

East Coast Repair and Fabrication LLC, Portsmouth, Virginia, is awarded a \$12,131,903 firm-fixed-price contract for a 50-calendar day shipyard availability. The work to be performed provides services for the mid-term availability of the fleet replenishment oiler USNS Kanawha (T-AO 196). The contract also contains five unexercised options, which if exercised, would increase cumulative contract value to \$13,566,323. Work will be performed in Newport News, Virginia, and is expected to be completed by April 19, 2021. Fiscal 2021 working capital contract funds (Navy) in the amount of \$12,131,903 are obligated on this award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with four proposals received. The Military Sealift Command, Norfolk, Virginia, is the contracting activity (N32205-21-C-4008).

Lockheed Martin Space, Titusville, Florida, is awarded a \$10,952,454 cost-plus-fixed-fee modification (P00006) to exercise options under previously awarded contract N00030-20-C-0100 for Trident II (D5) deployed systems support. Work will be performed in Denver, Colorado (40.1%); Bangor, Washington (17.9%); Kings Bay, Georgia (8.8%); Magna, Utah (8.2%); Oak Ridge, Tennessee (7.3%); Washington, D.C. (6.3%); Sunnyvale, California (5.6%); Cape Canaveral, Florida (3.5%); and other various locations (less than 1% each, 2.3% total). Work is expected to be completed Sept. 30, 2025. Fiscal 2021 weapons procurement (Navy) funds in the amount of \$7,907,204; and fiscal 2021 operation and maintenance (Navy) funds in the amount of \$1,500,000 are being obligated on this award, \$1,500,000 of which will expire at the end of the current fiscal year. This contract is being awarded to the contractor on a sole-source basis under 10 U.S. Code 2304(c)(1) and was previously synopsisized on the Federal Business Opportunities website. Strategic Systems Programs, Washington, D.C., is the contracting activity.

Martin-Baker Aircraft Co. Ltd., Uxbridge, United Kingdom, is awarded an \$8,764,364 firm-fixed-price contract for the manufacture of 581 explosive cartridges kits and 1,116 each of different explosive cartridges used in the Martin-Baker US16E ejection seat in F-35 aircraft for the Joint Strike Fighter program. The contract does not contain a provision for an option quantity. All work will be performed in Uxbridge, United Kingdom, and work is expected to be completed by October 2022. The total value of \$8,764,364 will be obligated at the time of award. Funding sources include fiscal 2021 operation and maintenance (O&M) (International Partner Funding) funds (31%); fiscal 2021 O&M (Air Force) funds (22%); fiscal 2021 procurement (Air Force) funds (18%); fiscal 2021 procurement (Marine Corps) funds (8%); fiscal 2021 procurement (Navy) funds (5%); fiscal 2021 O&M (Marine Corps) funds (5%); fiscal 2021 O&M (Navy) funds (3%); Foreign Military Sales (FMS) Japan funds (3%); FMS Israel funds (3%); FMS Belgium funds (1%); and FMS Korea funds (1%). Funds will not expire at the end of the current fiscal year. One source was solicited for this non-competitive requirement under authority 10 U.S. Code 2304 (c) (1), with one offer received. Naval Supply Systems Command, Weapon Systems Support, Mechanicsburg, Pennsylvania, is the contracting activity (N00104-21-C-K014).

January 28, 2021

ACE Maintenance & Services Inc., Austin, Texas, is awarded a maximum value \$90,175,044 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for janitorial services at Naval Support Activity Bethesda, Maryland. The work to be performed provides for all labor, management supervision, tools, materials and equipment required to perform base janitorial services. Future task orders will be primarily funded by operation and maintenance (Navy); operation and maintenance (Army); Navy working capital funds; and Defense Health Program funds. Work will be performed in Bethesda, Maryland, and is expected to be completed by March 2026. Fiscal 2021 operation and maintenance (Navy); fiscal 2021 operation and maintenance (Army); Navy working capital funds; and fiscal 2021 Defense Health Program funds in the amount of \$17,855,592 will be obligated under the initial task order at time of award and will expire at the end of the current fiscal year. Work under the initial task order is expected to be completed by February 2022. This contract was competitively procured via the Federal Business Opportunities website with three proposals received. The Naval Facilities Engineering Systems Command, Washington, D.C., is the contracting activity (N40080-21-D-0004).

BAE Systems Land & Armaments L.P., Sterling Heights, Michigan, is awarded a \$77,475,197 five-year, firm-fixed-price, indefinite-delivery/indefinite-quantity contract for interim contractor support for Amphibious Combat Vehicle replacement parts, support and test equipment and the repair of repairables/repairable parts. Work will be performed in York, Pennsylvania (70%); Aiken, South Carolina (20%); Sterling Heights, Michigan (5%); and Stafford, Virginia (5%), and is expected to be completed in January 2026. No funds will be obligated at time of award. Funds will be obligated on individual delivery orders as they are issued. This contract was not competitively procured pursuant to Federal Acquisition Regulation 6.302-1(a)(ii). The Marine Corps Systems Command, Quantico, Virginia, is the contracting activity (M67854-21-D-0001).

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Marietta, Georgia, is awarded a \$33,229,494 firm-fixed-price, indefinite-delivery/indefinite-quantity contract. This contract provides for the procurement of up to a maximum quantity of 38 large aircraft infrared countermeasures (LAIRCM) A-kits, up to 38 supplemental kits, five bench stock kits and LAIRCM-advanced threat warning a-kit replacement parts in support of the C/KC-130J aircraft. Work will be performed in Marietta, Georgia, and is expected to be completed in December 2025. No funds will be obligated at the time of award. Funds will be obligated on individual task orders as they are issued. This contract was not competitively procured pursuant to Federal Acquisition Regulation 6.302-1. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N00019-21-D-0011).

DynCorp International LLC, Fort Worth, Texas, is awarded a \$32,521,640 firm-fixed-price, cost reimbursement, indefinite-delivery/indefinite-quantity contract. This contract procures organizational, selected intermediate, limited depot level maintenance and logistics support services for F/A-18C/D/E/F, EA-18G, MH-60S, F-16A/B, and E-2C/D aircraft for the Navy. Work will be performed in Fallon, Nevada, and is expected to be completed in September 2021. No funds will be obligated at the time of award and obligated on individual orders as they are issued. This contract was not competitively procured pursuant to Federal Acquisition Regulation 6.302-1. The Naval Air Warfare Center Aircraft Division, Patuxent River, Maryland, is the contracting activity (N00421-21-D-0014).

Barkley Andross Corp., Hesperia, California, is awarded a maximum value \$20,000,000 firm-fixed-price, indefinite-delivery/indefinite-quantity job order contract for electrical and other wiring installation projects at various installations located within the Naval Facilities Engineering Systems Command, Southwest area of responsibility. Work will be performed in the Marine Corps Base, Camp Pendleton, California; and Naval Weapons Station, Seal Beach, California, areas and is expected to be completed by January

2026. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$2,000 will be obligated at time of award and will expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with eight proposals received. The Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity (N62473-21-D-2603).

GSE Dynamics Inc., Hauppauge, New York, is awarded an \$18,889,829 indefinite-delivery/indefinite-quantity, not-to-exceed contract with firm-fixed-price and cost-plus-fixed-fee task order provisions to manufacture, test and deliver composite structures. Work will be performed in Hauppauge, New York, and is expected to be completed by January 2026. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$640,000 will be obligated at time of award via an individual task order and will expire at the end of the current fiscal year. The contract was competitively procured via the Federal Business Opportunities website with one offer received. The Naval Surface Warfare Center, Philadelphia Division, Philadelphia, Pennsylvania, is the contracting activity (N64498-21-D-4012).

Sikorsky Aircraft Corp., Stratford, Connecticut, is awarded a \$10,587,984 cost-plus-fixed-fee order (N00019-21-F-0159) against previously issued basic ordering agreement N00019-19-G-0029. This order provides for the development of Phase One structural repair manuals for the CH-53K aircraft. The repair manuals address organizational level repairs pertaining to airframe skins, doors and covers, tail cone, main and tail blade erosion repair, as well as non-destructive inspection procedures and standards. Work will be performed in Shelton, Connecticut (43%); Stratford, Connecticut (41%); and Bohemia, New York (16%), and is expected to be completed in April 2023. Fiscal 2020 research, development, test and evaluation (Navy) funds in the amount of \$4,930,357 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Alutiiq Solutions LLC, Anchorage, Alaska, is awarded a \$7,677,543 modification (P00003) to previously awarded cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract N00421-20-D-0007. This modification exercises an option to provide research and analysis, strategic initiative, executive leadership management, administrative, operational and technical program support for the Command Strategic Leadership Service Team in support of the commander, Naval Air Systems Command (NAVAIR) and direct reporting teams, the NAVAIR Corporate Operations Group, the Business Financial Management Competency, the Joint Strike Fighter (JSF) front office, and the NAVAIR Washington Liaison Office. Work will be performed in Patuxent River, Maryland (60%); and Arlington, Virginia (40%), and is expected to be completed in February 2025. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. The Naval Air Warfare Center, Aircraft Division, Patuxent River, Maryland, is the contracting activity.

January 27, 2021

CH2M Hill Inc., Englewood, Colorado, is awarded a maximum value \$480,000,000 cost-plus-award-fee, indefinite-delivery/indefinite-quantity, architect-engineering contract for comprehensive long-term environmental action services in the Naval Facilities Engineering Systems Command (NAVFAC) Atlantic area of responsibility (AOR). The work to be performed provides for architectural and engineering services to provide program management and technical environmental services in support of the Department of the Navy's Environmental Restoration Program, Munitions Response Program and other similar programs at any Navy and Marine Corps activity in the AOR covered by NAVFAC Atlantic. Future task orders will be primarily funded by environmental restoration (Navy) funds. An initial task order is being awarded at \$200,000 for architect-engineering services at the program management office in

Virginia Beach, Virginia, and is expected to be completed by March 2022. All work on this contract will be performed within the NAVFAC Atlantic AOR including, but not limited to, North Carolina (25%); Puerto Rico (25%); Virginia (25%); Maryland (10%); California (5%); District of Columbia (3%); West Virginia (3%); Washington (2%); and Alaska (2%), and is expected to be completed by January 2026. Fiscal 2021 environmental restoration (Navy) funds in the amount of \$200,000 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was competitively procured via the Federal Business Opportunities website, with two proposals received. The Naval Facilities Engineering Systems Command, Atlantic, Norfolk, Virginia, is the contracting activity (N62470-21-D-0007).

Lockheed Martin Corp., Orlando, Florida, is awarded a not-to-exceed \$49,663,781 undefinitized firm-fixed-price modification (P00001) to cost-plus-fixed-fee order N00019-21-F-0062 against previously issued basic ordering agreement N00019-19-G-0029. This modification adds scope for the production and delivery of 19 AN/AAQ-30A Target Sight Systems; 14 for the government of Bahrain and five for the government of the Czech Republic. Work will be performed in Orlando, Florida (36%); Burlington, Ontario, Canada (34%); Merrimack, New Hampshire (14%); Ocala, Florida (5%); Santa Barbara, California (3%); and various locations within the continental U.S. (8%), and is expected to be completed in January 2023. Foreign Military Sales funds in the amount of \$7,433,265 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity. (Awarded Jan. 26, 2021)

Maxon Furniture Inc., Muscatine, Iowa, is awarded a \$34,924,508 firm-fixed-price, indefinite-delivery/indefinite-quantity contract. This contract provides furniture finishes and equipment to ensure office furniture standardization, sustainability and maximum flexibility of personnel office spaces including design services and installation. Work will be performed in Muscatine, Iowa, and is expected to be completed in January 2026. Fiscal 2021 working capital (Navy) funds in the amount of \$2,733 will be obligated at time of award, none of which will expire at the end of the current fiscal year. This contract was competitively procured via an electronic request for proposal; three offers were received. The Naval Air Warfare Center, Weapons Division, China Lake, California, is the contracting activity (N68936-21-D-0011).

Bell Boeing Joint Project Office, Amarillo, Texas, is awarded a \$25,523,136 modification (P00005) to cost-plus-fixed-fee, firm-fixed-price order N00019-20-F-0315 against previously issued basic ordering agreement N00019-17-G-0002. This modification adds scope for the production and delivery of nine right aft sponson fuel tank kits in support of V-22 Production Aircraft 9-17 for the government of Japan. Additionally, this modification provides development and updates to existing technical data as well as services in support of aircraft deliveries and aircrew pilot and crew chief training for the government of Japan. Work will be performed in Jacksonville, North Carolina (35%); Chiba Province, Japan (35%); Ridley Park, Pennsylvania (20%); Stennis, Mississippi (5%); and Fort Worth, Texas (5%), and is expected to be completed in March 2024. Foreign Military Sales funds in the amount of \$25,523,136 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Lockheed Martin Corp., Marietta, Georgia, is awarded a \$11,403,660 cost-plus-fixed-fee indefinite-delivery/indefinite-quantity contract. This contract provides engineering and logistics services in support of the Maritime Patrol and Reconnaissance Aircraft program to monitor and manage fatigue and obsolescence issues and operational and/or technical problems arising from P-3 fleet usage for the Navy, Foreign Military Sales customers and other U.S. government agencies. Work will be performed in Marietta, Georgia, and is expected to be completed in January 2026. No funds will be obligated at the

time of award; funds will be obligated on individual orders as they are issued. This contract was not competitively procured pursuant to Federal Acquisition Regulation 6.302-1. The Naval Air Warfare Center Aircraft Division, Lakehurst, New Jersey, is the contracting activity (N68335-21-D-0045).

Boeing Distribution Inc., Dallas, Texas, is awarded an \$8,624,300 firm-fixed-price modification (P00008) to previously awarded contract N00019-18-C-0055. This modification adds scope for the production and delivery of two P-8A engine build up kits and associated mating to core engine; one for the government of New Zealand and one for the government of Australia. Work will be performed in Dallas, Texas (50%); and Everett, Washington (50%), and is expected to be completed in June 2022. Foreign Military Sales funds in the amount of \$8,624,300 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

January 26, 2021

BAE Systems Information and Electronic Systems, Nashua, New Hampshire, is awarded an \$81,348,624 firm-fixed-price modification (P00005) to previously awarded contract N00019-19-C-0001. This modification exercises an option to procure 1,512 radio frequency countermeasures for Lot 12 of F-35 Joint Strike Fighter aircraft in support of non-U.S. Department of Defense participants, Foreign Military Sales (FMS) customers and for the Navy. Work will be performed in Nashua, New Hampshire (74%); Landenberg, Pennsylvania (7%); Topsfield, Massachusetts (2.5%); Industry, California (1.6%); Hamilton, New Jersey (1.5%); Carson, California (1.3%); Dover, New Hampshire (1.1%); Londonderry, New Hampshire (1%); Chartley, Massachusetts (1%); and various locations within the continental U.S. (9%), and is expected to be completed in March 2024. Fiscal 2021 procurement of ammunition (Navy and Marine Corps) funds in the amount of \$27,761,832; fiscal 2021 aircraft procurement (Air Force) funds in the amount of \$26,040,168; fiscal 2020 aircraft procurement (Air Force) funds in the amount of \$15,925,392; and FMS funds in the amount of \$11,621,232 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Systems Command, Patuxent River, Maryland, is the contracting activity.

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Fort Worth, Texas, is awarded a \$64,121,341 modification (P00013) to firm-fixed-price order N00019-20-F-0571 against previously issued basic ordering agreement N00019-19-G-0008. This modification exercises options for the procurement of Digital Channelized Receiver/Techniques Generator and Tuner Insertion program technology to upgrade F-35 Joint Strike Fighter aircraft with Digital Tuner Insertion Program electronic warfare racks and high efficiency low voltage power supply. These upgrades will enable for future upgrades to Lot 15 Block 4 configuration, including Technical Refresh Three for the Air Force and non-Department of Defense (DOD) participants. Work will be performed in Fort Worth, Texas, and is expected to be completed in June 2025. Fiscal 2020 aircraft procurement (Air Force) funds in the amount of \$57,865,601; and non-DOD participant funds in the amount of \$6,255,740 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Raytheon Space and Airborne Systems, Marlborough, Massachusetts, is awarded a \$19,950,844 modification to previously awarded firm-fixed-price contract N00039-16-C-0050 to produce, test and deliver fully integrated Navy Multiband Terminals (NMT). NMT is a multiband capable satellite communications terminal that provides protected and wideband communications. The total cumulative face value of the contract is \$557,882,121. Work will be performed at Largo, Florida (54%); South

Deerfield, Massachusetts (25%); Stow, Massachusetts (13%); and Marlborough, Massachusetts (8%), with an expected completion date of May 2022. Fiscal 2021 shipbuilding and conversion (Navy) funds in the amount of \$19,950,844 will be obligated at the time of award and will not expire at the end of the fiscal year. This sole-source contract was not competitively procured in accordance with 10 U.S. Code 2304(c)(1). The Naval Information Warfare Systems Command, San Diego, California, is the contracting activity.

Jacobs Government Services Co., Alexandria, Virginia, is awarded a \$15,000,000 firm-fixed-price modification to exercise an option under previously awarded contract N40080-17-D-0018 for architectural/engineering design services within the Naval Facilities Engineering Systems Command, Washington, D.C., area of responsibility. Award of this option brings the total cumulative contract value to \$90,000,000. Work will be performed at various administrative facilities located within, but not limited to, Maryland; Washington, District of Columbia; and Virginia, and is expected to be completed by December 2021. No funds will be obligated at time of award. Task orders under this award will be primarily funded by fiscal 2021 operation and maintenance (Navy); fiscal 2021 operation and maintenance (Marine Corps); and fiscal 2021 Navy working capital funds. The Naval Facilities Engineering Systems Command, Washington, D.C., is the contracting activity.

Laurel Technologies Partnership, Johnstown, Pennsylvania, is awarded an \$11,044,416 firm-fixed-price modification to previously awarded contract N63394-20-C-0008 to exercise options for Programmable Power Supply MK 179 Mod 0 production units in support of the Vertical Launch System (VLS). This option exercise is for the manufacture, assembly, test and delivery of additional production units of the VLS Programmable Power Supply MK 179 Mod 0. The VLS provides area and self-defense, anti-air warfare capabilities, counter-air and land attack cruise missile defense and surface and subsurface warfare capabilities. Work will be performed in Johnstown, Pennsylvania, and is expected to be completed by March 2022. Fiscal 2021 defense-wide procurement funding in the amount of \$11,044,416 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Surface Warfare Center, Port Hueneme Division, Port Hueneme, California, is the contracting activity.

January 25, 2021

Alabama Shipyard LLC, Mobile, Alabama, is awarded a \$19,679,483 firm-fixed-price contract (N32205-21-C-4128) for a 76-calendar day shipyard availability for the regular overhaul/dry docking on USNS Lewis and Clark (T-AKE 1). The contract includes options which, if exercised, would bring the total contract value to \$21,847,693. Work will be performed in Mobile, Alabama, and is expected to be completed by May 24, 2021. Contract funds in the amount of \$19,679,483 are obligated in fiscal 2021 using working capital funds (Navy). This contract was competitively procured with proposals solicited via the beta.Sam.gov website and three offers were received. The Military Sealift Command, Norfolk, Virginia, is the contracting activity.

Progeny Systems Corp., Manassas, Virginia, is awarded a \$15,480,788 cost-plus-fixed fee and cost-only modification to previously awarded contract N00024-19-C-6204 to exercise options for engineering and technical services for Navy submarines and aircraft carriers. This option exercise is under Small Business Innovation Research Topic N05-051, for software build production, engineering and technical services and includes all material travel, subsistence and incidental material in support of the related production orders and services. Work will be performed in Manassas, Virginia (30%); Groton, Connecticut (25%); Bremerton, Washington (15%); Las Vegas, Nevada (10%); Cleveland, Ohio (10%); Chesapeake, Virginia (4%); Pearl Harbor, Hawaii (2%); San Diego, California (2%); and Kings Bay, Georgia (2%), and is expected to be completed by January 2022. Fiscal 2017 shipbuilding and

conversion (Navy) \$1,900,000 funding will be obligated at the time of award and will expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

General Electric Co., Niskayuna, New York, is awarded a \$10,197,968 cost-type contract to develop a mobile automated manufacturing platform to provide just-in-time manufacturing of nucleic acid countermeasures to rapidly produce, formulate and package doses of nucleic acid therapeutics or prophylactics. This two-year contract includes three one-year option periods which, if exercised, would bring the potential value of this contract to an estimated \$41,219,762. Work will be performed at the contractor's facilities in Niskayuna, New York (52%); San Diego, California (24%); Le Kremlin-Bicêtre, France (20%); and Seattle, Washington (4%). The period of performance of the base award is from Jan. 25, 2021, through Jan. 24, 2023. If all option periods are exercised, the period of performance would extend through Jan. 24, 2026. Funds in the amount of \$1,973,062 will be obligated at the time of award. Contract funds will not expire at the end of the current fiscal year. Fiscal 2021 funds will be obligated using research, development, test and evaluation funding from the Defense Advanced Research Projects Agency (DARPA). This contract was competitively procured via a DARPA broad agency announcement solicitation (HR0011-20-S-0006) published on the beta.SAM.gov website. Ten proposals were received and two were selected for award. The Naval Information Warfare Center, Pacific, San Diego, California, is the contracting activity (N66001-21-C-4014).

January 22, 2021

Transoceanic Cable Ship Co. LLC, Baltimore, Maryland, is awarded a modification to exercise and fund a 12-month option (P00036) in the amount of \$37,772,390 under previously awarded firm-fixed-price contract N32205-19-C-3506. The option will continue to provide one U.S. flagged cable ship CS Global Sentinel, which will be utilized to lay and repair cable for the Department of Defense worldwide. This contract includes a 12-month base period, two six-month option periods, two 12-month option periods and one 11-month option period. Work will be performed worldwide and is expected to be completed by Dec. 22, 2023. Operation and maintenance (Navy) funds in the amount of \$6,500,000 are obligated and will expire at the end of the current fiscal year. Other procurement (Navy) funds in the amount of \$15,928,565 are obligated and will expire at the end of fiscal 2023. The Military Sealift Command, Norfolk, Virginia, is the contracting activity.

Vigor Marine LLC, Portland, Oregon, is awarded a \$21,543,401 firm-fixed-price contract for a 76-calendar day shipyard availability. The work to be performed provides services for the regular overhaul availability and dry-docking of the fleet oiler USNS Yukon (T-AO 202). The contract also contains 11 unexercised options, which if exercised, would increase the cumulative contract value to \$24,031,506. Work will be performed in Portland, Oregon, and is expected to be completed by May 2021. Fiscal 2021 working capital contract funds (Navy) in the amount of \$21,543,401 are obligated on this award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website, with one proposal received. The Military Sealift Command, Norfolk, Virginia, is the contracting activity (N3220521C4014).

Barnhart-Reese Construction Inc., San Diego, California, is awarded a \$19,108,424 firm-fixed-price task order (N62473-21-F-4264) under previously-awarded multiple-award construction contract N62473-17-D-4635 for the design and construction of a new academic training building at Naval Air Weapons Station (NAWS), China Lake, California. The task order also contains three unexercised options and two planned modifications which, if exercised, would increase the cumulative task order value to \$21,608,460. The work to be performed provides for the design and construction of P1924 - Academic Training Building project, which includes the demolition of the current building and construction of a new

building. The facility will take over functions performed in the previous training facilities which were damaged by the July 2019 earthquakes. The buildings function as the training center for basic required trainings as well as training events for the science, technology and acquisition workforce. The facility will include computer laboratories, science laboratories, training and multi-configurable classroom spaces; rooms enabled with video teleconference capabilities, classified lecture spaces, and administrative and support areas at NAWS China Lake. The planned modifications, if issued, provide for collateral equipment that includes audio-visual equipment and furniture, fixtures and other equipment. Work will be performed in Ridgecrest, California, and is expected to be completed by April 2023. Fiscal 2020 military construction (Navy) funds in the amount of \$19,108,424 will be obligated at time of award and will not expire at the end of the current fiscal year. Four proposals were received for this task order. The Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity.

The Boeing Co., St. Louis, Missouri, is awarded a \$10,953,284 firm-fixed-price order (N00019-21-F-0207) against previously issued basic ordering agreement N00019-16-G-0001. This order procures 16 refurbished harpoon capsules and four All-Up Round encapsulated harpoon missiles for the Navy. Work will be performed in Burnley, United Kingdom (70.84%); St. Charles, Missouri (27.9%); Seattle, Washington (1.16%); and various locations within the continental U.S. (0.1%), and is expected to be completed in December 2022. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$10,953,284 will be obligated at time of award, all of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

January 21, 2021

Black Construction/Mace International JV, Harmon Industrial Park, Harmon, Guam, is awarded a \$28,877,806 firm-fixed-price task order (N40084-21-F-4134) under previously awarded design-build/design-bid-build, indefinite-delivery/indefinite-quantity unrestricted multiple-award construction contract N40084-18-D-0066 to perform various repairs to deep-draft wharf infrastructure at Naval Support Facility (NSF), Diego Garcia. Work to be performed includes demolition of seven wharf fender standoff panels (FSOPs) and replacement of 24 FSOPs, including pile supports; replacement of broken/missing timber fender piles at the north end of the wharf; replacement of steel ladders; repair of concrete deck and sub-structure, including concrete slab replacement, crack sealing and paint striping; repair of cathodic protection, mooring hardware and pedestal/foundation cracks; repair of high mast lighting; providing additional lighting to meet current design criteria; and demolition and replacement of above-ground ductile iron water lines along the wharf edge where it interferes with FSOP work. Work will be performed at NSF Diego Garcia, British Indian Ocean Territory, and is expected to be completed by September 2023. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$28,877,806 will be obligated at time of award and will expire at the end of the current fiscal year. Two proposals were received for this task order. The Naval Facilities Engineering Systems Command Far East, Diego Garcia, is the contracting activity.

Conflict Kinetics Corp., Sterling, Virginia, is awarded a \$28,164,522 single-award, indefinite-delivery/indefinite-quantity contract that will include terms and conditions for the placement of firm-fixed-price task orders for the procurement of Tactical Ocular Reaction Area™ (TORA™) small arms simulator support services to include on-site hardware; software and contracted information technology system security; air compressors; replacement equipment; and software modifications/software warranty as needed for all TORA™ simulators in support of Naval Expeditionary Combat Command within the continental U.S. and outside the continental U.S. locations. The contract will include a five-year ordering period with no options. The ordering period is expected to begin January 2021 and be completed by

January 2026. Work will be performed in Williamsburg, Virginia (15%); Virginia Beach, Virginia (15%); Gulfport, Mississippi (15%); San Diego, California (15%); Port Hueneme, California (15%); Newport, Rhode Island (7%); Jacksonville, Florida (7%); Seal Beach, California (7%); and Guam (4%). Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$1,000 will be obligated to fund the contract's minimum amount and funds will expire at the end of the fiscal year. Individual task orders will be subsequently funded with appropriate fiscal year appropriations at the time of their issuance. One source was solicited for this non-competitive, sole-source requirement pursuant to the authority set forth in 10 U.S. Code 2304(c)(1) in accordance with Federal Acquisition Regulation 6.302-1, with one offer received. The Naval Supply Systems Command Fleet Logistics Center, Norfolk, Contracting Department, Norfolk, Virginia, is the contracting activity (N00189-21-D-0005).

San Juan-Black & Veatch International Ltd. JV, Montrose, Colorado, is awarded a \$23,145,586 task order (N40084-21-F-4131) under previously awarded, firm-fixed-price, design-build/design-bid-build, indefinite-delivery/indefinite-quantity, unrestricted multiple-award construction contract (N40084-18-D-0068) to provide long-term repairs to the north parking apron, Phase I, at Naval Support Facility (NSF), Diego Garcia. The work to be performed will provide long-term repairs to the north parking apron at NSF Diego Garcia, including demolishing existing concrete pavement and replacing with new 330 mm-thick portland cement concrete pavement complete with joints, dowels and sealants; removing cement-treated base and sub-base, replacing or reusing excavated material and re-grading/compacting to recommended design elevation; scarifying, re-grading and compacting existing subgrade; providing tie-down moorings and static grounding points; repairing/repaving parking apron cement-treated shoulders; and providing airfield markings. Work will be performed at NSF Diego Garcia, British Indian Ocean Territory, and is expected to be completed by May 2022. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$23,145,586 will be obligated at time of award and will expire at the end of the current fiscal year. Two proposals were received for this task order. The Naval Facilities Engineering Systems Command, Far East, Diego Garcia, is the contracting activity.

January 20, 2021

Detyens Shipyard Inc., Charleston, South Carolina, is awarded a \$19,150,225 firm-fixed-price contract for a 76-calendar day shipyard availability. The work to be performed under this contract provides regular overhaul availability and dry-docking services for the fleet replenishment oiler USNS Laramie (T-AO 203). The contract also contains six unexercised options, which if exercised, would increase cumulative contract value to \$19,841,567. Work will be performed in Charleston, South Carolina, and is expected to be completed by June 4, 2021. Fiscal 2021 working capital contract funds (Navy) in the amount of \$19,150,225 are obligated on this award and will not expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website, with two proposals received. The Military Sealift Command, Norfolk, Virginia, is the contracting activity (N32205-21-C-4001).

January 19, 2021

General Dynamics Electric Boat, Groton, Connecticut, is awarded a \$41,554,227 cost-plus-fixed-fee contract for engineering and technical design effort to support research and development concept formulation for current and future submarine platforms. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$305,521,179. Work will be performed in Groton, Connecticut (96.1%); Bremerton, Washington (1.7%); Kings Bay, Georgia (1.7%); and Newport, Rhode Island (0.5%), and is expected to be completed by September 2021. If all options are exercised, work will continue through September 2025. Fiscal 2021 research, development, test and engineering (Navy) funds in the amount of \$250,000 (80%); and 2020 research, development, test and engineering (Navy)

funds in the amount of \$63,000 (20%), will be obligated at time of award, of which funding in the amount of \$63,000 will expire at the end of the current fiscal year. This contract was not competitively procured and is a sole-source award pursuant to 10 U.S. Code 2304(c)(3) – Industrial Mobilization. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Sundance-EA Associates II, Pocatello, Idaho, is awarded a maximum-value \$30,000,000 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for environmental compliance services at Joint Region Marianas, Guam. The work to be performed is for a full range of environmental support activities for naval installation environmental compliance programs to ensure the supported components, tenant commands and facilities and contractor operations demonstrate and maintain compliance with all applicable federal, U.S. territory, and local statutes, and with Department of Defense and Navy policies, permits, instructions and guidance. Environmental compliance programs include clean air, safe drinking water, clean water, hazardous waste, pollution prevention, solid waste management, pesticide compliance, emergency planning and community right-to-know act, ozone-depleting substances management, storage tank management, environmental quality assessment, environmental sampling and analysis and overall environmental compliance oversight. Future task orders will be primarily funded by operation and maintenance (Navy) funds. Work will be performed in the Joint Region Marianas area of responsibility and is expected to be completed by January 2026. Work under the initial task order will be performed in Guam and is expected to be completed by January 2022. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$1,447,016 will be obligated under the initial task order at time of award and will expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website, with six proposals received. The Naval Facilities Engineering Systems Command, Marianas, Guam, is the contracting activity (N40192-21-D-1820).

Northrop Grumman Systems Corp., Melbourne, Florida, is awarded a \$29,776,196 firm-fixed-price, cost-plus-fixed-fee order (N00019-21-F-0064) against previously issued basic ordering agreement N00019-20-G-0005. This order procures five aerial refueling retrofit kits and installation on the E-2D Advanced Hawkeye. Work will be performed in Ronkonkoma, New York (44.53%); Baltimore, Maryland (16.62%); Irvine, California (6.48%); Hauppauge, New York (5.85%); Columbia, Maryland (4.75%); Dorset, England (3.17%); East Aurora, New York (2.64%); North Hollywood, California (2.02%); and various locations within the continental U.S. (13.94%), and is expected to be completed in May 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$29,776,196 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

January 15, 2021

Huntington Ingalls Industries Fleet Support Group, Newport News, Virginia, is awarded a \$174,910,371 cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract to provide Navy aircraft carrier Elevator Support Unit maintenance and repair. Work will be performed aboard Navy CVNs (aircraft carrier nuclear propulsion) within the continental U.S.; outside the continental U.S.; and forward deployed locations according to individual task orders and is expected to be completed by January 2026. No funds will be obligated at the time of award. Funding will be obligated on individual orders as they are issued. This contract was competitively procured and solicited via the beta.SAM.gov website. The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-D-4103).

CSRA LLC, Washington, D.C., is awarded a \$57,000,000 modification (P00002) to previously awarded, firm-fixed-price, cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract N61340-18-D-0002. This modification increases the ceiling to provide the Navigation Seamanship Shiphandling Trainers program, training systems and upgrades to meet fleet emergent requirements based on the Chief of Naval Operations mandated expansion in navigation related training hours and navigation related training capability at schoolhouses throughout the world. Work will be performed in Norfolk, Virginia (44%); Everett, Washington (14%); Pearl Harbor, Hawaii (14%); Yokosuka, Japan (14%); Rota, Spain (13%); San Diego, California (0.5%); and Sasebo, Japan (0.5%), and is expected to be completed in September 2022. No funds will be obligated at time of award and funds will be issued against individual orders as they are issued. The Naval Air Warfare Center, Training Systems Division, Orlando, Florida, is the contracting activity.

EG Designbuild LLC, Germantown, Maryland, is awarded a \$16,239,000 firm-fixed-price task order (N69450-21-F-0872) under previously awarded multiple-award contract N69450-19-D-0919 for construction of a Special Operations Forces watercraft maintenance facility at Naval Air Station, Key West, Florida. The task order also contains three unexercised options which, if exercised, would increase the cumulative task order value to \$18,385,020. The work to be performed includes construction of a new maintenance facility for the repair of special operations forces' hard-hulled and soft-hulled watercraft, including electrical, mechanical, plumbing and fire protection utilities. This includes demolition of the existing bunker, KW-800, currently used as a climate-controlled exercise facility by facility personnel; construction of a new vehicular entrance ramp and exit ramp to the maintenance facility; and modifications to the existing storm water permit to address the new construction. The options, if exercised, provide for a hard-hull shop, vehicular ramp and overhead cooling door, and furniture, fixtures and equipment. Three proposals were received for this task order. Work will be performed in Key West, Florida, and is expected to be completed by October 2022. Fiscal 2020 military construction (Army) funds in the amount of \$16,239,000 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Facilities Engineering Systems Command, Southeast, Jacksonville, Florida, is the contracting activity.

Lockheed Martin Corp., Lockheed Martin Aeronautics Co., Fort Worth, Texas, is awarded a \$13,036,252 cost-plus-fixed-fee order (N00019-21-F-0227) against previously issued basic ordering agreement N00019-19-G-0008. This modification procures non-recurring site stand-up activity, capability development, information technology systems integration and associated changes to F-35 Lightning II program and industry processes as needed to allow the Defense Logistics Agency and U.S. Transportation Command to assume North American regional warehouse and global transportation and distribution product support provider responsibilities. Work will be performed in Fort Worth, Texas (63.9%); Orlando, Florida (26.6%); Bethesda, Maryland (8.5%); and Greenville, South Carolina (1%), and is expected to be completed in March 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$6,518,126; and fiscal 2019 aircraft procurement (Air Force) funds in the amount of \$6,518,126, will be obligated at time of award, \$6,518,126 of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

EC America Inc., McLean, Virginia, is awarded a \$9,053,930 firm-fixed-price order (M67854-21-F-4906) against previously issued Department of Defense Enterprise Initiative blanket purchase agreement N66001-19-A-0057. This blanket purchase agreement call order provides for the renewal of Tanium brand software license subscriptions currently deployed in the Marine Corps Enterprise Network

environment and associated onsite technical support in Quantico, Virginia (100%). Fiscal 2021 operation and maintenance (Marine Corps) funds in the amount of \$9,053,930 will be obligated at the time of award and funds will expire Sept. 30, 2021. This was a limited-source acquisition in accordance with the policy and guidelines in the Defense Federal Acquisition Regulation Supplement, Section 208.74 and the Federal Acquisition Regulation, Part 8.405-6. The Marine Corps Systems Command, Quantico, Virginia, is the contracting activity (M67854-21-F-4906).

Raytheon Missiles & Defense, Tewksbury, Massachusetts, is awarded an \$8,963,961 cost-plus-incentive-fee modification to previously awarded contract N00024-17-C-5145 to exercise options for DDG 1000 ship class integrated logistics support. The Total Ship Activation (TSA) contract includes mission system activation, hull mechanical and electrical activation efforts to include waterfront integration, activation and test of Zumwalt class mission systems and mission system equipment at the system and subsystem levels; development and conduct of the Zumwalt class TSA test program; personnel, program management, planning, training and other efforts required to effectively support the execution of the Zumwalt class TSA; development and review of design drawings, technical data packages, installation control drawings and change documentation in support of Zumwalt class TSA; and development and implementation of government-approved proposed changes and the implementation of Zumwalt class cybersecurity/information assurance requirements. Work will be performed in Portsmouth, Rhode Island (50%); and Tewksbury, Massachusetts (50%), and is expected to be completed by January 2022. Fiscal 2020 shipbuilding and conversion (Navy) funding in the amount of \$138,349 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was procured under the statutory authority of 10 U.S. Code 2304(c)(1). Only one responsible source and no other supplies or services will satisfy agency requirements. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

January 14, 2021

DoD Marine Constructors JV, Napa, California (N62473-21-D-1403); The Dutra Group, San Rafael, California (N62473-21-D-1404); Granite-Healy Tibbitts JV, Watsonville, California (N62473-21-D-1405); Manson Construction Co., Seattle, Washington (N62473-21-D-1406); Marathon Construction Corp., Lakeside, California (N62473-21-D-1407); R.E. Staite Engineering Inc., San Diego, California (N62473-21-D-1408); Reyes Construction Inc., Pomona, California (N62473-21-D-1409); and TNT Constructors, Bremerton, Washington (N62473-21-D-1410), are each awarded a firm-fixed-price, indefinite-delivery/indefinite-quantity multiple-award construction contract for new construction, repair and renovation of waterfront facilities at various government installations located in the Naval Facilities Engineering Systems Command Southwest area of responsibility. These eight businesses may compete for task orders under the terms and conditions of the awarded contract. No task orders are being issued at this time. The maximum dollar value, including the base period and one option year for all eight contracts combined, is \$750,000,000. The work to be performed provides for new construction, repair and renovation of waterfront structures and dredging within the North American Industry Classification System Code 237990 by design-build or design-bid-build. Types of projects may include, but are not limited to, dredging and disposal, piers, wharves, quay walls, bulkheads, relieving platforms, cellular structures, dry docks/caissons, break waters, fixed moorings, docks and marinas, pile driving, primary and secondary fender systems, sheet piles and sea walls. The solicitation's requirement for two or more awards to be reserved for highly qualified small businesses was met by the awards to Marathon Construction Corp. and R.E. Staite Engineering Inc. Future task orders will be primarily funded by operation and maintenance (Navy); Navy working capital; and military construction (Navy) funds. Work

will be performed at various government installations in states including, but not limited to, California (90%); Arizona (6%); Nevada (1%); Utah (1%); Colorado (1%); and New Mexico (1%) and will be completed by December 2026. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$5,000 will be obligated to each awardee at time of award and will expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov contract opportunities website, with 15 proposals received. The Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity.

TechFlow Mission Support LLC, doing business as EMI Services, Idaho Falls, Idaho, is awarded a maximum value \$128,970,744 indefinite-delivery/indefinite-quantity contract for base operation support services at Naval Air Station Patuxent River, Maryland; Webster Field, St. Inigoes, Maryland; Solomons Annex, Solomons, Maryland; and Point Lookout, St. Mary's County, Maryland. Work will be performed in St. Mary's County, Maryland (92%); and Calvert County, Maryland (8%), and is expected to be complete by March 2029. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$13,269,831 for recurring work will be obligated under the initial task order at time of award and will expire at the end of the current fiscal year. The base operation support services to be performed include general information; management and administration; airfield facilities; and facilities support, including facility management, facility investment, integrated solid waste management, swimming pool services, special event support, utilities management, wastewater management, water services and environmental services. This contract was competitively procured via the Navy Electronic Commerce Online website, with seven proposals received. The Naval Facilities Engineering Systems Command, Atlantic, Norfolk, Virginia, is the contracting activity (N62470-21-D-0002).

The MIL Corp., Bowie, Maryland, is awarded an \$80,864,126 cost-plus-fixed-fee, cost-reimbursable, indefinite-delivery/indefinite-quantity contract. This contract provides for systems engineering services for assigned Global Radio Frequency Intelligence Networks related technologies and systems in support of the Naval Air Warfare Center Aircraft Division Webster Outlying Field Integrated Command, Control and Intel Division. Work will be performed in Saint Inigoes, Maryland, and is expected to be completed in April 2026. No funds will be obligated at the time of award. Funds will be obligated on individual task orders as they are issued. This contract was competitively procured via an electronic request for proposal; one offer was received. The Naval Air Warfare Center Aircraft Division, Patuxent River, Maryland, is the contracting activity (N00421-21-D-0010).

Kay and Associates Inc., Buffalo Grove, Illinois, is awarded a \$69,515,496 cost-plus-fixed-fee, cost reimbursable modification (P00012) to previously awarded contract N00421-17-C-0044. This modification exercises an option to procure maintenance and support services for F/A-18 aircraft and associated equipment in support of the government of Kuwait. Work will be performed in Kuwait and is expected to be completed in January 2022. Foreign Military Sales funds in the amount \$69,515,496 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Warfare Center, Aircraft Division, Patuxent River, Maryland, is the contracting activity.

Teledyne Brown Engineering Inc., Huntsville, Alabama, is awarded a \$39,211,704 firm-fixed-price modification to previously awarded contract N00024-19-C-6402 to exercise options for the production of MK11 shallow water combat submersibles. Work will be performed in Huntsville, Alabama, and is expected to be completed by September 2024. Foreign Military Sales (country name withheld per

international agreement) funding in the amount of \$39,211,704 will be obligated at time of award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Raytheon Co., Keyport, Washington, is awarded a \$16,095,857 modification to previously awarded indefinite-delivery/indefinite-quantity requirements contract N61331-17-D-0001 to exercise options for maintenance and support for the AN/AQS-20 sonar mine detecting set. Work will be performed in Portsmouth, Rhode Island (65%); Keyport, Washington (30%); and Panama City, Florida (5%), and is expected to be completed by January 2022. No funds will be obligated at time of award. Funds will be obligated on individual task orders as they are issued. The Naval Surface Warfare Center, Panama City Division, Panama City, Florida, is the contracting activity.

Heffler Contracting Group El Cajon, California, is awarded a maximum value \$15,000,000 firm-fixed-price, indefinite-delivery/indefinite quantity contract for specialty trade work, additions, alterations and repairs at various facilities located at Travis Air Force Base, California. No task orders are being issued at time of award. The work to be performed will be primarily design-bid-build (fully designed) task orders or task orders with minimal design effort (e.g. shop drawings). Projects may include, but are not limited to, specialty trade work. The work performed may include new work, additions, alterations, maintenance and repairs. Future task orders will be primarily funded by operation and maintenance (Navy) funds. Work will be performed at Travis Air Force Base, California, and is expected to be completed by January 2026. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$2,000 will be obligated at time of award in order to meet the minimum guarantee and will expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website, with nine proposals received. The Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity (N62473-21-D-1018).

Agile-Bot II LLC Reston, Virginia, is awarded a \$14,075,424 cost-plus-fixed-fee contract for advanced cyber support services in support of the Marine Corps Cyberspace Operations Group. This one-year contract includes four one-year option periods which, if exercised, would bring the cumulative value of this contract to an estimated \$72,996,224. All work will be performed in Quantico, Virginia. The period of performance of the base period is from Jan. 14, 2021, through Jan. 13, 2022. If all options are exercised, the period of performance would extend through Jan. 13, 2026. Fiscal 2021 operation and maintenance (Marine Corps) funds in the amount of \$2,991,443 will be obligated at the time of award. This contract was competitively procured via request for proposal N66001-18-R-0011 published on the Federal Business Opportunities website and the NAVWAR e-Commerce Central website. Five offers were received and one was selected for award. The Naval Information Warfare Center, Pacific, San Diego, California, is the contracting activity (N66001-21-C-0043).

Electrical Equipment Co Norfolk, Virginia, is awarded a \$10,976,873 firm-fixed-price, indefinite-delivery/indefinite-quantity contract. This contract provides for the delivery of up to a maximum quantity of 620 XVR16 and 380 XVR19 Versa Module Eurocard Single Board computers; four annual XVR19 Open Linux software development kit maintenance licenses; and 120 RES-3000 Ethernet Switch System components for multiple AN/UPX-24(V) Interrogator Set and AN/UPX-46(V) Interrogator System projects in support of Naval Air Warfare Center, Aircraft Division, Combat Integration and Identification Systems. Work will be performed in Norfolk, Virginia, and is expected to be completed in January

2026. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. This contract was competitively procured via an electronic request for proposal; one offer was received. The Naval Air Warfare Center, Aircraft Division, Lakehurst, New Jersey, is the contracting activity (N68335-21-D-0047).

January 13, 2021

Data Link Solutions LLC, Cedar Rapids, Iowa (N00039-21-A-1001); and DRS Laurel Technologies Partnership, Johnstown, Pennsylvania (N00039-21-A-1002), are each awarded \$150,000,000 firm-fixed-price blanket purchase agreements (BPAs) for electronic equipment cabinets. These BPAs cover the production of up to 150 units per contractor along with the associated program management, testing and logistics support to deliver the units. Units will be manufactured in Cedar Rapids, Iowa; and Johnstown, Pennsylvania, with an expected completion date of January 2023. The total potential value of these BPAs is \$150,000,000 per vendor. The total length of the ordering period is 24 months. Fiscal 2021 other procurement (Navy) funds will be obligated on a delivery order level issued under the BPA at the time of placement of individual delivery calls. These BPAs were negotiated using the procedures defined under Federal Acquisition Regulation 13.5 for individual orders less than \$15,000,000. The Naval Information Warfare Systems Command, San Diego, California, is the contracting activity.

General Electric Aviation, Lynn, Massachusetts, is awarded a \$101,470,782 firm-fixed-price, cost-plus-fixed-fee modification (P00015) to previously awarded contract N00019-18-C-1007. This modification procures 21 T408-GE-400 turboshaft engines and associated engine, programmatic and logistics services in support of CH-53K Lot Five low-rate initial production aircraft. Work will be performed in Lynn, Massachusetts, and is expected to be completed in December 2024. Fiscal 2021 aircraft procurement (Navy) funds in the amount \$101,470,782 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

MN-BMCD SE JV, Tampa, Florida, is awarded a maximum-value \$60,000,000 firm-fixed-price, indefinite-delivery/indefinite-quantity, architect-engineering contract for professional architectural and engineering services in support of waterfront projects in the Naval Facilities Engineering Systems Command (NAVFAC) Southeast area of responsibility (AOR). The work to be performed provides for preparation of professional architectural and engineering services for preparation of design-bid-build documents and design-build requests for proposals for various project types in support of waterfront and marine facilities at Department of Defense (DOD) and non-DOD activities in the NAVFAC Southeast AOR. Future task orders will be primarily funded by operation and maintenance (Navy) and military construction (Navy) funds. Work will be performed at various Navy and Marine Corps installations in the NAVFAC Southeast AOR including, but not limited to Florida (30%); Georgia (30%); Andros Island, Bahamas (10%); Guantanamo Bay, Cuba (10%); South Carolina (5%); Louisiana (5%); Mississippi (5%); and Texas (5%) and is expected to be completed by February 2026. An initial task order to conduct a site engineering investigation and concept design workshop for P-021 lighterage wharf and lift-launch pier at Marine Corps Support Facility Blount Island, Florida, is included with the award and is expected to be completed by April 2021. Fiscal 2021 military construction (Navy) funds in the amount of \$202,780 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was competitively procured via the Navy Electronic Commerce Online website, with two proposals received. The Naval Facilities Engineering Systems Command, Southeast, Jacksonville, Florida, is the contracting activity (N69450-21-D-0002).

Chatmon-VJR JV LLC, La Place, Louisiana, is awarded a maximum-value \$49,000,000 indefinite-delivery/indefinite-quantity contract for roofing projects at various military installations in the metropolitan San Diego, California, area, including Naval Base Coronado, Naval Base Point Loma, Naval Base San Diego, and Marine Corps Air Station Miramar. No task orders are being issued at this time. The work to be performed is for repair, removal and replacement of roofing systems at various military installations in the metro San Diego area. Projects may include, but are not limited to, roofing services with minimal design requirements for new minor construction, facility repair, rehabilitation and alterations for a broad range of renovation and construction work. Future task orders will be primarily funded by operation and maintenance (Navy) funds. Work will be performed in San Diego, California, and is expected to complete by January 2026. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$5,000 will be obligated at time of award and will expire at the end of the current fiscal year. This contract was competitively procured via the Navy Electronic Commerce Online website, with seven proposals received. The Naval Facilities Engineering Systems Command, Southwest, San Diego, California, is the contracting activity (N62473-21-D-2601).

Essex Electro Engineers Inc., Schaumburg, Illinois, is awarded a \$46,638,225 firm-fixed-price indefinite-delivery/indefinite-quantity contract. This contract provides for the production and delivery of up to a maximum quantity of 575 land-based mobile electric power plant units to provide 120KVA 115 VAC 400 Hz/270VDC/28VDC electric power to support general aircraft maintenance for all Navy aircraft platforms. Work will be performed in Schaumburg, Illinois, and is expected to be completed in January 2027. No funds will be obligated at the time of award; funds will be obligated on individual orders as they are issued. This contract was competitively procured as a small business set-aside and five offers were received. The Naval Air Warfare Center, Aircraft Division, Lakehurst, New Jersey, is the contracting activity (N68335-21-D-0049).

Team Corp., Burlington, Washington, is awarded a \$26,417,062 firm-fixed-price contract. This contract provides 24 environmental testing systems that simulate the effects of climatic, induced thermal, dynamic and loads environments. The environmental testing systems support the development, design, environmental qualification, airworthiness, product improvement and failure investigations of Department of Defense weapon and target systems. The scope of this requirement is to design, manufacture, test and install the environmental testing systems. Support services include lead system integration, building and laboratory design specifications support, project management, equipment installation and training. Work will be performed in Burlington, Washington (50%); and China Lake, California (50%), and is expected to be completed in January 2024. Fiscal 2020 other procurement (Navy) funds in the amount of \$26,417,062 will be obligated at time of award, none of which will expire at the end of the current fiscal year. This contract was not competitively procured pursuant to Federal Acquisition Regulation 6.302-1. The Naval Air Warfare Center, Weapons Division, Point Mugu, California, is the contracting activity (N68936-21-C-0032).

January 12, 2021

WR Systems Ltd., Fairfax, Virginia, is awarded a \$19,191,662 non-commercial, cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract for engineering and program support services in support of the Relocatable Over-the-Horizon Radar Life Cycle Management Department at the Forces Surveillance Support Center, Chesapeake, Virginia. The contract will include a 48-month ordering period with no options. The ordering period is expected to begin April 2021 and be completed by March 2025. Work will be performed in Chesapeake, Virginia (42%); Fairfax, Virginia (39%); New Kent, Virginia (6%); Corpus Christi, Texas (3%); San Juan, Puerto Rico (3%); Adelaide, Australia (1%); San Diego, California (1%);

Dayton, Ohio (1%); Colorado Springs, Colorado (1%); Washington, D.C. (1%); Arlington, Virginia (1%); and Key West, Florida (1%). Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$10,000 will be obligated to fund the contract's minimum amount and funds will expire at the end of the fiscal year. One source was solicited for this non-competitive, sole-source requirement pursuant to the authority set forth in 10 U.S. Code 2304(c)(1) in accordance with Federal Acquisition Regulation 6.302-1, with one offer received. The Naval Supply Systems Command, Fleet Logistics Center, Norfolk Contracting Department, Philadelphia Office, Philadelphia, Pennsylvania, is the contracting activity (N00189-21-D-Z015).

Container Research Corp., Aston, Pennsylvania, is awarded an \$11,539,383 firm-fixed-price, indefinite-delivery/indefinite-quantity contract. This contract provides for the procurement of up to a maximum quantity of 275 V-22 Mission Auxiliary Tank System storage containers for the Navy, Marines, Air Force and Foreign Military Sales customers. Work will be performed in Aston, Pennsylvania, and is expected to be completed in January 2026. No funds will be obligated at the time of award. Funds will be obligated on individual task orders as they are issued. This contract was not competitively procured pursuant to Federal Acquisition Regulation 6.302-1. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity (N00019-21-D-0006).

Advanced Computer Learning Co. LLC, Fayetteville, North Carolina, is being awarded an \$8,207,152 single-award, firm-fixed-price, indefinite-delivery/indefinite-quantity contract for the development of curriculum material and the instruction on the use of unique networks in the Joint Staff Joint Tactical Operations Interface Training Program and the U.S. Message Text Formatting Training Program in support of the Joint Staff, Joint Interoperability Division at the Joint Multi-Tactical School. The contract will include an 11-month base ordering period with an additional three consecutive one-year ordering period options, which if exercised, will bring the total value to \$33,207,839. The base ordering period is expected to begin in January 2021 and be completed by December 2021. If the option is exercised, the ordering period will be completed by December 2024. All work will be performed in Fort Bragg, North Carolina. Fiscal 2021 operation and maintenance defense-wide funds in the amount of \$10,000 will be obligated to fund the contract's minimum amount and funds will not expire at the end of the current fiscal year. This contract was competitively procured with the solicitation posted on Navy Electronic Commerce Online and beta.SAM.gov as a service-disabled veteran-owned small business set-aside, with nine offers received. The Naval Supply Systems Command, Fleet Logistics Center Norfolk Contracting Department, Philadelphia Office, Philadelphia, Pennsylvania, is the contracting activity (N00189-21-D-Z014).

January 11, 2021

American Superconductor Corp., Devens, Massachusetts, is awarded a \$14,940,659 hybrid firm-fixed-price, cost-plus-fixed fee, indefinite-delivery/indefinite-quantity contract in support of the supplies and services required to deliver a high temperature superconducting degaussing system (HTS). This procurement is for the delivery of an HTS, in accordance with the landing platform docks-class configuration. This includes the fabrication, testing and delivery of a ship's set of components/materials; the analysis of configuration-based engineering change proposals; and vendor representative support during installation. The HTS degaussing system components/materials include a control unit, power modules, junction boxes, cryo-coolers, accumulation tanks, HTS degaussing cable assemblies and cold gas lines. Work will be performed in Ayer, Massachusetts (95%); and Pascagoula, Mississippi (5%), and is expected to be completed by September 2023. Fiscal 2021 shipbuilding and conversion (Navy) funds in the amount of \$10,497,232 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured in accordance with 10 U.S. Code

2304(c)(1) (only one responsible source and no other supplies or services will satisfy agency requirements). The Naval Surface Warfare Center, Philadelphia Division, Philadelphia, Pennsylvania, is the contracting activity (N64498-21-D-4011).

Raytheon Missiles and Defense, Tucson, Arizona, is awarded an \$8,520,414 cost-type undefinitized contract for procurement of long lead material in support of Standard Missile-2 (SM-2) Foreign Military Sales (FMS) production requirements to include all up rounds, instrumental kits, engineering services and spares. This contract involves FMS to Korea, Denmark, Netherlands, Spain, Taiwan and Japan. Work will be performed in Hengelo Overijssel, Netherlands (51%); McKinney, Texas (32%); and Tucson, Arizona (17%), and is expected to be completed by March 2023. FMS Korea funding in the amount of \$1,807,362 (42%); FMS Denmark funding in the amount of \$1,073,800 (25%); Memorandum of Understanding Netherlands funding in the amount of \$494,872 (12%); FMS Spain funding in the amount of \$451,840 (11%); FMS Taiwan funding in the amount of \$344,259 (8%); and FMS Japan funding in the amount of \$86,064 (2%), will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured in accordance with the authority from 10 U.S. Code 2304 (c) (4) (international agreement). The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-C-5411).

January 8, 2021

Alberici-Mortenson JV, St. Louis, Missouri, is awarded a \$359,738,706 fixed-price-award-fee modification to exercise the first and second options under previously awarded contract N69450-20-C-0016 for design-bid-build recapitalization of the dry dock at Naval Submarine Base Kings Bay, Georgia. The work to be performed provides for concrete repairs in various locations throughout the dry dock; overhauling and repairing the steel caisson; and upgrading power distribution, chilled water and fire detection and alarm systems. The project will also repair corroded steel members of the dry dock superstructure, re-coat the entire superstructure and replace roof and wall panels. The project will remove one bridge crane and overhaul two other bridge cranes. The scope also includes rebuilding/replacing sluice gates and actuators, roller gate rails, flap valves and frames and all piping. This project will also upgrade control systems and electronic components and upgrade the auxiliary seawater system. This award increases the total cumulative value of the contract to \$554,465,051. Work will be performed in Kings Bay, Georgia, and is expected to be completed by October 2022. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$359,738,706 will be obligated at time of award and will expire at the end of the current fiscal year. The Naval Facilities Engineering Systems Command Southeast, Jacksonville, Florida, is the contracting activity.

Oceanering International Inc., Chesapeake, Virginia, is awarded a \$56,878,408 cost-plus-fixed-fee and cost-only modification to previously awarded contract N00024-18-C-6413 for configuration changes, engineering services, material, maintenance and repair. The total cumulative face value of the contract is \$131,895,943. Work will be performed in Chesapeake, Virginia, and is expected to be completed by September 2021. No funds will be obligated at time of award. The Naval Sea Systems Command, Washington, D.C., is the contracting activity.

Atlantic Signal LLC, Topeka, Kansas, is awarded a \$45,128,388 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for the purchase of up to a combined maximum quantity of 233,736 units inclusive of hearing enhancement devices, cables, push-to-talks, hygiene kits and helmet adapters. Work will be performed in Topeka, Kansas, and is expected to be complete by September 2025. Fiscal 2020 operation and maintenance (Marine Corps) funds in the amount of \$9,999,420 will be

obligated on the first delivery order immediately following contract award and funds will expire on March 19, 2021. This contract was competitively procured via the beta.SAM.gov website, with seven offers received. The Marine Corps Systems Command, Quantico, Virginia, is the contracting activity (M67854-21-D-1809).

Raytheon Co., McKinney, Texas, is awarded \$7,825,657 for a firm-fixed-price delivery order (N00383-21-F-PF03) under previously awarded basic ordering agreement N00383-19-G-PF01 for the repair of 10-line items associated with the APY-10 radar system used in support of the P-8A aircraft. Work will be performed in Jacksonville, Florida (70%); and McKinney, Texas (30%). Work is expected to be completed by May 2023. Annual working capital funds (Navy) in the full amount of \$7,825,657 will be obligated at time of award and funds will not expire at the end of the current fiscal year. One firm was solicited for this non-competitive requirement in accordance with 10 U.S. Code 2304 (c)(1), with one offer received. The Naval Supply Systems Command Weapon Systems Support, Philadelphia, Pennsylvania, is the contracting activity.

January 7, 2021

Lockheed Martin Corp., a Lockheed Martin Aeronautics Co., Fort Worth, Texas, is awarded a \$13,125,284 cost-plus-fixed-fee modification (P00001) to previously awarded contract N00019-20-C-0052. This modification exercises an option to procure continued maintenance and sustainment operation support for Norway Italy Reprogramming Laboratory systems and consumables in support of the Joint Strike Fighter aircraft for the governments of Norway and Italy. Work will be performed at Eglin Air Force Base, Florida, and is expected to be completed in December 2022. Non-Department of Defense participant funds currently obligated on this contract in the amount of \$4,214,678 will be realigned at the time of award to fund this effort, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Mason and Hanger Group Inc., Lexington, Kentucky, is awarded a maximum-value \$10,000,000 firm-fixed-price, indefinite-delivery/indefinite-quantity, architect-engineering contract for multi-discipline mechanical and electrical architect-engineering (A-E) services in the Naval Facilities Engineering Systems Command Mid-Atlantic area of responsibility and worldwide. The work to be performed provides for comprehensive architect-engineering services required for the new construction, repair, replacement, demolition, alteration and/or improvement of various types of facilities/systems. Types of facilities/systems include, but are not limited to, personnel housing facilities (bachelor enlisted quarters and bachelor officer quarters); office buildings; academic and training facilities (operational, maintenance and classroom); medical and dental facilities; dining facilities; recreational facilities, child development centers; airfield operations facilities (hangars, traffic control facilities, lighting); and supporting facilities/systems such as utilities, water treatment plants, parking structures, roadways, mechanical systems, steam or hot water distribution systems, electrical distribution systems, boilers, ground-source heat pumps, closed loop geothermal well systems, building automation systems, foundations for tanks and HVAC systems. Projects may also include selective demolition and site preparation. Although this contract is primarily for mechanical and electrical A-E services, projects may also include multiple or single disciplines, including but not limited to architectural, structural, mechanical, electrical, civil, planning, environmental studies, master planning, fire protection, audio/visual, cost estimating and interior design. Work will be performed at various Navy facilities at Marine Corps Air Station Cherry Point, North Carolina, and Marine Corps Base Camp Lejeune, North Carolina, and will be completed by December 2025. Fiscal 2021 operation and maintenance (Navy) funds in the amount of \$5,000 will be obligated at time of award to fulfill the minimum guarantee and will not expire at the end of the current fiscal

year. This contract was competitively procured via beta.Sam.gov, with 12 proposals received. The Naval Facilities Engineering Systems Command Mid-Atlantic, Norfolk, Virginia, is the contracting activity (N40085-21-D-0016).

North Star Scientific Corp., Kapolei, Hawaii, is awarded a \$9,557,740 firm-fixed-price order (N68335-21-F-0003) against previously issued basic ordering agreement N68335-19-G-0037. This order provides for the production and delivery of 42 high power amplifier (HPA) units (13 HPA units for E-2D crypto modernization and frequency remapping aircraft retrofits; 10 HPA units for E-2D Tactical Targeting Network Technology (TTNT) production aircraft, 10 HPA units for spares; five HPA units for system configuration set-11 E-2C aircraft,; and four HPA units for E-2D TTNT aircraft retrofits) under Small Business Innovation Research (SBIR) topic N06-125 titled, "L-Band Solid-State High Power Amplifier for Airborne Platforms." Additionally, this order provides engineering and engineering data support for HPA units kitting, installation and testing. Work will be performed in Kapolei, Hawaii (92.3%); and Carlsbad, California (7.7%), and is expected to be completed in August 2022. Fiscal 2021 aircraft procurement (Navy) funds in the amount of \$4,551,305; and fiscal 2020 aircraft procurement (Navy) funds in the amount of \$5,006,435 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Warfare Center Aircraft Division, Lakehurst, New Jersey, is the contracting activity.

The Boeing Co., Seattle, Washington, is awarded an \$8,756,417 modification (P00005) to cost-plus-fixed-fee order N00019-19-F-4058 against previously issued basic ordering agreement N00019-16-G-0001. This modification exercises an option for contractor logistics support for the P-8A Poseidon in support of the government of the United Kingdom. Work will be performed in Seattle, Washington (60%); and Lossiemouth, Scotland (40%), and is expected to be completed in December 2021. Foreign Military Sales funds in the amount of \$1,200,000 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

Kellogg, Brown, and Root Services LLC, Houston, Texas, is being awarded an \$8,203,733 indefinite-delivery/indefinite-quantity contract for base operating support (BOS) services at the Navy Compound, Quay 9, Jebel Ali, United Arab Emirates. The BOS services to be performed include general information, management and administration; force protection; unaccompanied housing, facility support (facility investment, facility management, custodial, integrated solid waste management, pest control and pavement clearance); utilities (electrical and wastewater); and transportation. The maximum dollar value including the base period and seven option periods is \$67,391,232. Work will be performed in Jebel Ali, United Arab Emirates, and is expected to be complete by August 2029. No funds will be obligated at time of award. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$7,879,740 for recurring work will be obligated on an individual task order issued during the base period. This contract was competitively procured via the Federal Business Opportunities website with 10 proposals received. The Naval Facilities Engineering Systems Command, Atlantic, Norfolk, Virginia, is the contracting activity (N62470-21-D-0001).

January 6, 2020

Raytheon Co., El Segundo, California, is awarded a \$34,298,657 cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract. This contract provides engineering and test support services for the ALQ-249 Next Generation Jammer (NGJ) currently in development for the Navy EA-18G aircraft. The scope includes H16/H18/H20/H22 software support for NGJ pod and integration including requirements

analysis, design, development, integration, testing, training and tools related to and in support of ALQ-249 and advanced electronic warfare initiatives for Navy and Foreign Military Sales customers. Work will be performed in El Segundo, California, and is expected to be completed in January 2025. Fiscal 2021 research, development, test and evaluation (Navy) funds in the amount of \$110,000 will be obligated at the time of award, none of which will expire at the end of the current fiscal year. This contract was not competitively procured pursuant to Federal Acquisition Regulation 6.302-1. The Naval Air Warfare Center Weapons Division, Point Mugu, California, is the contracting activity (N68936-21-D-0009).

Wartsila Defense Inc., Chesapeake, Virginia, is awarded a \$12,287,373 firm-fixed-price, indefinite-delivery/indefinite-quantity contract for Navy submarine propeller and propulsor for on-site repairs. The contract will have a five-year ordering period. Work under the contract will be completed at various shipyards within and outside of the continental U.S. according to individual task orders and is expected to be completed by January 2026. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$186,357 will be obligated at time of award and will expire at the end of the current fiscal year. This contract was competitively procured via beta.Sam.gov with one offer received. The Naval Surface Warfare Center, Philadelphia Division, Philadelphia, Pennsylvania, is the contracting activity (N64498-21-D-4006).

January 5, 2020

Lockheed Martin Rotary and Mission Systems, Moorestown, New Jersey, was awarded a \$731,132,618 cost-plus-fixed-fee and cost-only contract for engineering and technical services for Aegis in-service combat systems engineering, ship integration and test engineering, computer program maintenance, integrated logistics support and planning and in-country support for multiple international partners employing Aegis. This contract provides in-service lifetime support efforts, including engineering, technical and logistical support related to the maintenance and modernization of the Foreign Military Sales (FMS) Aegis Combat System and Aegis weapon system equipment and computer programs. This contract includes options which, if exercised, would bring the cumulative value of this contract to \$750,000,000. This contract involves FMS to Japan, Australia, Republic of Korea, Norway, Spain and Canada. Work will be performed in Moorestown, New Jersey (81%); Mount Laurel, New Jersey (7%); Changwon, Republic of Korea (2%); Tokyo, Japan (1%); Maizuru, Japan (1%); Yokosuka, Japan (1%); Nagasaki, Japan (1%); Adelaide, Australia (1%); and various other locations less than one percent each (5%) and is expected to be completed by December 2024. If all options are exercised, work will continue through December 2024. FMS (Canada); FMS (Japan); FMS (Australia); FMS (Republic of Korea); FMS (Norway); and FMS (Spain) funding in the amount of \$113,612,854 will be obligated at time of award and will not expire at the end of the current fiscal year. This contract was not competitively procured in accordance with 10 U.S. Code 2304(c)(1) (only one responsible source and no other supplies or services will satisfy agency requirements); and 10 U.S. Code 2304(c)(4) (International Agreement). The Naval Sea Systems Command, Washington, D.C., is the contracting activity (N00024-21-C-5119). (Awarded Dec. 30, 2020)

LTM Inc., Havelock, North Carolina, is awarded a \$124,083,257 indefinite-delivery/indefinite-quantity, cost-plus-fixed-fee, cost contract to assist the Fleet Readiness Center (FRC) East Fleet Support Team with integration of Naval Aviation Enterprise (NAE) maintenance and supply functions, maintenance scheduling in accordance with NAE constructs, as well as provide logistics and technical support services. Work will be performed in Cherry Point, North Carolina (85.94%); Richmond, Virginia (3.63%); San Diego, California (3.63%); Norfolk, Virginia (1.82%); Yuma, Arizona (1.37%); Patuxent River, Maryland (1.36%); and various locations within the continental U.S. (2.25%) and is expected to be

completed in January 2026. No funds will be obligated at time of award. Funds will be obligated on individual task orders as they are issued. The Commander, FRC Procurement Group, Patuxent River, Maryland, is the contracting activity (N68520-21-D-0002).

Premier Scaffold Inc., Bakersfield, California (N55236-21-D-0016); Vertical Horizon Marine LLC, Santee, California (N55236-21-D-0017); W. V. Construction Co., Jamul, California (N55236-21-D-0018); and Leading Edge Scaffold Inc., Las Vegas, Nevada (N55236-21-D-0019), are each awarded firm-fixed-price, indefinite-delivery/indefinite-quantity, multiple award contracts with a five-year base period to accomplish commercial industrial services – scaffolding services. Work will be performed within a 50-mile radius of San Diego, California, for Southwest Regional Maintenance Center (SWRMC). These contracts have an overall maximum ceiling value of \$31,028,750. These four companies will have an opportunity to compete for individual delivery orders. Work will be performed in San Diego County, California. These contracts have a five-year base ordering period and work is expected to be completed in January 2026. Fiscal 2021 operation and maintenance (Navy) funding in the amount of \$40,000 (\$10,000 for minimum guarantee per contract) will be obligated under each contract's initial delivery order and will expire at the end of the current fiscal year. These contracts were competitively procured via the beta.SAM.gov web site; six offers were received. The SWRMC, San Diego, California, is the contracting activity.

The Boeing Co., St. Louis, Missouri, is awarded a \$20,864,609 modification (P00008) to previously awarded firm-fixed-price, cost-plus-fixed-fee contract N00019-19-C-0033. This modification adds new scope for integrated logistics support for 22 F/A-18E and six F/A-18F Super Hornets in support of the government of Kuwait. Work will be performed in St. Louis, Missouri (86%); San Diego, California (8%); China Lake, California (5%); and Fort Walton, Florida (1%), and is expected to be completed in December 2023. Foreign Military Sales funds in the amount of \$20,864,609 will be obligated at time of award, none of which will expire at the end of the current fiscal year. The Naval Air Systems Command, Patuxent River, Maryland, is the contracting activity.

SAFE Boats International LLC, Bremerton, Washington, was awarded a \$19,969,119 not-to-exceed, firm-fixed-price, undefinitized contract action for long lead time material and associated pre-production and planning support for two MK VI patrol boats to be delivered to the government of Ukraine. Work will be performed in Rock Hill, South Carolina (69%); Kent, Washington (21%); Woodinville, Washington (5%); Bellingham, Washington (4%); and Seattle, Washington (1%), and is expected to be completed by December 2022. Fiscal 2020 Title 10 Ukraine Security Assistance Initiative funding in the amount of \$5,463,500 was obligated at award and will not expire at the end of the current fiscal year. The Naval Sea Systems Command, Washington, D.C., is the contracting activity. (Awarded Dec. 31, 2020)

January 4, 2020

H2O Guam JV, Aiea, Hawaii, is awarded a \$97,995,000 firm-fixed-price contract for the repair and modernization of Lima Wharf and appurtenances at Apra Harbor, Naval Base Guam. The work to be performed provides for the repair and modernization of Lima Wharf and associated facilities, to include comprehensive civil, structural, mechanical, utilities, fire protection, electrical and telecommunication repairs. Site utility system repairs include potable water, storm sewer, sanitary sewer, steam system connections, bilge and oily wastewater system connections, replacement of the electrical power substation and power mounds, ship-to-shore and lighting electrical distribution and installation of telecommunication duct banks, fiber optic lines and supervisory control and data acquisition system. Environmental site mitigation and monitoring will be provided as required during dredging and sheet pile work. Work will be

performed in Santa Rita, Guam, and is expected to be completed by November 2023. Fiscal 2021 operation and maintenance (Navy) contract funds in the amount of \$97,995,000 are obligated on this award and will expire at the end of the current fiscal year. This contract was competitively procured via the beta.SAM.gov website with three proposals received. Naval Facilities Engineering Systems Command, Marianas, Guam, is the contracting activity (N40192-21-C-1300).

**CORRECTION:** The contract awarded on Dec. 29, 2020, for Compendium International Inc., Foothill Ranch, California (N62473-21-D-1017), was announced with an incorrect award amount. The correct award amount is \$25,000,000.
